The Baboon's Brother.
Food Worse Than Drink.
The Maharajah Arrives.
Smallpox—Kills the Pets.

By ARTHUR BRISBANE.

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

A big baboon went wild in the Zoological Gardens, and was shot to death. He may not represent a branch of our early ancestors, but he gave a good imitation of the inferior human races.

As his last official act on earth, he killed his little brother, the ring-tailed monkey. That justified shooting him.

In a similar way the thinking men of Great Britain find it easy to boss hundreds of millions of people in Asia. The natives keep busy fighting and hating each other as the baboon fought his ring tailed relative. Not much difference.

Chauncey M. Depew, nearly ninety, utters solemn truth as follows: "Eating, not drinking, is the curse of America."

Whisky did harm before prohibition, and is doing under prohibition more harm than before, being 10 times as poisonous.

Nevertheless, Depew is right. Foolish eating has always killed more men that foolish drinking. Unwise eating cuts an average of 25 years from the life of every American. Whisky's record is not as bad as that.

The Maharajah of Jodphur, enormously rich young man, who rules part of India, under the thumb of Great Britain, and gets well paid, reaches London in state. He brings 70 polo ponies and four "invisible wives," so-called, because nobody sees them.

The maharajah's polo team may play against United States army officers now in Britain. And, in that case, soldiers, presumably wearing the United States uniforms, will act as lackeys looking after the ponies while "gentlemen" of the American army play the game.

It is all right for the Maharajah of Jodphur to bring native soldiers from his state to act as servants while he plays popo. But, what does the president think of sending enlisted men from the United States to play a lackey's part in England.

Is that what the farmers pay taxes for?

Is that the work for which American young men are invited to enlist?

In and around the town of Cumberland, R. I., 20 cases of smallpox worry the authorities. Three additional cases were reported yesterday. Investigation will show that some intellectual inhabitants refused vaccination on the ground that they didn't need "poison in their bood to protect them from disease."

They will think it over now.

Meanwhile the health officer of Cumberland orders the killing of all household pets in any way exposed to the disease. This should impress on fathers and mothers the fact that the "cunning pet" is a permanent disease carrier and breeding ground.

The safest pet probably would be a hairless Mexican dog. You might keep him fairly germ free by washing daily in a weak carbolic acid solution.

French newspapers and silly Americans criticize President Coolidge for saying pleasant words about the Socialist prime minister Herriot. This nation used to send friendly greetings to the Russian czars until Lenin finished them. Surely our government is closer to the French republic, even with a Socialist in charge, than it ever was to a Russian autocracy with a Romanoff in charge.

Anyhow, it is the first duty of an American president to recognize facts. And fact, is that socialism holds the balance of power in France, whether our powers like it or not.

Socialism in Europe is not what it is here. In Belgium, for instance, the socialist leader, Vandervelde, a highly educated and intelligent man, formerly minister of justice, has been summoned by King Albert to become prime minister of a new government.

In the latest parliamentary election the socialists gained 10 more seats and 138,000 votes. Even a king must notice that.

The fate of the governor's four appointments is to be settled at the Republican caucusses which are scheduled to be called as soon as the two houses of the legislature convene at 1:30 o'clock this afternoon after their three weeks' recess.

TWO MORE HATS ARE IN RING

City Auditor William McGraw and City Treasurer A. Earl Edwards today announced their candidacy for re-nomination at the August primary election. Both are Republicans.

Edwards, former councilman from the Third ward, is now serving his first term as city treasurer. McGraw is completing his second term as city auditor. He is also clerk of the Liverpool township board of trustees.

Mayor Charles Brown is the only other candidate to announce his candidacy for office at the primary election.

Petitions must be filed with the election board not later than June 12.

DEMPSEY BILL IS VICTIM OF DONAHEY'S AX

Provides Insufficient Revenue, Governor Claims.

WARNS ASSEMBLY

Executive Also Vetoes Lipp Bill, "Ripper" Measure.

COLUMBUS, April 16.—The Dempsey corporation tax bill, proposing a levy of one-tenth of one per cent on assets employed in business in Ohio, was the victim of Governor Donahey's veto ax today because he said it provided insufficient revenue.

The measure, although it contained "many meritorious features," would only raise $3,990,000, according to estimates of the state tax commission, as against $5,312,318 receipts from the corporation tax in 1924, Governor Donahey told the legislature in returning the bill disapproved. The resultant revenue loss would be $1,471,000 a year, he pointed out.

"I cannot, in good conscience," the governor said, "asset to this impairment of the revenues from corporations, particularly in this hour of need. In spite of the warning in my inaugural address, you have made appropriations some $3,000,000 in excess of the estimated receipts of the state for the next biennium. I am at a loss to understand why, in face of these excessive appropriations, you should seek to hand Ohio corporations a tax reduction gift amounting to $3,000,000."

Suggests Revenue Increase.

The governor told the legislature if they would reconsider the measure and increase the rate to provide revenue equal to previous receipts, he would approve the bill.

"I must warn you that if you enact this measure over my veto and we encounter a treasury deficit, you will be responsible," the governor added.

Taxes, if they are to be cut for the wealthy, must also be reduced for the home owner, worker, farmer and

Five Days' Illness of Pneumonia Claims Pottery Foreman.

He resided here for many years, where he was foreman of the decorating shop at the Cartwright Brothers' pottery. He removed to Niles about seven years ago, to take charge of the decorating shop of the Niles Pottery, which was recently damaged by fire.

Mr. Shafer was active in the First Methodist Protestant church here, but since locating in Niles had been a member of the Methodist Episcopal church.

He is survived by his wife and one daughter, Mrs. Carl Sheffler, of Niles; also one sister, Miss Addie Shafer, who is engaged in Salvation Army rescue work at Boston, Mass.

ABOUT $18,250 FOR CITY FUND FROM AUTO TAG SALE IN SIGHT

Deputy Registrar Hilbert Issues 3,900 Licenses.

$40,553 TOTAL

More Than $5,169 Collected Since April 1.

Approximately 3,900 sets of automobile license tags have been issued this year by Deputy Registrar James S. Hilbert, of George H. Owen & Co., it was announced today.

Of this number 3,298 were for pleasure cars, 575 for trucks and 19 for motorcycles, six side cars and five trailers. In addition to this, 87 transfers and nine sets of duplicate tags have also been given out.

Since April 1, when the price of license lates was reduced 25 per cent, 667 pleasure cars, 50 trucks, four motorcycles and two side cars have been licensed, or a total of 723.

Collections in license fees since the first of the year totaled $40,553.77. Since April 1, $5,169.56 has been collected.

Inasmuch as automobile registrars are located in Wellsville, Lisbon and other communities, it has been estimated that fully 90 per cent of the automobiles registered here are owned by persons residing within the corporate limits. If this estimate is correct approximately $18,250 will be returned to the municipality for the upkeep and maintenance of the streets.

Prisoner's Skull Found Fractured; Constable Blamed

YOUNGSTOWN, April 15.—A new coal was heaped on the smouldering fire of indignation against courts of justices of the peace which has been raging for several years when Michael Moga, a foreigner, was today pronounced suffering from a fractured skull. Constable Ray Gerthing, of Poland, is alleged to have beat him with a blackjack.

Gerthing and his assistant, William Dunn, say they attempted to arrest Moga and his brother, Andra, on a disturbance charge. Moga battled all the way to jail, they charged, and collapsed after he reached there.

Stephenson Must Stand Trial in Sensational Case

INDIANAPOLIS, Ind., April 16.—D. C. Stephenson, 33, former grand dragon of the K. K. K. in Indiana and a prominent figure in state politics, must stand trial in criminal court on charges of criminally attacking Miss Madge Oberholtzer, 28, who died from self-administered poison.

This was the ruling of Judge James A. Collins today in denying Stephenson's motion to quash all charges contained in the five indictments he faces. Appearing in court with Eph. Inman, chief defense counsel, Stephenson immediately entered a plea of not guilty to each of the charges, when the court's adverse decision on his motion to quash had been recorded.

No date was set for the trial.

Plan Conference At Harrisburg on Midland Road Issue

Beaver county commissioners and representatives of the Steubenville, East Liverpool and Beaver Valley Traction company and the Pennsylvania Railroad company will hold a conference with the state highway department at Harrisburg, Pa., tomorrow in an effort to settle the controversy regarding the proposed improvement of the Midland-East Liverpool road.

County commissioners Art W. Coombs, Enoch W. S. Engle and James P. Leaf of Beaver county will leave Beaver tonight.

The state highway department is anxious to complete the road this year. The improvement, it is claimed, is being delayed over a question of right of way for the road near the upper end of Smiths Ferry.

'Poisoning' Mother Faces Death Chair Or Insane Hospital Cell

Mrs. Anna Cunningham Sleeps at Crown Point, Ind., After Weird Tale of Administering Arsenic to Children

CROWN POINT, Ind., April 16.—The legal machinery which will send Mrs. Anna Cunningham, 47, to the electric chair or to an insane hospital for the remainder of her life was set in motion here today as the "poisoning mother" slept quietly following her weird tale of death in which she accounted for the deaths of three of her five children from arsenic poisoning administered by her.

Before the day is over, according to early plans, a sanity commission will have ruled on Mrs. Cunningham's mentality and additional murder warrants, for the deaths of her daughter, Isabelle, and her son, Harry, will have been sworn out against her, although in her epic of death, she denied Harry had been among those to whom she fed the bread spread with arsenic and butter.

She already is under indictment for the death of Walter, her youngest son, in whose exhumed body state chemists reported they found quantities of free arsenic.

Love Prompted Killings.

And it was because she loved them that she killed them, she declared in her strange confession, made last night.

She was "urged by a drawing in her head," which told her to join her husband in heaven and to take her best beloved child with her, Mrs. Cunningham said. In accounting for the mysterious series of illnesses which in six years have claimed five members of the family and left one fighting death in the Columbus hospital in Chicago.

Each time the mother would administer a fatal potion, she would take an equal dose, she said, but failed to die. Three times the brooding mother sought to follow her offspring into eternity and three times she failed in the attempt, she said. The 19-year-old daughter, Mae, was spared because she had "made trouble" for her mother and was not loved well enough to be chosen to ac-

Ohio Congressman Defends Record of Lower House.

Congress, prohibition, the Mellon tax reduction, the postal pay increase bill, adjusted compensation for World war veterans and the salary increase for members of the legislative body were defended by Congressman C. Ellis Moore, Cambridge attorney, in an adderss on "How Congress Works and Why," delivered at today's meeting of the Kiwanis club in the Larkins annex, Market street.

About 60 members of the club attended the luncheon, presided over by Dr. George E. Lewis. Prof. Hugh Laughlin led the singing. The attendance prize, an electric windshield wiper, furnished by Harry Keyes, was awarded to Kurt Bergner.

A communication from the Youngstown club, asking the local club to take part in a proposed Kiwanis baseball league, this summer, was referred to a committee composed of Harry Fleming and C. C. Cline.

Congressman Moore was accompanied to East Liverpool by J. R. Lloyd, postmaster at Cambridge, and secretary of the Kiwanis club at Cambridge. Mr. Moore came here from Columbus, where he addressed a state law enforcement convention yesterday afternoon.

"We are living in an age of criticism," declared Congressman Moore. "I have no objection to criticism—constructive criticism—so long as it is

"JAY" WALKER TO FACE COURT

CLEVELAND, April 16.—Mrs. James Gamble was to appear in traffic court today to answer a charge of violating the traffic ordinance by "Jay" walking. WASHINGTON, April 16.—President-elect Machado, of Cuba, made his first appearance before Washington diplomatic elite in a "hand me down" dinner jacket taken from the shelves of an F street haberdasher, it became known today.

General Machado arrived in Washington safely, as did his entourage—but a porter made a mistake in routing his baggage, with the result that an hour or so before his social "debut" he was obliged to rush about town in search of evening dress.

The baggage was still missing today.

MAY 15 DEAD LINE FOR WORK ON SIDEWALKS

Warning is Issued by Service Director Ellis.

CITY WILL ACT

Additional 30 Days of Grace for Property Owners.

Rigid enforcement of the sidewalk improvement legislation, enacted by the city council last fall, will be launched on May 15, Service Director A. G. Ellis announced today.

Property owners have been given an additional 30 days' grace in which to comply with the city's edict. The service department will lay sidewalks specified in the improvement ordinance, in the event property owners fail to act, Ellis said. The cost of this improvement, which necessitates an additional expense, will be placed on the tax duplicate for collection.

Thousands of square yards of new sidewalks were built in the city last year following the adoption of the sidewalk improvement legislation. Director Ellis declared that many property holders were unable to have their sidewalks laid last fall, and for this reason 30 days' additional time has been granted for the work this spring.

The service director will check up property listed in the sidewalk improvement program about May 10, in an effort to locate the delinquents.

Council, in its appropriation ordinance this year, set aside a fund for sidewalk construction.

Purchase Tract In Glenmoor for U. P. Church Site

Six lots in Carson's addition to Glenmoor, along the Lincoln Highway, near Stop 55, have been purchased as the site for a new United Presbyterian church.

The lots were purchased from W. W. McCartney, A. J. Dietz and John C. Schneidmiller. The property fronts on the highway, about one quarter of a mile south of the Stop 55 crossing.

A United Presbyterian mission has been conducted for several months in the Glenmoor district, services being held in the old Ross Meadows school. Rev. C. R. Cheeks, of the Calcutta United Presbyterian church, has the mission under his supervision. It is the intention of the congregation to erect a church, probably this summer, on the newly acquired site.

SEVERAL DEAD, BIG DIRIGIBLE LOOSE AS GALE WHIPS BRITAIN

R-33, England's Great Airship Floats to Sea.

BOATS IN CHASE

Heavy Damage is Reported in Yarmouth and Ulster.

PULHAM, Eng., April 16.—In a terrific gale which swept Great Britain today, several men were killed, considerable damage was done and the British army dirigible R-33 with 20 men aboard broke from its moorings and floated to sea.

At a late hour this afternoon, the R-33 was flying 1,000 feet over the English Channel and in the direction of Amsterdam. It has gasoline sufficient to propel it for two days and the British gunboat Godetia was following in its wake.

London Suffers.

Belfast reported great damage in Ulster. Yarmouth, England, reports slate roofs were ripped off and chimneys demolished. At Liverpool small boats were washed ashore and shipping paralyzed, and in London all air traffic was suspended. Two men met death in outlying cities when trees fell.

The air ministry received a wireless from the R-33 at 3:30 o'clock saying is was 60 miles northeast of Lowestoft. It reported the gale was abating, but that the vessel would not try to return until tonight.

Await Subsiding of Winds.

Observers at Lowestoft said that the R-33 was at a great height when last seen. She was apparently under control, but having a desperate fight against the gale.

The air ministry ordered the ship to follow a northerly course, not fight the gales, but await until nightfall, when it was believed the high winds would subside. It was believed the ship could return to Pulham or Cardington with the winds due to follow the gale.

Meteorological experts predicted the gale would work itself out by nightfall.

Broadcast Signals To Ships.

The air ministry stated it had no reason to believe that the R-33 would not be brought safely back to its airdrome.

The British admiralty ordered the fishery patrol boat Dee, which is now in the North Sea, to keep a sharp lookout for the air cruiser. The Godetia put to sea 15 minutes after the

CERAMIC CLASS GIVES DINNER

Faculty Members and W. E. Wells, Sr., Speak.

The second annual dinner of the Newell school in ceramic instruction was given in the banquet room of the Y. M. C. A. last evening.

Twenty-six persons, including students, instructors and guests, were seated about the festive board. Addresses, in which the future of the school was discussed, were delivered by W. J. Hepplewite, Robert V. Miller and V. J. Roehm, of the faculty.

Dr. A. V. Bleininger, chief of the research department of the Homer Laughlin China company, traced the progress of the ceramic industry from the early days to the present. He lauded Josiah Wedgewood, English potter, whom he termed "a man of rare genius and ability." He also discussed the early days of the porcelain manufacturing business in France and Germany. The need of a book, dealing with the ceramic industry for text purposes, was also stressed by the speaker.

W. E. Wells, Sr., head of the Homer Laughlin China company, lauded the services of Dr. Bleininger and the ceramic class. He discussed the development of the pottery industry in the East Liverpool district, "the cradle of the American ceramic industry," and touched upon some of the difficulties which pottery manufacturers encounter.

A. D. Osborn, superintendent of the Newell school, where the class was conducted during the year, presided. A continuation of the school for those interested is planned.

"Old Dobbin" is being pushed into oblivion more and more each day by motor drawn vehicles, figures gathered by Columbiana county Boy Scouts in a transport survey, conducted between the hours of 10 a. m. and 4 p. m. Monday, indicate, it was announced today.

At 15 stations, maintained in all parts of the county during the day, a total of 3,805 passenger automobiles, 830 trucks and but 185 horse-drawn vehicles passed. This is a ratio of 25 motor-drawn to each horse-drawn vehicle.

Approximately 50 Scouts recruited from East Liverpool, Wellsville, Salem, Lisbon, Columbiana, East Palestine and Hanoverton co-operated in the survey, which was under the direction of the Columbiana County Motor club.

The point where the heaviest traffic occurred was at West Point, where 626 passenger cars, 124 trucks and 12 horse drawn vehicles passed during the six hour perior. On the Unity-East Palestine road 400 passenger cars, 98 trucks and 12 horse drawn vehicles were counted.

Figures from the other 13 stations maintained in the county were as follows:

	Cars	Trks.	Hrs.
Village Calcutta	217	55	25
E. Liverpool-West Point	321	84	8
E. Liverpool-Wellsville	825	109	23

Columbiana - Unity	428	70	4
Salem-Hanoverton	44	23	13
Salem-Lisbon	236	55	6
Village Hanoverton	308	70	23

The tabulated figures are to be forwarded to the division of highways, Columbus, which is working in conjunction with the federal bureau of public roads of Washington, D. C.

The purpose of the survey is to assist the state and federal highway departments in ascertaining roads which carry the most traffic in order to determine types of future road construction.

Deputy Registrar Hilbert Issues 3,900 Licenses.

$40,553 TOTAL

More Than $5,169 Collected Since April 1.

Approximately 3,900 sets of automobile license tags have been issued this year by Deputy Registrar James S. Hilbert, of George H. Owen & Co., it was announced today.

Of this number 3,298 were for pleasure cars, 575 for trucks and 19 for motorcycles, six side cars and five trailers. In addition to this, 87 transfers and nine sets of duplicate tags have also been given out.

Since April 1, when the price of license lates was reduced 25 per cent, 667 pleasure cars, 50 trucks, four motorcycles and two side cars have been licensed, or a total of 723.

Collections in license fees since the first of the year totaled $40,553.77. Since April 1, $5,169.56 has been collected.

Inasmuch as automobile registrars are located in Wellsville, Lisbon and other communities, it has been estimated that fully 90 per cent of the automobiles registered here are owned by persons residing within the corporate limits. If this estimate is correct approximately $18,250 will be returned to the municipality for the upkeep and maintenance of the streets.

Prisoner's Skull Found Fractured; Constable Blamed

YOUNGSTOWN, April 15.—A new coal was heaped on the smouldering fire of indignation against courts of justices of the peace which has been raging for several years when Michael Moga, a foreigner, was today pronounced suffering from a fractured skull. Constable Ray Gerthing, of Poland, is alleged to have beat him with a blackjack.

Gerthing and his assistant, William Dunn, say they attempted to arrest Moga and his brother, Andra, on a disturbance charge. Moga battled all the way to jail, they charged, and collapsed after he reached there.

Stephenson Must Stand Trial in Sensational Case

INDIANAPOLIS, Ind., April 16.—D. C. Stephenson, 33, former grand dragon of the K. K. K. in Indiana and a prominent figure in state politics, must stand trial in criminal court on charges of criminally attacking Miss Madge Oberholtzer, 28, who died from self-administered poison.

This was the ruling of Judge James A. Collins today in denying Stephenson's motion to quash all charges contained in the five indictments he faces. Appearing in court with Eph. Inman, chief defense counsel, Stephenson immediately entered a plea of not guilty to each of the charges, when the court's adverse decision on his motion to quash had been recorded.

No date was set for the trial.

Plan Conference At Harrisburg on Midland Road Issue

Beaver county commissioners and representatives of the Steubenville, East Liverpool and Beaver Valley Traction company and the Pennsylvania Railroad company will hold a conference with the state highway department at Harrisburg, Pa., tomorrow in an effort to settle the controversy regarding the proposed improvement of the Midland-East Liverpool road.

County commissioners Art W. Coombs, Enoch W. S. Engle and James P. Leaf of Beaver county will leave Beaver tonight.

The state highway department is anxious to complete the road this year.

The improvement, it is claimed, is being delayed over a question of right of way for the road near the upper end of Smiths Ferry.

'Poisoning' Mother Faces Death Chair Or Insane Hospital Cell

Mrs. Anna Cunningham Sleeps at Crown Point, Ind., After Weird Tale of Administering Arsenic to Children.

CROWN POINT, Ind., April 16.—The legal machinery which will send Mrs. Anna Cunningham, 47, to the electric chair or to an insane hospital for the remainder of her life was set in motion here today as the "poisoning mother" slept quietly following her weird tale of death in which she accounted for the deaths of three of her five children from arsenic poisoning administered by her.

Before the day is over, according to early plans, a sanity commission will have ruled on Mrs. Cunningham's mentality and additional murder warrants, for the deaths of her daughter, Isabelle, and her son, Harry, will have been sworn out against her, although in her epic of death, she denied Harry had been among those to whom she fed the bread spread with arsenic and butter.

She already is under indictment for the death of Walter, her youngest son, in whose exhumed body state chemists reported they found quantities of free arsenic.

Love Prompted Killings.

And it was because she loved them that she killed them, she declared in her strange confession, made last night.

She was "urged by a drawing in her head," which told her to join her husband in heaven and to take her best beloved child with her, Mrs. Cunningham said. In accounting for the mysterious series of illnesses which in six years have claimed five members of the family and left one fighting death in the Columbus hospital in Chicago.

Each time the mother would administer a fatal potion, she would take an equal dose, she said, but failed to die. Three times the brooding mother sought to follow her offspring into eternity and three times she failed in the attempt, she said. The 19-year-old daughter, Mae, was spared because she had "made trouble" for her mother and was not loved well enough to be chosen to ac-

C. ELLIS MOORE KIWANIS GUEST

Ohio Congressman Defends Record of Lower House.

Congress, prohibition, the Mellon tax reduction, the postal pay increase bill, adjusted compensation for World war veterans and the salary increase for members of the legislative body were defended by Congressman C. Ellis Moore, Cambridge attorney, in an adderss on "How Congress Works and Why," delivered at today's meeting of the Kiwanis club in the Larkins annex, Market street.

About 60 members of the club attended the luncheon, presided over by Dr. George E. Lewis. Prof. Hugh Laughlin led the singing. The attendance prize, an electric windshield wiper, furnished by Harry Keyes, was awarded to Kurt Bergner.

Lauds Chief Justice.

A communication from the Youngstown club, asking the local club to take part in a proposed Kiwanis baseball league, this summer, was referred to a committee composed of Harry Fleming and C. C. Cline.

Congressman Moore was accompanied to East Liverpool by J. R. Lloyd, postmaster at Cambridge, and secretary of the Kiwanis club at Cambridge. Mr. Moore came here from Columbus, where he addressed a state law enforcement convention yesterday afternoon.

"We are living in an age of criticism," declared Congressman Moore. "I have no objection to criticism—constructive criticism—so long as it is

"JAY" WALKER TO FACE COURT

CLEVELAND, April 16.—Mrs. James Gamble was to appear in traffic court today to answer a charge of violating the traffic ordinance by "Jay" walking. Cuba's Chief Dons "Hand Me Down" Jacket for Dinner

WASHINGTON, April 16.—President-elect Machado, of Cuba, made his first appearance before Washington diplomatic elite in a "hand me down" dinner jacket taken from the shelves of an F street haberdasher, it became known today.

General Machado arrived in Washington safely, as did his entourage—but a porter made a mistake in routing his baggage, with the result that an hour or so before his social "debut" he was obliged to rush about town in search of evening dress.

The baggage was still missing today.

MAY 15 DEAD LINE FOR WORK ON SIDEWALKS

Warning is Issued by Service Director Ellis.

CITY WILL ACT

Additional 30 Days of Grace for Property Owners.

Rigid enforcement of the sidewalk improvement legislation, enacted by the city council last fall, will be launched on May 15, Service Director A. G. Ellis announced today.

Property owners have been given an additional 30 days' grace in which to comply with the city's edict. The service department will lay sidewalks specified in the improvement ordinance, in the event property owners fail to act, Ellis said. The cost of this improvement, which necessitates an additional expense, will be placed on the tax duplicate for collection.

Thousands of square yards of new sidewalks were built in the city last year following the adoption of the sidewalk improvement legislation. Director Ellis declared that many property holders were unable to have their sidewalks laid last fall, and for this reason 30 days' additional time has been granted for the work this spring.

The service director will check up property listed in the sidewalk improvement program about May 10, in an effort to locate the delinquents.

Council, in its appropriation ordinance this year, set aside a fund for sidewalk construction.

Purchase Tract In Glenmoor for U. P. Church Site

Six lots in Carson's addition to Glenmoor, along the Lincoln Highway, near Stop 55, have been purchased as the site for a new United Presbyterian church.

The lots were purchased from W. W. McCartney, A. J. Dietz and John C. Schneidmiller. The property fronts on the highway, about one quarter of a mile south of the Stop 55 crossing.

A United Presbyterian mission has been conducted for several months in the Glenmoor district, services being held in the old Ross Meadows school. Rev. C. R. Cheeks, of the Calcutta United Presbyterian church, has the mission under his supervision. It is the intention of the congregation to erect a church, probably this summer, on the newly acquired site.

SEVERAL DEAD, BIG DIRIGIBLE LOOSE AS GALE WHIPS BRITAIN

R-33, England's Great Airship Floats to Sea.

BOATS IN CHASE

Heavy Damage is Reported in Yarmouth and Ulster.

PULHAM, Eng., April 16.—In a terrific gale which swept Great Britain today, several men were killed, considerable damage was done and the British army dirigible R-33 with 20 men aboard broke from its moorings and floated to sea.

At a late hour this afternoon, the R-33 was flying 1,000 feet over the English Channel and in the direction of Amsterdam. It has gasoline sufficient to propel it for two days and the British gunboat Godetia was following in its wake.

London Suffers.

Belfast reported great damage in Ulster. Yarmouth, England, reports slate roofs were ripped off and chimneys demolished. At Liverpool small boats were washed ashore and shipping paralyzed, and in London all air traffic was suspended. Two men met death in outlying cities when trees fell.

The air ministry received a wireless from the R-33 at 3:30 o'clock saying is was 60 miles northeast of Lowestoft. It reported the gale was abating, but that the vessel would not try to return until tonight.

Await Subsiding of Winds.

Observers at Lowestoft said that the R-33 was at a great height when last seen. She was apparently under control, but having a desperate fight against the gale.

The air ministry ordered the ship to follow a northerly course, not fight the gales, but await until nightfall, when it was believed the high winds would subside. It was believed the ship could return to Pulham or Cardington with the winds due to follow the gale.

Meteorological experts predicted the gale would work itself out by nightfall.

Broadcast Signals To Ships.

The air ministry stated it had no reason to believe that the R-33 would not be brought safely back to its airdrome.

The British admiralty ordered the fishery patrol boat Dee, which is now in the North Sea, to keep a sharp lookout for the air cruiser. The Godetia put to sea 15 minutes after the

CERAMIC CLASS GIVES DINNER

Faculty Members and W. E. Wells, Sr., Speak.

The second annual dinner of the Newell school in ceramic instruction was given in the banquet room of the Y. M. C. A. last evening.

Twenty-six persons, including students, instructors and guests, were seated about the festive board. Addresses, in which the future of the school was discussed, were delivered by W. J. Hepplewite, Robert V. Miller and V. J. Roehm, of the faculty.

Dr. A. V. Bleininger, chief of the research department of the Homer Laughlin China company, traced the progress of the ceramic industry from the early days to the present. He lauded Josiah Wedgewood, English potter, whom he termed "a man of rare genius and ability." He also discussed the early days of the porcelain manufacturing business in France and Germany. The need of a book, dealing with the ceramic industry for text purposes, was also stressed by the speaker.

W. E. Wells, Sr., head of the Homer Laughlin China company, lauded the services of Dr. Bleininger and the ceramic class. He discussed the development of the pottery industry in the East Liverpool district, "the cradle of the American ceramic industry," and touched upon some of the difficulties which pottery manufacturers encounter.

A. D. Osborn, superintendent of the Newell school, where the class was conducted during the year, presided. A continuation of the school for those interested is planned.

"OLD DOBBIN" IS BEING PUSHED INTO OBLIVION BY AUTOMOBILE, SURVEY BY BOY SCOUTS INDICATES

"Old Dobbin" is being pushed into oblivion more and more each day by motor drawn vehicles, figures gathered by Columbiana county Boy Scouts in a transport survey, conducted between the hours of 10 a. m. and 4 p. m. Monday, indicate, it was announced today.

At 15 stations, maintained in all parts of the county during the day, a total of 3,805 passenger automobiles, 830 trucks and but 185 horse-drawn vehicles passed. This is a ratio of 25 motor-drawn to each horse-drawn vehicle.

Approximately 50 Scouts recruited from East Liverpool, Wellsville, Salem, Lisbon, Columbiana, East Palestine and Hanoverton co-operated in the survey, which was under the direction of the Columbiana County Motor club.

The point where the heaviest traffic occurred was at West Point, where 626 passenger cars, 124 trucks and 12 horse drawn vehicles passed during the six hour perior. On the Unity-East Palestine road 400 passenger cars, 98 trucks and 12 horse drawn vehicles were counted.

Figures from the other 13 stations maintained in the county were as follows:

	Cars	Trks.	Hrs.
Village Calcutta	217	55	25
E. Liverpool-West Point	321	84	8
E. Liverpool-Wellsville	825	109	28
Wellsville-W. Point	190	17	14
Wellsville - Salineville	100	27	18
Lisbon - Hanoverton	227	89	13
Gavers	94	21	6
Lisbon-Leetonia	230	27	0
Leetonia - Columbiana	94	11	0
Columbiana - Unity	428	70	4
Salem-Hanoverton	44	23	12
Salem-Lisbon	236	55	6
Village Hanoverton	308	70	23

The tabulated figures are to be forwarded to the division of highways, Columbus, which is working in conjunction with the federal bureau of public roads of Washington, D. C.

The purpose of the survey is to assist the state and federal highway departments in ascertaining roads which carry the most traffic in order to determine types of future road construction.

WHEELER TRIAL IS UNDERWAY

Packed Court Room as Senator Faces Federal Charges.

GREAT FALLS, Mont., April 16.—Senator Burton K. Wheeler, Democrat of Montana and Vice-Presidential candidate on the Lafollette ticket, went on trial in federal court here today on charges of misuse of his senatorial office.

In the indictment, read to a packed court room, Wheeler was charged with having accepted, after his election, a fee from Gordon Campbell, Montana oil operator, to appear before the Interior department at Washington to obtain oil and gas permits. Overt acts set forth against Wheeler were that on January 8, 1924, he agreed to intercede for Campbell at the Land office, and on January 10 and February 10, he received from Campbell checks for $2,000 each as a fee to carry out the alleged agreement.

After this trial, Wheeler must answer an indictment at Washington, charging him with conspiracy to obtain government oil and gas lands in Montana.

Included in the Washington indictment were Campbell and Edwin S. Booth, formerly solicitor of the Interior, both here as Wheeler witnesses.

based on fact. The home, the school, the church and all other institutions came in for their share of criticism but usually the fellow who criticises is the man who doesn't know what he is talking about.

"Today everyone seems to be distrusting everybody else. The men who make up our congress will soon be gone, but we want these institutions to live. A few years ago there was bitter criticism against our supreme court. President Taft was defeated for a second term by an overwhelming majority but today, there is not a more popular man in the United States than Chief Justice Taft. We have a right and a duty to make constructive criticism but we should first study to see how far that criticism will help our country.

"We have prohibition. I believe that it is the duty of every good citizen to abide by the 18th amendment so as not to increase a disrespect for law. We should respect the law whether or not we favor that law.

"Through Secretary Mellon's plan of tax reduction we all have been helped. Compare your tax payment this year with that of last year if you want proof.

Defends Expenditures.

"I favored the postal pay legislation and voted for the bills, one of which was vetoed by President Coolidge.

"President Harding, in the campaign of 1920, pledged himself toward enactment of the bonus law. I promised my constituents that I would vote as the president had promised. I could do nothing else but vote for this bill in order to be true to myself.

"I favored the salary increase for members of congress because, having served two terms in the national lawmaking body, I know what it costs to live in Washington and of the sacrifices a man makes in order to get in congress. I am a lawyer, but when I retire from office, as I eventually will, I will have no practice whatever. It will be like beginning all over for me.

"Congress was accused of being a spendthrift, but I want to tell you that the legislative branch of our government spent less during the last term than was recommended by the executive branch."

and then adopted. The resolution has already been adopted by the senate.

"Reform" group members were open in their threats today to block the whole Republican program unless the Bible bill was moved out of the senate calendar committee for a vote on the floor.

As the situation was viewed by leaders, there is every indication that the Bible bill will be quickly passed by the senate and sent to Gov. Donahey. If the measure is passed, Republican members of the "reform" group in both houses are expected to quickly line up back of the leaders' program to pass the bills over the governor's veto and wind up the session.

Challenge Governor.

Little of the tremendous fight which will decide the fate of the big bills will be apparent on the surface. Most of the battling will be in the alignment of support for and against the "reform" group drive to pass the Bible bill, and there will be considerable trading before the final decision is reached, it is believed. This is expected to result in decision to pass some new measures which failed to reach a vote in the hectic wind-up session March 28, most of them local bills.

State Agents Make 35 Arrests in Akron On Liquor Charges

AKRON, April 16.—What is believed part of the Ku Klux Klan's campaign to oust Sheriff Chris Weaver from office in Summit county, is seen today in the unexpected arrest of 35 alleged bootleggers in the North Main and Furnace street district. The arrests were made by state agents in a N. O. T. bus marked "special," and came immediately after announcement here that Clyde W. Osborne of Columbus, grand dragon of the Ohio Klan, was behind the drive against Weaver. Osborne let it be known that the Klan would ask Governor Donahey to remove Weaver for lax enforcement, although the governor has given the sheriff a clean bill of health on the same charge. Federal agents also declined to prosecute Weaver after investigating conditions here.

PARIS CABINET NAMES HELD UP

Socialists Oppose Appointment of Joseph Caillaux.

PARIS, April 16.—The Socialists again held up the formation of a new French cabinet today. The newly appointed premier, Paul Painleve, had planned to submit the cabinet names to the chamber of deputies today, but at noon announced he did not know when the cabinet would be formed.

Joseph Caillaux, called to the finance ministry by Painleve is opposed to the 10 percent levy law of the Socialists, and the Socialists said they would oppose his appointment.

Painleve told President Doumergue at 2:30 o'clock this afternoon that he would have to have more time to assemble a cabinet. Painleve told the president he expected to succeed. Callaux's friends said Caillaux would not withdraw despite the opposition of the Socialists.

The personality of Caillaux dominated the French situation, eclipsing the appointment of Painleve to succeed Edouard Herriot, who resigned last week, and the financial crisis of the nation.

Briand Opposes Caillaux.

The situation was intensified by the sharp opposition of Aristide Briand, seven-time premier, to the appointment of Caillaux. Painleve's friends declared Briand was attempting to "torpedo" the Painleve-Caillaux cabinet, hoping himself, they said, to become premier and form a cabinet which would emit Socialists.

Painleve was in conference with Herriot and it was arranged that Caillaux and Briand would meet this afternoon and discuss their difference in opinion.

PARIS, April 16.—Wartime feeling against France's financial genius, Joseph Caillaux, who has been called to the cabinet to aid in solving the present money crisis, flamed anew on the doorstep of the premier's palace in Quai d' Orsay today.

Antonin Bamosin 28, disabled war veteran, was arrested as he waited with a loaded revolver to kill Caillaux.

"I'll get that assassin yet," he told police. They claim the former soldier is demented.

Caillaux was exiled in war days for "trafficking with the enemy," and only recently restored to citizenship.

War's changes has increased business at the port of Trieste, Italy, to the point of congestion and car shortage, while that of Fiunie is stagnant.

airship disappeared. The air ministry also broadcast S. O. S. signals for all ships to keep a lookout for the R-33.

The dirigible has been in commission but nine days and last week took a test flight across England and over London. Her fugitive flight today is the first aircraft accident since the R-34 claimed its heavy toll of lives.

Wireless Messages Picked Up.

First wireless messages from the R-33 were picked up by L. G. Hornsted, amateur operator, who heard the R-33 operator making desperate efforts to reach the air ministry.

Later, the signals were received by the ministry and wireless orders returned.

Airplanes also were sent out by the air ministry to locate and watch the course of the R-33 and report the progress of her gale-tossed voyage.

Lieutenant F. N. Booth, first officer of the R-33, is aboard her and has with him two coxswains who are able to direct navigation.

The gale, which is driving the dirigible, has caused widespread damage in coastal towns.

The top of the dirigible's mooring mast was broken when the big ship tore loose and this, dangling from the bow, hindered navigation of the airship. She was moving rapidly eastward at a high altitude when she was lost to sight at 11 a. m.

LAKEHURST, N. J., April 16.—With 58 officers and men aboard the dirigible Los Angeles soared from its hangar today on a scheduled six-hour test flight which is to determine the fitness of the ship for its second flight to Bermuda tomorrow.

"Poisoning" Mother

(Continued from Page One)

company her into death, said Mrs. Cunningham. She denied that she had poisoned her husband or Harry, their eldest son, and maintained her denial even after reporters informed her sufficient poison had been found in Harry's viscera to have caused his demise.

Made Death Sandwiches.

Twenty-five cents' worth of arsenic purchased in Gary, in 1920, after she had brooded two years over her husband's death sufficed for the slaying of Isabelle in 1920, Charles in 1922 and Walter in 1923. Harry died between Isabelle and Charles in 1921, she said.

Her determination to add David Jr., her sole support, to the death list was evidenced in her statement that two boxes of arsenic purchased by Mae at her direction accidentally were destroyed and she herself bought 50 cents' worth to complete the deed. Bread, a layer of arsenic, and a covering of butter was the medium administering the poison between meals as the children would join her in the kitchen and she with a demoniac motherly kindliness would offer them the death sandwich, according to the confession.

Each of the children was insured. Isabelle for $1,000; Harry for $2,500; Charles for $800 and Walter for $230, but the confession denied desire for gold had played a part in actuating her unnatural wish. This amazing story was told in a droning monotone as the woman lay on a jail cot and, with little urging, calmly recited minute details of the crimes.

Ignores Daughter's Advice.

Brought from Gary shortly before where she retained a lawyer to defend her mother, the daughter Mae stood at the foot of the cot and pleaded with her mother "not to talk."

"Don't say anything, mother," pleaded the girl. "These people just want to get a confession out of you."

"No, Mae," calmly replied her mother. "I am going to talk. I am tired of lying here, I don't care what becomes of me. I'll never get out of here, anyway."

REPORTS FROM STOCK MARKET

NEW YORK, April 16.—High priced industrial stocks, motors and a few of the railroad shares furnished the principal sources of speculative interest in the early trading today. Profit taking was in evidence at the start of the session and prices were irregular but good buying demand developed for the market leader, including U. S. Steel, Baldwin and American Can, and prices firmed up.

Cast Iron Pipe was the most notable exception. On the eve of the annual meeting of the company, the stock was unusually weak, dropping about 8 points near the opening and losing 12 points from the high of yesterday's session. Weakness in the stock also due to recent sharp declines in prices of iron pipe.

Motor stocks returned as leaders of the forward movement. Willys Overland common and preferred reached new high price levels; General Motors, Pierce Arrow, Chandler, Hudson and Jordan continued to advance, as also did the stocks of the accessories companies, U. S. Rubber, Fisk Rubber, Ajax Rubber, etc. Dodge preferred was "pegged" at 100.

The unusually large increase of 62,300 barrels daily in crude oil production last week was reflected in heavy selling of the oil stocks, which again declined to near the low level of the movement.

Radio Corporation and U. S. Realty were the leaders in the forward movement of specialty stocks. Reynolds Spring, Texas Gulf Sulphur, Industrial Alcohol and Postum Cereal were firm.

Grain markets continued reactionary. Cotton steady. Call money renewals 3½ per cent.

WHEELER TRIAL IS UNDERWAY

Packed Court Room as Senator Faces Federal Charges.

GREAT FALLS, Mont., April 16.—Senator Burton K. Wheeler, Democrat of Montana and Vice-Presidential candidate on the Lafollette ticket, went on trial in federal court here today on charges of misuse of his senatorial office.

In the indictment, read to a packed court room, Wheeler was charged with having accepted, after his election, a fee from Gordon Campbell, Montana oil operator, to appear before the Interior department at Washington to obtain oil and gas permits. Overt acts set forth against Wheeler were that on January 8, 1924, he agreed to intercede for Campbell at the Land office, and on January 10 and February 10, he received from Campbell checks for $2,000 each as a fee to carry out the alleged agreement.

After this trial, Wheeler must answer an indictment at Washington, charging him with conspiracy to obtain government oil and gas lands in Montana.

Included in the Washington indictment were Campbell and Edwin S. Booth, formerly solicitor of the Interior, both here as Wheeler witnesses.

based on fact. The home, the school, the church and all other institutions came in for their share of criticism but usually the fellow who criticises is the man who doesn't know what he is talking about.

"Today everyone seems to be distrusting everybody else. The men who make up our congress will soon be gone, but we want these institutions to live. A few years ago there was bitter criticism against our supreme court. President Taft was defeated for a second term by an overwhelming majority but today, there is not a more popular man in the United States than Chief Justice Taft. We have a right and a duty to make constructive criticism but we should first study to see how far that criticism will help our country.

"We have prohibition. I believe that it is the duty of every good citizen to abide by the 18th amendment so as not to increase a disrespect for law. We should respect the law whether or not we favor that law.

"Through Secretary Mellon's plan of tax reduction we all have been helped. Compare your tax payment this year with that of last year if you want proof.

Defends Expenditures.

"I favored the postal pay legislation and voted for the bills, one of which was vetoed by President Coolidge.

"President Harding, in the campaign of 1920, pledged himself toward enactment of the bonus law. I promised my constituents that I would vote as the president had promised. I could do nothing else but vote for this bill in order to be true to myself.

"I favored the salary increase for members of congress because, having served two terms in the national lawmaking body, I know what it costs to live in Washington and of the sacrifices a man makes in order to get in congress. I am a lawyer, but when I retire from office, as I eventually will, I will have no practice whatever. It will be like beginning all over for me.

"Congress was accused of being a spendthrift, but I want to tell you that the legislative branch of our government spent less during the last term than was recommended by the executive branch."

and then adopted. The resolution has already been adopted by the senate.

"Reform" group members were open in their threats today to block the whole Republican program unless the Bible bill was moved out of the senate calendar committee for a vote on the floor.

As the situation was viewed by leaders, there is every indication that the Bible bill will be quickly passed by the senate and sent to Gov. Donahey. If the measure is passed, Republican members of the "reform" group in both houses are expected to quickly line up back of the leaders' program to pass the bills over the governor's veto and wind up the session.

Challenge Governor.

Little of the tremendous fight which will decide the fate of the big bills will be apparent on the surface. Most of the battling will be in the alignment of support for and against the "reform" group drive to pass the Bible bill, and there will be considerable trading before the final decision is reached, it is believed. This is expected to result in decision to pass some new measures which failed to reach a vote in the hectic wind-up session March 28, most of them local bills.

State Agents Make 35 Arrests in Akron On Liquor Charges

AKRON, April 16.—What is believed part of the Ku Klux Klan's campaign to oust Sheriff Chris Weaver from office in Summit county, is seen today in the unexpected arrest of 35 alleged bootleggers in the North Main and Furnace street district. The arrests were made by state agents in a N. O. T. bus marked "special," and came immediately after announcement here that Clyde W. Osborne of Columbus, grand dragon of the Ohio Klan, was behind the drive against Weaver. Osborne let it be known that the Klan would ask Governor Donahey to remove Weaver for lax enforcement, although the governor has given the sheriff a clean bill of health on the same charge. Federal agents also declined to prosecute Weaver after investigating conditions here.

PARIS CABINET NAMES HELD UP

Socialists Oppose Appointment of Joseph Caillaux.

PARIS, April 16.—The Socialists again held up the formation of a new French cabinet today. The newly appointed premier, Paul Painleve, had planned to submit the cabinet names to the chamber of deputies today, but at noon announced he did not know when the cabinet would be formed.

Joseph Caillaux, called to the finance ministry by Painleve is opposed to the 10 percent levy law of the Socialists, and the Socialists said they would oppose his appointment.

Painleve told President Doumergue at 2:30 o'clock this afternoon that he would have to have more time to assemble a cabinet. Painleve told the president he expected to succeed. Callaux's friends said Callaux would not withdraw despite the opposition of the Socialists.

The personality of Caillaux dominated the French situation, eclipsing the appointment of Painleve to succeed Edouard Herriot, who resigned last week, and the financial crisis of the nation.

Briand Opposes Caillaux.

The situation was intensified by the sharp opposition of Aristide Briand, seven-time premier, to the appointment of Caillaux. Painleve's friends declared Briand was attempting to "torpedo" the Painleve-Caillaux cabinet, hoping himself, they said, to become premier and form a cabinet which would emit Socialists.

Painleve was in conference with Herriot and it was arranged that Caillaux and Briand would meet this afternoon and discuss their difference in opinion.

PARIS, April 16.—Wartime feeling against France's financial genius, Joseph Caillaux, who has been called to the cabinet to aid in solving the present money crisis, flamed anew on the doorstep of the premier's palace in Quai d' Orsay today.

Antonin Bamosin 28, disabled war veteran, was arrested as he waited with a loaded revolver to kill Caillaux.

"I'll get that assassin yet," he told police. They claim the former soldier is demented.

Caillaux was exiled in war days for "trafficking with the enemy," and only recently restored to citizenship.

War's changes has increased business at the port of Trieste, Italy, to the point of congestion and car shortage, while that of Fiunie is stagnant.

airship disappeared. The air ministry also broadcast S. O. S. signals for all ships to keep a lookout for the R-33.

The dirigible has been in commission but nine days and last week took a test flight across England and over London. Her fugitive flight today is the first aircraft accident since the R-34 claimed its heavy toll of lives.

Wireless Messages Picked Up.

First wireless messages from the R-33 were picked up by L. G. Hornsted, amateur operator, who heard the R-33 operator making desperate efforts to reach the air ministry.

Later, the signals were received by the ministry and wireless orders returned.

Airplanes also were sent out by the air ministry to locate and watch the course of the R-33 and report the progress of her gale-tossed voyage.

Lieutenant F. N. Booth, first officer of the R-33, is aboard her and has with him two coxswains who are able to direct navigation.

The gale, which is driving the dirigible, has caused widespread damage in coastal towns.

The top of the dirigible's mooring mast was broken when the big ship tore loose and this, dangling from the bow, hindered navigation of the airship. She was moving rapidly eastward at a high attitude when she was lost to sight at 11 a. m.

LAKEHURST, N. J., April 16.—With 58 officers and men aboard the dirigible Los Angeles soared from its hangar today on a scheduled six-hour test flight which is to determine the fitness of the ship for its second flight to Bermuda tomorrow.

"Poisoning" Mother

(Continued from Page One)

company her into death, said Mrs. Cunningham. She denied that she had poisoned her husband or Harry, their eldest son, and maintained her denial even after reporters informed her sufficient poison had been found in Harry's viscera to have caused his demise.

Made Death Sandwiches.

Twenty-five cents' worth of arsenic purchased in Gary, in 1920, after she had brooded two years over her husband's death sufficed for the slaying of Isabelle in 1920, Charles in 1922 and Walter in 1923. Harry died between Isabelle and Charles in 1921, she said.

Her determination to add David Jr., her sole support, to the death list was evidenced in her statement that two boxes of arsenic purchased by Mae at her direction accidentally were destroyed and she herself bought 50 cents' worth to complete the deed. Bread, a layer of arsenic, and a covering of butter was the medium administering the poison between meals as the children would join her in the kitchen and she with a demoniac motherly kindliness would offer them the death sandwich, according to the confession.

Each of the children was insured, Isabelle for $1,000; Harry for $2,500; Charles for $800 and Walter for $230, but the confession denied desire for gold had played a part in actuating her unnatural wish. This amazing story was told in a droning monotone as the woman lay on a jail cot and, with little urging, calmly recited minute details of the crimes.

Ignores Daughter's Advice.

Brought from Gary shortly before where she retained a lawyer to defend her mother, the daughter Mae stood at the foot of the cot and pleaded with her mother "not to talk."

"Don't say anything, mother," pleaded the girl. "These people just want to get a confession out of you."

"No, Mae," calmly replied her mother. "I am going to talk. I am tired of lying here, I don't care what becomes of me. I'll never get out of here, anyway."

REPORTS FROM STOCK MARKET

NEW YORK, April 16.—High priced industrial stocks, motors and a few of the railroad shares furnished the principal sources of speculative interest in the early trading today. Profit taking was in evidence at the start of the session and prices were irregular but good buying demand developed for the market leader, including U. S. Steel, Baldwin and American Can, and prices firmed up.

Cast Iron Pipe was the most notable exception. On the eve of the annual meeting of the company, the stock was unusually weak, dropping about 8 points near the opening and losing 12 points from the high of yesterday's session. Weakness in the stock also due to recent sharp declines in prices of iron pipe.

Motor stocks returned as leaders of the forward movement. Willys Overland common and preferred reached new high price levels; General Motors, Pierce Arrow, Chandler, Hudson and Jordan continued to advance, as also did the stocks of the accessories companies, U. S. Rubber, Fisk Rubber, Ajax Rubber, etc. Dodge preferred was "pegged" at 100.

The unusually large increase of 62,300 barrels daily in crude oil production last week was reflected in heavy selling of the oil stocks, which again declined to near the low level of the movement.

Radio Corporation and U. S. Realty were the leaders in the forward movement of specialty stocks. Reynolds Spring, Texas Gulf Sulphur, Industrial Alcohol and Postum Cereal were firm.

Grain markets continued reactionary. Cotton steady. Call money renewals 3½ per cent.

MAN IS KILLED BY AUTO TRUCK

Brother of Mrs. E. E. Ralston Dies in Baltimore Hospital.

Harry R. Coffland, 44 years old, a brother of Mrs. Emmet E. Ralston of 423 Riverside avenue, this city, died yesterday in St. Joseph's hospital, Baltimore, Md., as a result of injuries received Tuesday night when a motor truck ran over his legs.

Both of Coffland's legs were crushed by the truck, it is said.

In a vain effort to save the man's life, hospital physicians at St. Joseph's, amputated his left leg.

Walter W. Wilson, driver of the truck which passed over Coffland's body, was arrested shortly after the accident, by police, but was released on his personal recognizance pending an inquest which is to be held tonight.

The accident, according to reports, occurred at a street intersection in Baltimore. Coffland, it is understood, was attempting to board the truck while it was in motion, and slipping, fell beneath the wheels.

The truck was owned by the Co-Operative Hauling association, of Hartford county, Md.

In addition to Mrs. Ralston, of this city, Coffland is survived by one other sister, and a brother, James L. Coffland, of Bridgeport, O., to whose home the body will be taken for funeral services.

POLICE, FIREMEN GO WITHOUT PAY

Wellsville policemen and firemen will have to depend upon council for their pay.

This was the situation following "payless day" on Wednesday, as outlined by City Auditor Fred Eckfeld.

All city employes save the police and firemen received their checks as usual yesterday. However, Auditor Eckfeld announced, there was only $340 in the safety fund to meet a debt of $1,015, representing monthly wages, in total, of the two departments, and consequently, he announced, he issued no checks.

It will be up to city council to figure a way out, Eckfeld explained.

Play is Postponed.

The play which was to have been given tonight by Westminster Guild girls of the First Presbyterian church, has been postponed until next Tuesday evening, according to announcement by officers of the organization.

EAST LIVERPOOL — AMERICA'S POTTERY CENTER

THURSDAY, APRIL 16, 1925.

Benches For City Parks

With the advent of spring and summer just around the corner, thoughts of municipal officials should be directed to the equipment of shady nooks and breathing spots for the people whose taxes make city parks possible.

East Liverpool possesses three parks, two maintained by the city and another established by private means. They are: Thompson park, Northside; City park., West Fifth street, and Riverside park, between Walnut street and Broadway, which was opened last summer by George C. Thompson,

For many years, most of the supervision of park officials has been devoted to Thompson park, which was deeded to the city by the late W. L. Thompson, and is one of the beauty spots of the community. Little, if any, attention has been given to the allotment near the City hospital.

Thompson park, through funds provided for the purpose, has a few benches. This is also true in reference to the Riverside breathing place, as a result of expenditures by the pottery manufacturer who proposed the plan. But Nature alone has provided resting places in the West Fifth street park.

Let's provide benches in all parks, members of the park commission.

Recipe For Diamonds

Somebody has been advertising in American newspapers for a lost formula for making diamonds. It may be a hoax. It may be a subtle advertisement for "glass diamonds" or for something in no wise related to diamonds. You never can tell about modern publicity methods. In any event, it is interesting. Anything about diamonds is, especially when it is mysterious.

Diamonds can be manufactured. There is no doubt of it. Chemists do it by fusing carbon in an electric furnace and letting it cool and crystallize under enormous pressure. That seems to be the way Nature makes her diamonds. But so far, she beats man at the game. All the stones obtained artificially by this method have been so small as to have no commercial value. Nature has bigger and more powerful furnaces underground, and needs no electric arc. But the very infrequency of natural diamonds, in comparison with other crystals, shows that Nature herself finds such manufacture difficult.

Man may succeed nevertheless, one of these days, in duplicating the natural stones at will. Possibly someone has succeeded already. There have been rumors, more than once, of such a discovery being concealed in order not to upset the diamond market and destroy enormous values.

Wilhelm Contributes

Kaiser Wilhelm is reported to be giving $250,000 for Hindenburg's campaign fund. Hindenburg remains the kaiser's devoted servant, and makes no concealment of the fact, although his managers soft-pedal that sort of business.

Neither Hohenzollern nor Hindenburg is capable of change, any more than the old Bourbons were. They learn nothing and forget nothing.

Fortunately for the world, and perhaps for poor old Hohenzollern, there does not seem to be much chance of Hindenburg's election. Whatever enthusiasm there may be for the iron field marshal, there is little, outside of the military and junker class, for the skulking kaiser. But if the unexpected should happen, it would be a sad, disillusioning stroke of fate for Wilhelm. He had better die in bed at Doorn than sit on an unsteady throne in Berlin, with the powers doing a war dance around him.

The Common Scold

They're trying another woman in New Jersey as a "common scold," under a law dating from colonial times. The law has been almost obsolete in recent generations—the records show only two prosecutions under it in 50 years. Still there are men in New Jersey who think it ought to be kept alive and applied freely.

It's an interesting commentary on human nature—that ancient law. A philosopher might wonder why it was applied only to women. Perhaps the answer would be that men made the laws in olden days—and still do.

Feminism may change that. There are male scolds as well as female, and what they lack in numbers they often make up in vigor. If there are more scolding women than scolding men, possibly it is because women's tempers are more harassed than men's. Many a man learns this for the first time when he tries staying at home, looking after the house and taking care of the children for a few days.

New War Lord

Premier Mussolini, of Italy, not content with being already the head and most of the body of his cabinet, has taken over the war ministry left vacant by resignation. He announces:

"I intend to devote my best energies to the army in order to make it an ever more effective instrument of Italian power."

Is this the beginning of a new chapter in Mussolini's career? He has always aped Napoleon and is said to regard himself as a new incarnation of the great Corsican. But for the most part, so far, he has confined his program to domestic dictatorship, merely showing his teeth occasionally at Greece and some of his other neighbors. It may be that he intends to embark now on an aggressive military program abroad.

If so, it is the beginning of the end of Mussolini's power. Italians may endure another Caesar or Napoleon, but the rest of the world will not.

Aunt Eppie Hogg, The Fattest Woman in 3 Counties— By Fontaine Fox

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, April 16.—There is a job in New York where you are paid for being dismissed. Several big department stores have employes who are known as "O. F. M.'s." They are the Official Fired Men, and sometimes they are fired 15 or 20 times a day.

Their discharge is merely a sop to the feelings of ruffled customers. A justifiable complaint is made. The manager is grieved. He sends for a man whom he gives the customer the idea is responsible for the trouble. He comes in wearing a hang-dog look. The manager thunders his seeming wrath. The O. F. M. tries to build up a justification, but his every excuse is swept away and he stands the picture of despair. They are said to be great actors. In the end he is told the firm can use him no longer.

He is given a slip of paper and told to see the cashier for what salary is coming to him. He slouches out, returns to his desk, lights a cigarette and awaits the next dismissal. Many times the customer feels that the matter has gone too far. He does not want to see a man lose his job.

He pleads for his reinstatement, and if he pleads long enough the O. F. M. will be recalled and told that it is only due to the customer's magnanimity that he will be able to continue his post. He grasps the customer's hand in gratitude, wipes a way the suspicion of a tear and goes back to his desk.

Of course, after the O. F. M. is discharged the department store makes a thorough investigation of the complaint and seeks in every way to correct it, but in a public rebuke and dismissal they have impressed the customer as they might not in any other way.

One customer is said to have made three complaints and in each instance the same employe was dismissed. He became suspicious and wrote a letter, and that is how the story leaded out.

How to become a New York intellectual: Have a polite contempt for the works of Harold Bell Wright. And hail Dreiser as greatest of them all.

"There goes the dress business!" This was the wail of one of the avenue's best known makers of ladies' clothes following the most recent drive of the officials to Saharaize Gotham. The closing of the prominent night clubs, he said, would cause a 40 per cent falling off in the sale of evening gowns. It was further explained that most of these gowns were worn purely for public display. If entertainment is driven back to the private homes where people meet the same old friends they will not be so anxious for a variety of frocks.

New York ladies, by the way, are going to unusual lengths in their toilette. It started during the recent Palm Beach season. Manicurists were called upon to do the ladies' toenails. They were glossed to the pink of splendor so that they fairly shone through their sandals when they lolled about on the sands. Manicurists were not eager for the work and the price of an ordinary manicure was quadrupled.

My friend Bill Johnston wrote a book called "These Women." Bill is happily married but he had some cynical things to say about womankind. It seems significant that, after saying them and delivering his manuscript to the publisher, he embarked on a journey around the world.

That George Jean Nathan is to leave his co-editorship of The American Mercury to write a novel in Europe and leave Mencken at the helm alone is like splitting the Smith Brothers or the Gold Dust Twins. Nathan will continue as a contributor and no doubt pick up a dazzling galaxy of German words to scatter from coast to coast.

HASKIN'S LETTER

BY FREDERIC J. HASKIN

WASHINGTON, D. C., April 16.—Now comes the season of the year when people are making their vacation plans, and parents are inquiring about summer camps for their sons. Accordingly the War Department is beginning its annual campaign for enrollment into the Citizens' Military Training Camps.

Although these camps were not established as such until 1920, under the National Defense Act of that year, they are the outcome of the Plattsburg movement. In 1913, Major General Leonard Wood, who was then Chief of Staff of the Army, established training camps at Gettysburg, Pennsylvania, and at the Presidio of Monterey, California. The presidents of some of the leading universities of the country cooperated with General Wood and the first students were college men. The idea spread from year to year until the first business men's camp was held at Plattsburgh in 1915. Graduates of these early camps formed the Military Training Camps association.

These camps, which have had the approval of every President since Theodore Roosevelt, have as their avowed purposes, first, to bring together young men of high type, both native and foreign-born from all sections of the country, on a common basis of equality, and under the most favorable conditions of outdoor life; second, to stimulate and promote citizenship, patriotism and Americanism, and thus develop a closer national and social unity; and third, to develop the young men physically, mentally and morally, implanting such habits and ideas in their minds as will be of the greatest benefit to them, their community, and to the country as a whole.

The camps are open to men and boys between the ages of 17 and 31. There are four courses, the basic, the red, the white and the blue. A boy need not have had any previous military training in order to be accepted for the basic course. Applicants for the red course must have graduated from the basic, or have had military training equivalent thereto. Applicants for the white course must have had a grammar-school education or its equivalent, possess qualities of leadership and be of good moral character.

The blue course is open only to warrant officers or enlisted men who are

Question: *Why are more women driving Buicks than any other make of six-cylinder car?*

Answer: One reason is the striking appearance of this famous motor car. Then comes Buick dependability. A woman knows when she starts out with her Buick that she will "get there and back." EAST LIVERPOOL — AMERICA'S POTTERY CENTER

THURSDAY, APRIL 16, 1925.

Benches For City Parks

With the advent of spring and summer just around the corner, thoughts of municipal officials should be directed to the equipment of shady nooks and breathing spots for the people whose taxes make city parks possible.

East Liverpool possesses three parks, two maintained by the city and another established by private means. They are: Thompson park, Northside; City park., West Fifth street, and Riverside park, between Walnut street and Broadway, which was opened last summer by George C. Thompson.

For many years, most of the supervision of park officials has been devoted to Thompson park, which was deeded to the city by the late W. L. Thompson, and is one of the beauty spots of the community. Little, if any, attention has been given to the allotment near the City hospital.

Thompson park, through funds provided for the purpose, has a few benches. This is also true in reference to the Riverside breathing place, as a result of expenditures by the pottery manufacturer who proposed the plan. But Nature alone has provided resting places in the West Fifth street park.

Let's provide benches in all parks, members of the park commission.

Recipe For Diamonds

Somebody has been advertising in American newspapers for a lost formula for making diamonds. It may be a hoax. It may be a subtle advertisement for "glass diamonds" or for something in no wise related to diamonds. You never can tell about modern publicity methods. In any event, it is interesting. Anything about diamonds is, especially when it is mysterious.

Diamonds can be manufactured. There is no doubt of it. Chemists do it by fusing carbon in an electric furnace and letting it cool and crystallize under enormous pressure. That seems to be the way Nature makes her diamonds. But so far, she beats man at the game. All the stones obtained artificially by this method have been so small as to have no commercial value. Nature has bigger and more powerful furnaces underground, and needs no electric arc. But the very infrequency of natural diamonds, in comparison with other crystals, shows that Nature herself finds such manufacture difficult.

Man may succeed nevertheless, one of these days, in duplicating the natural stones at will. Possibly someone has succeeded already. There have been rumors, more than once, of such a discovery being concealed in order not to upset the diamond market and destroy enormous values.

Wilhelm Contributes

Kaiser Wilhelm is reported to be giving $250,000 for Hindenburg's campaign fund. Hindenburg remains the kaiser's devoted servant, and makes no concealment of the fact, although his managers soft-pedal that sort of business.

Neither Hohenzollern nor Hindenburg is capable of change, any more than the old Bourbons were. They learn nothing and forget nothing.

Fortunately for the world, and perhaps for poor old Hohenzollern, there does not seem to be much chance of Hindenburg's election. Whatever enthusiasm there may be for the iron field marshal, there is little, outside of the military and junker class, for the skulking kaiser. But if the unexpected should happen, it would be a sad, disillusioning stroke of fate for Wilhelm. He had better die in bed at Doorn than sit on an unsteady throne in Berlin, with the powers doing a war dance around him.

The Common Scold

They're trying another woman in New Jersey as a "common scold," under a law dating from colonial times. The law has been almost obsolete in recent generations—the records show only two prosecutions under it in 50 years. Still there are men in New Jersey who think it ought to be kept alive and applied freely.

It's an interesting commentary on human nature—that ancient law. A philosopher might wonder why it was applied only to women. Perhaps the answer would be that men made the laws in olden days—and still do.

Feminism may change that. There are male scolds as well as female, and what they lack in numbers they often make up in vigor. If there are more scolding women than scolding men, possibly it is because women's tempers are more harassed than men's. Many a man learns this for the first time when he tries staying at home, looking after the house and taking care of the children for a few days.

New War Lord

Premier Mussolini, of Italy, not content with being already the head and most of the body of his cabinet, has taken over the war ministry left vacant by resignation. He announces:

"I intend to devote my best energies to the army in order to make it an ever more effective instrument of Italian power."

Is this the beginning of a new chapter in Mussolini's career? He has always aped Napoleon and is said to regard himself as a new incarnation of the great Corsican. But for the most part, so far, he has confined his program to domestic dictatorship, merely showing his teeth occasionally at Greece and some of his other neighbors. It may be that he intends to embark now on an aggressive military program abroad.

If so, it is the beginning of the end of Mussolini's power. Italians may endure another Caesar or Napoleon, but the rest of the world will not.

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, April 16.—There is a job in New York where you are paid for being dismissed. Several big department stores have employes who are known as "O. F. M.'s." They are the Official Fired Men, and sometimes they are fired 15 or 20 times a day.

Their discharge is merely a sop to the feelings of ruffled customers. A justifiable complaint is made. The manager is grieved. He sends for a man whom he gives the customer the idea is responsible for the trouble. He comes in wearing a hang-dog look.

The manager thunders his seeming wrath. The O. F. M. tries to build up a justification, but his every excuse is swept away and he stands the picture of despair. They are said to be great actors. In the end he is told the firm can use him no longer.

He is given a slip of paper and told to see the cashier for what salary is coming to him. He slouches out, returns to his desk, lights a cigarette and awaits the next dismissal. Many times the customer feels that the matter has gone too far. He does not want to see a man lose his job.

He pleads for his reinstatement, and if he pleads long enough the O. F. M. will be recalled and told that it is only due to the customer's magnanimity that he will be able to continue his post. He grasps the customer's hand in gratitude, wipes a way the suspicion of a tear and goes back to his desk.

Of course, after the O. F. M. is discharged the department store makes a thorough investigation of the complaint and seeks in every way to correct it, but in a public rebuke and dismissal they have impressed the customer as they might not in any other way.

One customer is said to have made three complaints and in each instance the same employe was dismissed. He became suspicious and wrote a letter, and that is how the story leaded out.

How to become a New York intellectual: Have a polite contempt for the works of Harold Bell Wright. And hail Dreiser as greatest of them all.

"There goes the dress business!" This was the wail of one of the avenue's best known makers of ladies clothes following the most recent drive of the officials to Saharaize Gotham. The closing of the prominent night clubs, he said, would cause a 40 per cent falling off in the sale of evening gowns. It was further explained that most of these gowns were worn purely for public display. If entertainment is driven back to the private homes where people meet the same old friends they will not be so anxious for a variety of frocks.

New York ladies, by the way, are going to unusual lengths in their toilette. It started during the recent Palm Beach season. Manicurists were called upon to do the ladies' toenails. They were glossed to the pink of splendor so that they fairly shone through their sandals when they loiled about on the sands. Manicurists were not eager for the work and the price of an ordinary manicure was quadrupled.

Science Discovers New Safe Way to Remove Hair Roots

At last Science has found a safe, easy way to banish superfluous hair—roots and all! No more painful electric treatments. No more bothersome and ineffective "removers."

My friend Bill Johnston wrote a book called "These Women." Bill is happily married but he had some cynical things to say about womankind. It seems significant that, after saying them and delivering his manuscript to the publisher, he embarked on a journey around the world.

That George Jean Nathan is to leave his co editorship of The American Mercury to write a novel in Europe and leave Mencken at the helm alone is like splitting the Smith Brothers or the Gold Dust Twins. Nathan will continue as a contributor and no doubt pick up a dazzling galaxy of German words to scatter from coast to coast.

Q. Do turtles shed their shells?—A. E. B.

A. The Smithsonian Institution says that turtles, terrapins and tortoises do not shed their shells. The shell is the rib bones grown together, and grows as they grow.

Q. Why does an ear of corn always have an even number of rows?—H. D. F.

A. This peculiarity is due to a botanical characteristic; that is, the splitting of the cells which form double rows.

Q. Is Washington's picture on anything higher than a five dollar bill?—W. W.

A. The portrait of George Washington is on $20 gold certificates, Series of 1905, 1906 and 1907; on $50 National bank notes issued under Acts of February 25, 1863 and June 3, 1864, Washington is shown crossing the Delaware (left); a Continental soldier (left); Justice, Liberty and Peace, above. This is also on Series of 1882 and 1908. On the interest bearing notes under Act of Congress of July 17, 1861, the portrait of Washington is on the $500 denomination, also on the $100 notes issued under Act of Congress, March 3, 1863.

Q. What is the name of the home of Joel Chandler Harris?—P. O.

A. The home of the late Joel Chandler Harris, the beloved "Uncle Remus" is in Atlanto, Georgia, and is called "The Sign of the Wren's Nest."

Q. Where did Parsees come from originally?—R. W.

A. The Parsees of India are the descendants of ancient Persians who emigrated to India on the conquest of their kingdom by the Arabs in the 8th Century. There are about 85,000 Parsees in India of which practically all but 7,000 reside in the Bombay presidency and the State of Bardoda.

Q. What can be put in cistern water that tastes of the lime and cement?—V. C. H.

A. Nothing should be put into it. The remedy lies in allowing the inside walls to air and cure for a month verts the free line in the cement to use. The carbonic acid of the air converts the fre lime in the cement to carbonate of lime which is only slightly soluable in pure water. The reactions may be accelerated by occasional sprinkling of the walls with water. It is well also to pump out a new cistern two or three times prior to use of the water for drinking.

Now Is the Critical Time. Lydia E. Pinkham's Vegetable Compound will Help You Safely Through

Convoy, Ohio.—"During the Change of Life I was weak and run-down and could hardly do my work. By reading your advertisements I found out about Lydia E. Pinkham's Vegetable Compound and it has straightened me right out and made me feel like a new woman. By the time I had taken eight bottles I was well and could do my housework on the farm without trouble. I recommended it to my daughter-in-law after her second baby was born and it did her a wonderful lot of good. I told her to try it and if it didn't help her I would pay for it, and before she had taken one bottle she said to me, 'You won't have to pay for it! It is helping me wonderfully!' And she took three bottles of it. You can use my testimonial if you wish."—Mrs. ELSIE ACKERMAN, Convoy, Ohio.

Consider carefully Mrs. Ackerman's letter. Her experience ought to help you. She tells of the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

"I made this floor look new for only $1.30"

"I NEVER imagined it would be so easy to make my linoleum floor like new. Ever since the original varnish coating began to wear off I found it harder to keep the floor bright and clean. Then I read how re-varnishing linoleums would restore their original lustre and color and give them the smooth finish that makes linoleum so easy to keep clean. So I bought a quart can of Lawrence Tiger Brand Varnish, enough for my 9 x 12 linoleum, and with a good brush and in less than two hours, I made this floor like new. It's simply wonderful how easy it is to use Lawrence Varnish. And to think, it only cost $1.30! And I have enough left over to varnish my three kitchen chairs."

Q. Do turtles shed their shells?—A. E. B.

A. The Smithsonian Institution says that turtles, terrapins and tortoises do not shed their shells. The shell is the rib bones grown together, and grows as they grow.

Q. Why does an ear of corn always have an even number of rows?—H. D. F.

A. This pecularity is due to a botanical characteristic; that is, the splitting of the cells which form double rows.

Q. Is Washington's picture on anything higher than a five dollar bill?—W. W.

A. The portrait of George Washington is on $20 gold certificates, Series of 1905, 1906 and 1907; on $50 National bank notes issued under Acts of February 25, 1863 and June 3, 1864, Washington is shown crossing the Delaware (left); a Continental soldier (left); Justice, Liberty and Peace, above. This is also on Series of 1882 and 1908. On the interest bearing notes under Act of Congress of July 17, 1861, the portrait of Washington is on the $500 denomination, also on the $100 notes issued under Act of Congress, March 3, 1863.

Q. What is the name of the home of Joel Chandler Harris?—P. O.

A. The home of the late Joel Chandler Harris, the beloved "Uncle Remus" is in Atlanto, Georgia, and is called "The Sign of the Wren's Nest."

Q. Where did Parsees come from originally?—R. W.

A. The Parsees of India are the descendants of ancient Persians who emigrated to India on the conquest of their kingdom by the Arabs in the 8th Century. There are about 85,000 Parsees in India of which practically all but 7,000 reside in the Bombay presidency and the State of Bardoda.

Q. What can be put in cistern water that tastes of the lime and cement?—V. C. H.

A. Nothing should be put into it. The remedy lies in allowing the inside walls to air and cure for a month verts the free line in the cement to use. The carbonic acid of the air converts the fre lime in the cement to carbonate of lime which is only slightly soluable in pure water. The reactions may be accelerated by occasional sprinkling of the walls with water. It is well also to pump out a new cistern two or three times prior to use of the water for drinking.

Q. What are the salaries of the Under-Secretaries and Assistant Secretaries in the departments.—C. H. D.

A. The salary of the Under-Secretaries and the Assistant Secretaries of the different departments varies. The Under-Secretaries of State receives $7,500 a year. The Assistant Secretary of State receives $5,000 a year. The Second and Third Assistants receive $4,500. The Under-Secretary of the Treasury receives $10,000 a year. The three Assistant Secretaries receive $5,000 each. The Assistant Secretary of War receives $10,000 a year. The Assistant Secretary and Chief Clerk receives $4,000 a year. The Assistant Attorney Generals receive $7,500. The Special Assistant to the Attorney General receives $3,500. The Assistant Postmaster General receive $5,000 a year. The Assistant Secretary of the Navy receives $5,000 a year. Assistant Secretaries of Agriculture, Commerce and Labor $5,000 a year.

BUDGET MEASURE IS REPORTED OUT

The budget bill carrying appropriations totalling approximately $7,500,000 for each of the next two fiscal years was reported out to the senate by the judiciary committee yesterday afternoon, without recommendation. The plan of some of the senators is to advance the measure to second reading at once and then have it referred to committee for amendments.

The judiciary committee reported out favorably Senator Johnson's bill providing for a memorial highway to World war saldiers, to cross the state, running in a north and south direction. The bill provides that a special tax of $5 a year may be assessed against automobiles to pay for the memorial which will cost several million dollars.

SPECIAL SESSION IS SUGGESTED

An extra session of the legislature to consider water power legislation after a special commission had investigated the matter, was proposed in the house of delegates yesterday by a resolution introduced by the majority leader, I. M. Underwood, under the rules the resolution lay over for a day to await action.

It sets up a commission with the governor at its head and the presiding officers, judiciary committee chairmen and minority leaders of each branch of the legislature as the other members. The resolution would instruct this commission to proceed "at the earliest possible time to an investigation of the subject and drafting of a suitable law providing for the development of the water power resources of the state; and that said commission report the results of its investigations, together with its draft of a proposed law on the subject, to a special session of the legislature.

"RAIN," STAGE HIT, IS BOOKED

Broadway Dramatic Sucess at Ceramic on April 23.

For those who live in a cooler climate, there is always romantic interest in anything that deals with the South Sea Islands. From the time of Robert Louis Stevenson, the novelist, —dramatists have found it a fertile field, for their story-makings. It is therefore not much to be wondered at, that "Rain" probably the most dramatic success ever seen on Broadway has its scenes laid at Pago Pago, on the Island of Tutuila, a small one in that great group. Tutuila is under American domination,—but that fact does not seem to have made much difference from any of the others, with the possible exception that the missionary has greater power there than he would have had on an English governed island. This accounts for the fact, that when Sadie Thompson, a girl of easy morals comes to live at Pago Pago, the Rev. Alfred Davidson is able to secure from the governor an edict that she must be deported. A conflict between the missionary and the scarlet woman is the foundation of the plot of "Rain," and is said to be intensely dramatic, with a thrill in nearly every line.

It is to be presented by Sam H Harris at the Ceramic theatre Thursday evening, April 23, with an exceptionally good cast which includes Hilda Vaughn, Augusta Duregon, Belle Sylvia, Edward F. Nannary, C. Norman Hammond, Hans Roberts, Kenneth Fox, Alex Harford, Mary Angel, Emma Raft, Howard H. Gibson and others.

Few English Youths Can Pass Army Tests; Statistics Cited

LONDON, April—Five out of every eight prospective recruits for the British army last year were rejected because they did not fulfill the physical and mental requirements. Almost 80,000 young Englishmen volunteered, of whom 49,243 were rejected on those grounds.

For that reason and because the unemployed prefer to remain in that state and draw the dole rather than enlist, the strength of the army is more than 3,000 men below the authorized figure of 161,600.

The figures have been made public by the Secretary of State for War, Sir L. Worthington-Evans.

Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. Get about two ounces of calonite powder from your druggist—sprinkle a little on a hot, wet cloth—rub briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone.

Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of calonite powder and water dissolves every particle of them and leaves the skin and pores in their natural condition.

Constipation —the penalty of civilization

RAVENOUS eaters that they were, our primitive ancestors were not bothered much with failure of the digestive or eliminative organs to function properly. Their vigorous, active habits took care of that.

But under modern living conditions we require another means of avoiding and dispelling constipation. And so more people every year are turning to Pluto Water, the safe, quick-action physic that flushes all harmful accumulations out of the bowel tract.

Ward off dangerous appendicitis, pneumonia and influenza. Don't trust to overnight cathartics that interrupt sleep or interfere with business when they work at all. Time counts when you need a physic. Pluto Water acts in 30 minutes to two hours and never gripes.

Keep a bottle of this harmless family physic in your home always. Physicians prescribe it. Druggists everywhere sell it. Bottled at famous French Lick Springs in Indiana.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

BUDGET MEASURE IS REPORTED OUT

The budget bill carrying appropriations totalling approximately $7,500,000 for each of the next two fiscal years was reported out to the senate by the judiciary committee yesterday afternoon, without recommendation. The plan of some of the senators is to advance the measure to second reading at once and then have it referred to committee for amendments.

The judiciary committee reported out favorably Senator Johnson's bill providing for a memorial highway to World war saldiers, to cross the state, running in a north and south direction. The bill provides that a special tax of $5 a year may be assessed against automobiles to pay for the memorial which will cost several million dollars.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

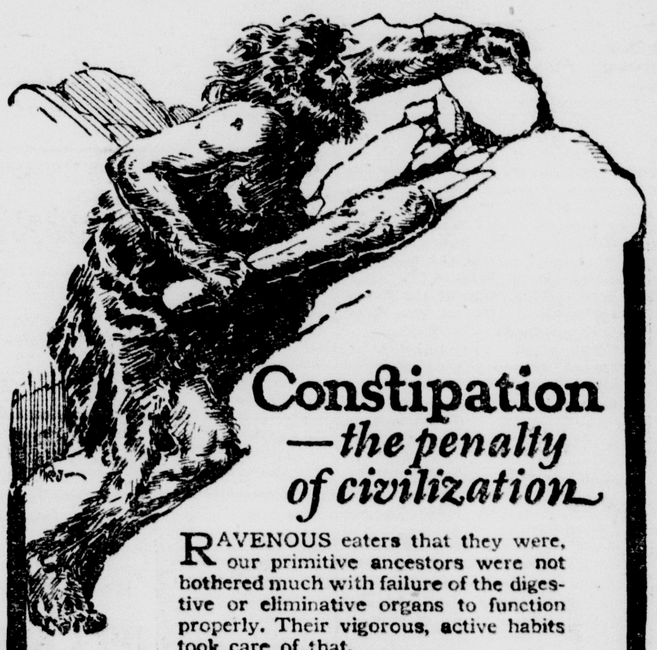
"RAIN," STAGE HIT, IS BOOKED

Broadway Dramatic Sucess at Ceramic on April 23.

For those who live in a cooler climate, there is always romantic interest in anything that deals with the South Sea Islands. From the time of Robert Louis Stevenson, the novelist, —dramatists have found it a fertile field, for their story-makings. It is therefore not much to be wondered at, that "Rain" probably the most dramatic success ever seen on Broadway has its scenes laid at Pago Pago, on the Island of Tutuila, a small one in that great group. Tutuila is under American domination,—but that fact does not seem to have made much difference from any of the others, with the possible exception that the missionary has greater power there than he would have had on an English governed island. This accounts for the fact, that when Sadie Thompson, a girl of easy morals comes to live at Pago Pago, the Rev. Alfred Davidson is able to secure from the governor an edict that she must be deported. A conflict between the missionary and the scarlet woman is the foundation of the plot of "Rain," and is said to be intensely dramatic, with a thrill in nearly every line.

It is to be presented by Sam H Harris at the Ceramic theatre Thursday evening, April 23, with an exceptionally good cast which includes Hilda Vaughn, Augusta Duregon, Belle Sylvia, Edward F. Nannary, C. Norman Hammond, Hans Roberts, Kenneth Fox, Alex Harford, Mary Angel, Emma Raff, Howard B. Gibson and others.



Constipation
—the penalty of civilization

RAVENOUS eaters that they were, our primitive ancestors were not bothered much with failure of the digestive or eliminative organs to function properly. Their vigorous, active habits took care of that.

But under modern living conditions we require another means of avoiding and dispelling constipation. And so more people every year are turning to Pluto Water, the safe, quick-action physic that flushes all harmful accumulations out of the bowel tract.

Ward off dangerous appendicitis, pneumonia and influenza. Don't trust to overnight cathartics that interrupt sleep or interfere with business when they work at all. Time counts when you need a physic. Pluto Water acts in 30 minutes to two hours and never gripes.

Keep a bottle of this harmless family physic in your home always. Physicians prescribe it. Druggists everywhere sell it. Bottled at famous French Lick Springs in Indiana.

Few English Youths Can Pass Army Tests; Statistics Cited

LONDON, April—Five out of every eight prospective recruits for the British army last year were rejected because they did not fulfill the physical and mental requirements. Almost 80,000 young Englishmen volunteered, of whom 49,243 were rejected on those grounds.

For that reason and because the unemployed prefer to remain in that state and draw the dole rather than enlist, the strength of the army is more than 3,000 men below the authorized figure of 161,600.

The figures have been made public by the Secretary of State for War, Sir L. Worthington-Evans.

Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. Get about two ounces of calonite powder from your druggist—sprinkle a little on a hot, wet cloth—rub briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone.

Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of calonite powder and water dissolves every particle of them and leaves the skin and pores in their natural condition.

CITIZENSHIP DAY IN COURT HERE

Naturalization Class Being Examined; More Than 90 Applicants.

Fourteen different nations are represented by the 92 men and women who presented themselves today, and who are to appear before an examiner in Naturalization court Friday, which will be the close of the spring naturalization court in this country.

The applicants for final citizenship papers are natives of Italy, Rumania, England, France, Bavaria, Yugoslavia, Luthuania, Bulgaria, Czechoslovakia, Greece, Turkey, Poland, Scotland, Austria.

It is disclosed that not an applicant for citizenship hailes from any country in the Western Hemisphere, many being from the war torn countries of Europe.

On account of the large class, which establishes a new record for a single court in this county, 62 applicants were to be heard today, and 35 have been ordered to report in court Friday.

On account of a change in the rules of the court, applicants for citizenship papers are examined as to their knowledge of the United States when they appear for their second papers. This change relieves the court and the examiner of considerable work when the final hearing is held.

A nominal number of divorce cases have been listed for trial Friday, and it may follow that these cases will be heard during the noon hour, or following the morning session of naturalization court.

The only applicant for final papers from France is a resident of East Liverpool, while the majority of Italians applying for citizenship papers are from Wellsville. The majority of those natives of Rumania who have been ordered to present themselves in court are residents of Salem.

There will not be another session of naturalization court in this county after Friday until late next fall. The number of those applying for first papers show that a nominal record is being maintained.

State Health Board To Test Supply of Water From Creek

Representatives of the engineering department of the State Board of Health failed to appear in Salineville Wednesday as had been proposed, with the result that County Health Commissioner Dr. T. T. Church has forwarded a sample of the water from a creek the village formerly obtained its water supply to Columbus for examination.

The compressor in the Salineville water plant is in need of repair. The plant will have to suspend operations for about 15 days, and a request was made to the state board of health for permission to use the water from the creek, a former source of water supply for the village.

"There is no doubt about the water plant being in need of repairs," suggested Dr. Church, "but the condition of the creek water is another thing. We're sending a sample to Columbus for examination, and will have to await a report on its content."

CITIZENSHIP DAY IN COURT HERE

Naturalization Class Being Examined; More Than 90 Applicants.

Fourteen different nations are represented by the 92 men and women who presented themselves today, and who are to appear before an examiner in Naturalization court Friday, which will be the close of the spring naturalization court in this country.

The applicants for final citizenship papers are natives of Italy, Rumania, England, France, Bavaria, Yugoslavia, Luthuania, Bulgaria, Czechoslovakia, Greece, Turkey, Poland, Scotland, Austria.

It is disclosed that not an applicant for citizenship hailes from any country in the Western Hemisphere, many being from the war torn countries of Europe.

On account of the large class, which establishes a new record for a single court in this county, 62 applicants were to be heard today, and 35 have been ordered to report in court Friday.

On account of a change in the rules of the court, applicants for citizenship papers are examined as to their knowledge of the United States when they appear for their second papers. This change relieves the court and the examiner of considerable work when the final hearing is held.

A nominal number of divorce cases have been listed for trial Friday, and it may follow that these cases will be heard during the noon hour, or following the morning session of naturalization court.

The only applicant for final papers from France is a resident of East Liverpool, while the majority of Italians applying for citizenship papers are from Wellsville. The majority of those natives of Rumania who have been ordered to present themselves in court are residents of Salem.

There will not be another session of naturalization court in this county after Friday until late next fall. The number of those applying for first papers show that a nominal record is being maintained.

State Health Board To Test Supply of Water From Creek

Representatives of the engineering department of the State Board of Health failed to appear in Salineville Wednesday as had been proposed, with the result that County Health Commissioner Dr. T. T. Church has forwarded a sample of the water from a creek the village formerly obtained its water supply to Columbus for examination.

The compressor in the Salineville water plant is in need of repair. The plant will have to suspend operations for about 15 days, and a request was made to the state board of health for permission to use the water from the creek, a former source of water supply for the village.

"There is no doubt about the water plant being in need of repairs," suggested Dr. Church, "but the condition of the creek water is another thing. We're sending a sample to Columbus for examination, and will have to await a report on its content."

Says Greatest Rheumatic Medicine In All the World

Hundreds of Bottles Being Sold Declare East Liverpool Druggists Who Guarantee It and Are Dispensing it to Many Sufferers in This Vicinity.

"It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges," says James H. Allen, of 26 Forbes St., Rochester, N. Y. "I know that Allenrhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints."

"I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenrhu made a well, robust, healthy man of me."

"I know because since I cured myself, hundreds have taken Allenrhu and speedily rid themselves of this agonizing disease."

Allenrhu is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body

through the natural channels.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says East Liverpool Druggists who have been appointed agents in your city. It is Mr. Allen's own discovery. If you live out of town ask him to send you full particulars.

A WORD FOR BEGINNERS.

The best way to solve a cross-word puzzle is to run quickly over the list of horizontal and vertical synonyms and compare them to the spaces in the puzzle extending crosswise or downward from the number of the synonym. Some word which will just fit in the number of space available will quickly occur to you in some instances, giving you a foundation from which to solve the more difficult words. The words must interlock perfectly.

Dry Fines Collected.

ST. CLAIRSVILLE, April — Records of the court of Mayor Henry M. Davies show that $16,300 were collected from Belmont county dry law violators as fines during March. This, it was stated, is the largest total for any month in the county's leading prohibition enforcement court — Mayor Davis' court. Bellaire booze sellers led in contributing to the state for their disregard of the dry statutes.

Sauerkraut Standard.

COLUMBUS, April — Sauerkraut manufacturers, whose national headquarters are at Clyde, Ohio, have been asked by federal government authorities to aid the United States government in fixing a standard for sauerkraut. The suggestion that a standard be determined was made by the sauerkraut manufacturers, it was stated, for the purpose of preventing the marketing of cabbage as kraut before it had reached the proper degree of fermentation.

Accept Right Now East Liverpool Offer to Chronic Indigestion Sufferers

One Bottle of Dare's Mentha Pepsin Ends Gas, Bloating, Near Suffocation, Sourness and Gaspy Breath or Your Money Back.

Astonishing Sales Amaze Druggists.

At last the way has been found to combine Pepsin with Menthol and other corrective stomach agents so that it will do the most good in the shortest possible time.

Why bother with slow actors when one dessertspoonful of this splendid and pleasant liquid remedy will cause gas, bloating, heaviness, acidity, heartburn or any upset condition of the stomach to speedily vanish.

And why should any man or woman suffer another hour with chronic indigestion or any stomach misery when this grand elixir that acts almost instantly can be easily procured?

But there is more to say about this remarkable remedy—something that will interest thousands of despondent people.

Dare's Mentha Pepsin not only quickly relieves stomach distress, but it also conquers stubborn indigestion, dyspepsia and gastritis, the kind that bothers all day and robs you of needed sleep at night.

Furthermore it puts an end to dizziness, nervousness, headache, sleeplessness and despondency which distressing troubles are nearly always caused by chronic stomach disturbance.

Dare's Mentha Pepsin is pleasant to take, has a delightfully refreshing taste and after it has put your stomach in a clean and healthy condition, just notice how much better you look and feel, for besides correcting stomach disorders this supremely good remedy that Jesse D. Holloway and druggists everywhere are glad to guarantee, is a fine tonic that builds you up and makes you work with vim, eat with relish and sleep soundly.

Says Greatest Rheumatic Medicine In All the World

Hundreds of Bottles Being Sold Declare East Liverpool Druggists Who Guarantee It and Are Dispensing it to Many Sufferers in This Vicinity.

"It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges," says James H. Allen, of 26 Forbes St., Rochester, N. Y. "I know that Allenrhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints."

"I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenrhu made a well, robust, healthy man of me."

"I know because since I cured myself, hundreds have taken Allenrhu and speedily rid themselves of this agonizing disease."

Allenrhu is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body through the natural channels.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says East Liverpool Druggists who have been appointed agents in your city. It is Mr. Allen's own discovery. If you live out of town ask him to send you full particulars.

DR. LERCY SANTE, WHO REVEALED CANCER CURE, IS C. L. HARTT'S NEPHEW

St. Louis Surgeon, Who is Attracting World-wide Attention, Has Frequently Visited East Liverpool.

Dr. Lercy Sante, St. Louis physician and surgeon, who is attracting world-wide attention through the cures of cancer sufferers by radium treatments at the St. Louis City hospital, is a nephew of Charles L. Hartt, public accountant, of Perry avenue. He has often visited here.

More than 25 sufferers of cancer have been pronounced cured by Dr. Sante, through radium treatments during the past year. The St. Louis board of aldermen voted an appropriation of $85,000 to construct and equip a special department in connection with the hospital for the treatment of cancer under the supervision of Dr. Sante, recently.

According to medical authorities, the work done at the St. Louis hospital radiology department is the most successful done so far in the field of radium for cancer cures. Many cases in advanced stages have been brought under control through Dr. Sante's course of treatment. Twenty-two specially fitted rooms are used in this work, a special prepared plaster being necessary to withdraw the radium gases.

Dr. Sante has also developed a new X-ray treatment to a remarkable degree of proficiency, and, in addition, has invented a special table which permits a physician to watch the bones of a patient while reducing a fracture. As a result of his discoveries in the medical profession he has been admitted to fellowship in the American College of Physicians.

Saves Woman's Life.

BETHESDA, April — Mrs. Anna Alberts owes her life to Stanley Brown who narrowly escaped death in saving her from being struck by a fast B. & O. freight on a grade crossing here. Mrs. Alberts walked onto the crossing without noticing the approaching train. Brown, standing nearby, sprang to her assistance and snatched her from the track just as the locomotive reached the crossing. Spectators said they expected to see both of them ground to pieces under the wheels.

Pastor, 79, Weds.

LOUGHTON, England, April — Dan Cupid is no respecter of age, for his dart has pierced the heart of George Phillips, aged 79, a Baptist lay preacher. Phillips has married for the third time, his bride being Miss Louisa Lawrence, aged 49.

The law adopted by the Philippine supreme court repiring Chinese merchants to keep their books in English, Spanish or native dialect, may be appealed to the United States supreme court.

In the Midst of Plenty Thousands of Children are Starving

Not starving for food—mind you—for of that they get plenty—but simply starving for the want of vitamines that their entire being is eagerly craving for.

Let us all be thankful that these vitamines can now be supplied and that right now this vast army of weak, thin, undernourished and underweight boys and girls can with the balmy sunshine days of spring and summer grow strong, robust and happy.

Nature's greatest health builder and strength giver is Cod Liver Oil—it's full vitamines of the first class—everyone knows that.

But pity the poor children—how can they take this nasty, nauseating stuff that invariably upsets their small, delicate stomachs?

Most of them can't and now—think goodness—none of them have to.

For now Cod Liver Oil comes in tasteless sugar coated tablets, that are as easy for the kids to take as candy and they sure do build up the youngsters in double quick time.

So mothers, if any of your loved ones aren't feeling right just ask Anderson, Larkin, Carnahan, Matthews' Medicine Store, or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets—60 tablets—60 cents.

They start to help the poor child in just a few days and they'll help you too; for you won't need to worry any more.

One sickly, thin child aged 9 gained 9 pounds in seven months and now plays daily with other children.

Splendid for any run down, weak, skinny, nervous man or woman—thousands of boxes are sold daily—but be sure and ask for McCoy's Cod Liver Oil Compound Tablets—the original and genuine. Try them for 30 days and if you aren't delighted with the improvement get your money back.

physically fit and who have served at least nine months in the National Guard, Organized Reserves, or the Regular Army.

The fact that a man has attended any of these courses in no way obligates him to enlistment in the Army.

Must Pass Physical Test.

All applicants for enrollment in the Citizens' Military Training Camps are required to have a preliminary physical examination before their applications will be accepted. They must also be inoculated against typhoid and para-typhoid fever and vaccinated against smallpox. While in the camps the greatest care will be given to the health of these young men. In fact health is a paramount consideration.

The government pays the transportation of all accepted applicants both to and from the camps. It is preferred that the men pay their own fares and then be reimbursed, or if it is not convenient for them to do this, they may be given a government transportation request. This should be presented to their local ticket agent, who in turn will issue them railroad tickets.

All uniforms are furnished free but the applicant is required to bring one suitcase or grip containing four suits of thin underwear, two suits of pajamas, six handkerchiefs, four face towels; toilet and shaving outfit.

War department officials do not say that these Citizen's Military Training Camps are vacations, but they do feel that a month of this mixture of work and play is a tremendous help in the building up of a boy, both morally and physically. The course in citizenship, it is believed, will promote a better understanding of the rights and privileges and duties of a citizen and consequently will develop patriotism. The training in the camps also will give the individual a greater respect for proper authority. This one thing in itself would appear almost to justify the camps, since the younger generation is loath to take cognizance of any authority.

Athletics form a large part of the schedule at these camps. Every man will be taught to take some part in them. The coaches are all experts from West Point, Annapolis and large colleges. Medals, cups and pennants will be awarded to winners in each sports as boxing, tennis, handball, volley ball, baseball, track and field events, and the like. Some colleges are offering scholarships to be competed for by students attending the training camps.

No Military Punishments.

While these are military camps, conducted by military officers, there are no military punishments given. That is, there are no courts-martial and no guardhouses. The men are civilians and are so regarded at all times.

The discipline is firm and impartial and the honor system is largely depended upon. For a first offense a boy is warned or reprimanded. If he repeats the offense he may be deprived of personal privileges, such as leaving barracks for a stated length of time. If, however, he shows himself to be incorrigible, he has his uniform taken from him, is given back his own clothes, a ticket home and expelled from the camp.

A boy having this record is barred from attending another of the camps. The officers in charge say that such instances are very rare. For the most part extreme measures are unnecessary.

During the four summers in which these training camps have been held the attendance has been 90,624. It is estimated that this summer at the 43 camps where these courses will be given the attendance will be approximately 35,000. The War department has received thousands of letters from parents voicing their satisfaction with the improvement in their sons which has resulted from their attendance at the camps.

More and more the benefit to be derived from this work is being realized, and a great many commercial organizations are now encouraging their employees to attend the camps. They have been endorsed by practically every Federal and state official who has visited them, and patriotic and civic organizations are actually becoming recruiting agencies.

Secretary of War Weeks in a letter to the commander of a large veterans' organization makes the following statement:

"The great development of the Citizens' Military Training Camps has been their citizenship value. This is more important even than the military, for the self-preparation of a man to defend his country is only part of an even larger and broader citizenship duty which embraces service to country as a normal, not an abnormal state; in peace as well as in war; in the office, in the shop, and on the farm as well as on the battlefield; for the office, in the shop, and on the farm as well as on the battlefield; for life rather than for two or three or four years—critical, vital, an decisive as such emergency years may be."

Advocates of the training camps insist that the camps have as great value for peace vocations as they have in the way of preparedness for war.

Bulgarian National Assembly Votes to Expel Communists

SOFIA, April — The Bulgarian National Assembly has voted to expel the six Communist deputies from that body.

Those expelled pleaded that they had nothing in common with the Moscow Soviet. Opposition leaders argued that the measure was too drastic for the "miserable wretches" who had signed the secret declaration which the Third International exacts from its Balkan members.

The declaration, General Russeff declared, reads as follows:

"I, the undersigned member of the communistic organization, declare my agreement with the program dictated by the Third International and fully believe that the proletarian dictatorship is only possible after a victorious revolution against bourgeois governments. I swear that I am a loyal revolutionary. I am ready to offer my own life as a sacrifice for the realization of the proletarian triumphs."

Haskin's Letter

(Continued from Page Four)

physically fit and who have served at least nine months in the National Guard, Organized Reserves, or the Regular Army.

The fact that a man has attended any of these courses in no way obligates him to enlistment in the Army.

Must Pass Physical Test.

All applicants for enrollment in the Citizens' Military Training Camps are required to have a preliminary physical examination before their applications will be accepted. They must also be inoculated against typhoid and para-typhoid fever and vaccinated against smallpox. While in the camps the greatest care will be given to the health of these young men. In fact health is a paramount consideration.

The government pays the transportation of all accepted applicants both to and from the camps. It is preferred that the men pay their own fares and then be reimbursed, or if it is not convenient for them to do this, they may be given a government transportation request. This should be presented to their local ticket agent, who in turn will issue them railroad tickets.

All uniforms are furnished free but the applicant is required to bring one suitcase or grip containing four suits of thin underwear, two suits of pajamas, six handkerchiefs, four face towels; toilet and shaving outfit.

War department officials do not say that these Citizen's Military Training Camps are vacations, but they do feel that a month of this mixture of work and play is a tremendous help in the building up of a boy, both morally and physically. The course in citizenship, it is believed, will promote a better understanding of the rights and privileges and duties of a citizen and consequently will develop patriotism. The training in the camps also will give the individual a greater respect for proper authority. This one thing in itself would appear almost to justify the camps, since the younger generation is loath to take cognizance of any authority.

Athletics form a large part of the schedule at these camps. Every man will be taught to take some part in them. The coaches are all experts from West Point, Annapolis and large colleges. Medals, cups and pennants will be awarded to winners in such sports as boxing, tennis, handball, volley ball, baseball, track and field events, and the like. Some colleges are offering scholarships to be competed for by students attending the training camps.

No Military Punishments.

While these are military camps, conducted by military officers, there are no military punishments given. That is, there are no courts-martial and no guardhouses. The men are civilians and are so regarded at all times.

The discipline is firm and impartial and the honor system is largely depended upon. For a first offense a boy is warned or reprimanded. If he repeats the offense he may be deprived of personal privileges, such as leaving barracks for a stated length of time. If, however, he shows himself to be incorrigible, he has his uniform taken from him, is given back his own clothes, a ticket home and expelled from the camp.

A boy having this record is barred from attending another of the camps. The officers in charge say that such instances are very rare. For the most part extreme measures are unnecessary.

During the four summers in which these training camps have been held the attendance has been 90,624. It is estimated that this summer at the 43 camps where these courses will be given the attendance will be approximately 35,000. The War department has received thousands of letters from parents voicing their satisfaction with the improvement in their sons which has resulted from their attendance at the camps.

More and more the benefit to be derived from this work is being realized, and a great many commercial organizations are now encouraging their employees to attend the camps. They have been endorsed by practically every Federal and state official who has visited them, and patriotic and civic organizations are actually becoming recruiting agencies.

Advocates of the training camps insist that the camps have as great value for peace vocations as they have in the way of preparedness for war.

Bulgarian National Assembly Votes to Expel Communists

SOFIA, April — The Bulgarian National Assembly has voted to expel the six Communist deputies from that body.

Those expelled pleaded that they had nothing in common with the Moscow Soviet. Opposition leaders argued that the measure was too drastic for the "miserable wretches" who had signed the secret declaration which the Third International exacts from its Balkan members.

The declaration, General Russeff declared, reads as follows:

"I, the undersigned member of the communistic organization, declare my agreement with the program dictated by the Third International and fully believe that the proletarian dictatorship is only possible after a victorious revolution against bourgeois governments. I swear that I am a loyal revolutionary. I am ready to offer my own life as a sacrifice for the realization of the proletarian triumphs."

British Open Title Defense Tightens Up

American Contenders Will Face Most Determined Opposition in the History of th eEvent.

By Davis J. Walsh.

NEW YORK, April 16.—Politely pained by the fact that those Bally Americans have won three championships and finished second in another in th last four years, British golfers are preparing to present the most determined defense of their open title in the modern history of the event. A hallowed institution, up to and including 1920 and not to be trifled with by outsiders, the British have been first, Jock Hutchinson and then Walter Hagen violate their sacred traditions, and make merry around the rim of their championship trophy. They accounted for the Hutchinson victory by pointing out that Jock was a reformed Scotchman anyway. Hagen, however, has had them stopped with Palate in mid-air. He is about as British as the postmaster at Council Bluffs, Iowa.

Hagen is going back for another whirl at the cup. So is MacDonald Smith, who was six or seven strokes under par for 72 holes in winning the North and South open some years ago. They will be the big guns of the invasion, but Great Britain, for the first time since the war, is ready.

British golf is coming back to the eminence it knew before the late unpleasantness in Europe disrupted its sports organizations and made a jest of its athletic man power. This was proved at the recent tournament at Roehampton.

On the occasion in question, Abe Mitchell, who has the golf to beat any man in the world, turned in a pair of 67's; Arthur Havers had one 66 and Aubrey Boomer and James Ockenden replied with 68's.

The pace was so fast, in fact, that men like Ted Ray, American open champion in 1920; J. H. Taylor and Sandy Herd failed to qualify at all. They played good golf in the middle seventies, but younger men rose from comparative obscurity to displace the veterans.

There was, for example, A. Compson, of North Manchester, with a pair of 70's. He is a new one to international rating. So are P. Allis R. G. Wilson, M. J. Bingham, C. Johns, W. Robertson, High Roberts, F. Holden and W. L. Ritchie, all of whom were well under 150 for 36 holes.

This meant only one of two things: Either Roe Hampton is not a championship course which there is no reason to believe, or the American that wins the 1925 British title will play the golf of his career.

Zbyszko Regains Mat Championship

Wins Title From Wayne "Big" Munn in Two Straight Falls in Philadelphia Arena.

PHILADELPHIA, April 16.—Stanislaus Zbyszko, at the age of 55, is again heavyweight wrestling champion of the world today.

The Pole won the world's title last night from Wayne "Big" Munn of Nebraska in less than 14 minutes.

The bout took place at the Arena auditorium here before 8,000 persons, one of the greatest crowds that ever witnessed an indoor sporting event in Philadelphia. Zbyszko won the championship in two straight falls.

The Pole apparently was as active as he was five years ago when he won the championship from "Strangler" Lewis who then took it away again later.

The first fall, which came in eight minutes and 11 seconds, was the result of a forearm hold followed by the deadly headlock. The second fall was a foregone conclusion, according to the way the audience cheered for Zbyszko. And he didn't disappoint the onlookers. Beginning with a forearm hold, Zbyszko got Munn into a head lock — and the world's heavyweight championship changed hands. The second bout lasted just four minutes and 53 seconds.

Zbyszko, according to those who saw him last night, had complete mastery over his 265-pound opponent at almost every stage of the match. Munn, wrestling fans said, had nothing but brute strength and his opponent seemed to know every angle of the game.

Munn's representatives, it was reported, declared that the Nebraska giant was ill last night when he entered the ring.

SPORTSMEN TO PLAN OUTING

Meet in Lisbon May 4 to Arrange Field Day Events.

The field day committee of the Columbiana County Fish and Game Protective association will meet in common pleas court No. 2 the evening of May 4th for the purpose of arranging final details for the annual field meet of this organization.

It is proposed to have the field meet at Guilford this year, and for the purpose of celebrating the signing of the Emmons house measure which provides for the establishing of a state park in Hanover township.

The bill authorizing the state park will not become a law until 90 days after the time it was signed by Gov. Vic Donahey.

Last Night's Fights

At Dayton, Ohio.—Frankie Bob, Dayton, scored technical knockout over Bert Palmer, Toledo, third round of scheduled 12 round bout.

Shifty Dando, Portsmouth, awarded technical knockout over Frank Etellmack, Cleveland, in the tenth of a scheduled 12 round.

Gene Delmont, Cleveland, trimmed Vic Ross, Cincinnati, 8 rounds.

"We find the system of pew rents is dying," says a church assembly committee's report, which adds that of nearly 6,000,000 sittings in Great Britain only 26,633, which is about 4 per cent, have been rented.

TWO CONTESTS FOR LAUGHLIN

Practice Tilts Arranged For Bricelin's Squad.

Plans for two practice tilts during the month, in which Newell Laughlin players will get their first taste of real baseball this season, were announced today by officials of the organization.

On Saturday afternoon employes of Laughlin No. 5 will line up against the No. 6 tossers. Sol McCoy will direct the No. 5 team and Digman will chaperon No. 6. The clash will start at 2 o'clock.

A boosters' day contest for Saturday, April 25, with an opponent not definitely determined upon, is also being arranged for the Laughlins.

Practice sessions for candidates will be resumed tonight, after a short idleness caused by unfavorable weather.

Manager Barney Bricelin asserts he is getting a good idea of the probable personnel of the club and expects to begin real drill work shortly.

Cardinals Bow Again To Cincinnati, 4 to 2

CINCINNATI, April 16.—Cincinnati made it two straight from St. Louis by winning the second game of the season, 4 to 2.

Loque pitched brilliantly except in the fourth, when an error by Breseler and three singles gave the visitors two runs. Sothoron retired after two rounds, Day holding the locals to four hits and no runs for the balance of the game.

Hornsby got his first hit of the season, a line single to right, in the fourth inning, and followed with a triple in the sixth.

Fist Fight Enlivens Dodger-Philly Clash

BROOKLYN, April 16.—A fist fight between Jacques Fournier, the Dodgers' hard hitting first baseman, and Coach Benny Myers of the Phillies marred Brooklyn's 6 to 4 victory over Philadelphia yesterday.

Fournier said after the game that Myers had insulted Pitcher Dazzy Vance in Tuesday's contest and yesterday turned the verbal attack upon him. Several blows were struck before the men could be separated by umpires and players.

Jimmy Johnston, who took Fournier's place after the first baseman and Myers had been banished from the park, contributed a double in the eighth that cleared the bases and settled the issue.

Tax Blanks Go Out.

BUCYRUS, April — Charles Fry, county auditor, kept his help busy wheeling to the postoffice the 9,000 tax blanks sent to Crawford county on which they will list their taxable property and to return their lists by May 1, next.

British Open Title Defense Tightens Up

American Contenders Will Face Most Determined Opposition in the History of th eEvent.

By Davis J. Walsh.

NEW YORK, April 16—Politely pained by the fact that those Bally Americans have won three championships and finished second in another in th last four years, British golfers are preparing to present the most determined defense of their open title in the modern history of the event. A hallowed institution, up to and including 1920 and not to be trifled with by outsiders, the British have been first, Jock Hutchinson and then Walter Hagen violate their sacred traditions, and make merry around the rim of their championship trophy. They accounted for the Hutchinson victory by pointing out that Jock was a reformed Scotchman anyway. Hagen, however, has had them stopped with Palate in mid-air. He is about as British as the postmaster at Council Bluffs, Iowa.

Hagen is going back for another whirl at the cup. So is MacDonald Smith, who was six or seven strokes under par for 72 holes in winning the North and South open some years ago. They will be the big guns of the invasion, but Great Britain, for the first time since the war, is ready.

British golf is coming back to the eminence it knew before the late unpleasantness in Europe disrupted its sports organizations and made a jest of its athletic man power. This was proved at the recent tournament at Roehampton.

On the occasion in question, Abe Mitchell, who has the golf to beat any man in the world, turned in a pair of 67's; Arthur Havers had one 66 and Aubrey Boomer and James Ockenden replied with 68's.

The pace was so fast, in fact, that men like Ted Ray, American open champion in 1920; J. H. Taylor and Sandy Herd failed to qualify at all. They played good golf in the middle seventies, but younger men rose from comparative obscurity to displace the veterans.

There was, for example, A. Compson, of North Manchester, with a pair of 70's. He is a new one to international rating. So are P. Allis R. G. Wilson, M. J. Bingham, C. Johns, W. Robertson, High Roberts, F. Holden and W. L. Ritchie, all of whom were well under 150 for 36 holes.

This meant only one of two things: Either Roe Hampton is not a championship course which there is no reason to believe, or the American that wins the 1925 British title will play the golf of his career.

Zbyszko Regains Mat Championship

Wins Title From Wayne "Big" Munn in Two Straight Falls in Philadelphia Arena.

PHILADELPHIA, April 16—Stanislaus Zbyszko, at the age of 55, is again heavyweight wrestling champion of the world today.

The Pole won the world's title last night from Wayne "Big" Munn of Nebraska in less than 14 minutes.

The bout took place at the Arena auditorium here before 8,000 persons, one of the greatest crowds that ever witnessed an indoor sporting event in Philadelphia. Zbyszko won the championship in two straight falls.

The Pole apparently was as active as he was five years ago when he won the championship from "Strangler" Lewis who then took it away again later.

The first fall, which came in eight minutes and 11 seconds, was the result of a forearm hold followed by the deadly headlock. The second fall was a foregone conclusion, according to the way the audience cheered for Zbyszko. And he didn't disappoint the onlookers. Beginning with a forearm hold, Zbyszko got Munn into a head lock — and the world's heavyweight championship changed hands. The second bout lasted just four minutes and 53 seconds.

Zbyszko, according to those who saw him last night, had complete mastery over his 265-pound opponent at almost every stage of the match. Munn, wrestling fans said, had nothing but brute strength and his opponent seemed to know every angle of the game.

Munn's representatives, it was reported, declared that the Nebraska giant was ill last night when he entered the ring.

BASEBALL MEET FRIDAY NIGHT

Plans for the organization of an independent baseball club will be discussed at a meeting to be held on Friday evening at 7 o'clock in the Ford Motor company building, West Fifth street.

The squad will be open to baseball players of the city, as well as members of the Ford organization here. Prospective applicants for berths have been asked to attend.

SPORTSMEN TO PLAN OUTING

Meet in Lisbon May 4 to Arrange Field Day Events.

The field day committee of the Columbiana County Fish and Game Protective association will meet in common pleas court No. 2 the evening of May 4th for the purpose of arranging final details for the annual field meet of this organization.

It is proposed to have the field meet at Guilford this year, and for the purpose of celebrating the signing of the Emmons house measure which provides for the establishing of a state park in Hanover township.

The bill authorizing the state park will not become a law until 90 days after the time it was signed by Gov. Vic Donahey.

Last Night's Fights

At Dayton, Ohio.—Frankie Bob, Dayton, scored technical knockout over Bert Palmer, Toledo, third round of scheduled 12 round bout.

Shifty Dando, Portsmouth, awarded technical knockout over Frank Etellmack, Cleveland, in the tenth of a scheduled 12 round.

Gene Delmont, Cleveland, trimmed Vic Ross, Cincinnati, 8 rounds.

"We find the system of pew rents is dying," says a church assembly committee's report, which adds that of nearly 6,000,000 sittings in Great Britain only 261 633, which is about 4 per cent, have been rented.

TWO CONTESTS FOR LAUGHLIN

Practice Tilts Arranged For Bricelin's Squad.

Plans for two practice tilts during the month, in which Newell Laughlin players will get their first taste of real baseball this season, were announced today by officials of the organization.

On Saturday afternoon employes of Laughlin No. 5 will line up against the No. 6 tossers. Sol McCoy will direct the No. 5 team and Digman will chaperon No. 6. The clash will start at 2 o'clock.

A boosters' day contest for Saturday, April 25, with an opponent not definitely determined upon, is also being arranged for the Laughlins.

Practice sessions for candidates will be resumed tonight, after a short idleness caused by unfavorable weather.

Manager Barney Bricelin asserts he is getting a good idea of the probable personnel of the club and expects to begin real drill work shortly.

Laughlin 6 Indoor Tossers Win Another

Cardinals Bow Again To Cincinnati, 4 to 2

CINCINNATI, April 16—Cincinnati made it two straight from St. Louis by winning the second game of the season, 4 to 2.

Loque pitched brilliantly except in the fourth, when an error by Breseler and three singles gave the visitors two runs. Sothoron retired after two rounds, Day holding the locals to four hits and no runs for the balance of the game.

Hornsby got his first hit of the season, a line single to right, in the fourth inning, and followed with a triple in the sixth.

Fist Fight Enlivens Dodger-Philly Clash

BROOKLYN, April 16.—A fist fight between Jacques Fournier, the Dodgers' hard hitting first baseman, and Coach Benny Myers of the Phillies marred Brooklyn's 6 to 4 victory over Philadelphia yesterday.

Fournier said after the game that Myers had insulted Pitcher Dazzy Vance in Tuesday's contest and yesterday turned the verbal attack upon him. Several blows were struck before the men could be separated by umpires and players.

Jimmy Johnston, who took Fournier's place after the first baseman and Myers had been banished from the park, contributed a double in the eighth that cleared the bases and settled the issue.

Tax Blanks Go Out.

BUCYRUS, April — Charles Fry, county auditor, kept his help busy wheeling to the postoffice the 9,000 tax blanks sent to Crawford county on which they will list their taxable property and to return their lists by May 1, next.

GIANTS LAUGH AT INJURIES

McGraw Conceded Most Versatile Team in Baseball.

NEW YORK, April 16.—That John J. McGraw, the well-known manager, has assembled what is probably the strongest Giant team in history, and easily the most versatile of baseball's modern generation, is a fact that is recognized by all baseball men of unprejudiced viewpoint. The present Giants, outside of the usual uncertainty in pitching, seem to be about foolproof.

Some days ago, for example, Frank Frisch, one of the greatest infielders of the age, twisted a careless ankle and was forced out of the lineup. The injury would have stopped the ordinary ball club in its tracks, but McGraw had that gifted young man, Fred Lindstrom, for the emergency and, according to first-hand observers, Frisch wasn't even missed. Lindstrom happens to be just so good that he could substitute for any man without reducing the general effectiveness of a ball club.

Some days later Lindstrom himself was injured and McGraw countered by bringing Ross Young in from right field to play second base, which he can do in a thoroughly acceptable manner, having been an infielder in his salad days. Meusel was played in right field until he kicked himself out of the pastime, whereupon Kelly, who has been playing first base as only Kelly can play it, was moved over to second and Young went back to right field. Terry, a first-class ball player, then came into the lineup at first base and the Giants' defense suffered little, if at all.

What ball club can lose two star infielders and one first-class outfielder and still muster its usual fighting front? None but the New York Giants.

They could even laugh off the loss of an additional first string outfielder, for of those they have a great plenty; so many, in fact, that it wouldn't be surprising if McGraw finally capitulated and let Meusel go to Cincinnati for a pitcher. The Californian, one of the hitting stars of the game two years ago and still as good as ever he was, is in the peculiar position of being a fine ball player, yet is either destined to sit on the bench or be sent elsewhere. That's how good the Giants are.

DEMPSEY PLANS TRIP TO EUROPE

LOS ANGELES, Cal., April 16.—Any prospect that Jack Dempsey will defend his title this summer was thoroughly dissipated today when the heavyweight champion announced he was leaving Friday for Europe. Passports for the trip were received here this morning.

Accompanied by Mrs. Dempsey, formerly Estelle Taylor, the film actress, Dempsey will arrive in New York next week and spend several weeks there making final scenes in his new motion picture before sailing for England and France.

Jack Kearns, Dempsey's manager, admitted he had opposed Dempsey's departure for the continent.

"Dempsey might make a million dollars in a bout this summer, but I don't know if this bird wants to fight any more," Kearns declared.

O'Brien Still In Running.

NEW YORK, April 16.—Tommy O'Brien, Milwaukee boxer, today remained a candidate in good standing for the New York State Athletic commission's lightweight championship, as a result of getting the decision over Pal Moran, of New Orleans, in a 12-round bout last night. Moran is not an entry in the tourney but a victory over O'Brien would have caused the latter's elimination.

The bout was slow, O'Brien being handicapped by a recently mended right hand, which was broken in scoring a knockout over George Carey some time ago. The injured member was examined after last night's bout by Dr. W. G. Fralick, who declared that O'Brien can not fight again for at least two months.

SPORT CHATTER

A bid for the national amateur golf tournament this year has just been made by the Inverness Country club, Toledo, Ohio. The last time the event was staged over that course Ted Ray of England carried off the championship and trophy that went with it.

There's an agitation afoot in England to legalize boxing in that country. The game has continued there for many years merely on a "toleration" basis. Police warn the promoters before the bouts that they will be held liable in every way for mishaps in the ring or audience. The boxers are given to undestand that they too are liable for any misfortune that may occur. The bouts are closely supervised from a police standpoint.

The agitation is being carried on with a view not only toward legalizing the sport but putting it under more uniform regulation.

English boxing fans have been hard up for real boxing for many years. Lack of good material has hurt the game. The method in which shows were conducted has not helped it.

Championship affairs have been run off at losses to the promoters. This has been especially true in the last few years, the promoters being urged on in their gambles by the big money offered for bouts and made by promoters in the U. S.

Let us hope that if the game is legalized there drastic measures be taken to keep out the evils and abuses which throttle it here.

Some of these evils are:

Privileges granted unscrupulous promoters and denied less influencial men who know more about the game and would give the public a squarer deal.

Exorbitant prices offered to second-rate boxers with the idea of "boosting" the fight enough to make that figure good.

Lack of cooperation of boxing officials throughout the country in eliminating shady fighters, managers and promoters from the game.

Proneness of many authorities to run the boxing game for personal aggrandizement rather than for the good of the sport.

Suzanne Lenglen, French tennis wizard, is quoted as saying that there is little chance of her and Helen Wills, America's champ, meeting next summer. Mlle. Lenglen points out that she considers a trip to the United States "unnecessary." However, Miss Helen is planning on invading Europe again, so they may meet.

While much has been said regarding alleged terse remarks exchanged between Miss Wills and Mlle. Lenglen at long range there is no reason to believe either holds any bad feeling for the other. It is also logical that constant efforts to stir up ill feeling between them must get on the nerves of both young ladies.

It will be unfortunate if they do not meet.

Promoters are meeting with difficulties in arranging the featherweight championship battle between the veteran Johnny Dundee and Louis Kaplan, official title holder. Kaplin wants a purse a huge outdoor crowd would draw although the fight's inside. And Dundee insists on being allowed to take his cane into the ring.

Pirates' Timely Hits Send Cubs to Defeat

CHICAGO, April 16.—Pittsburgh hit Chicago's pitchers opportunely behind bases on balls, and defeated the locals 8 to 4.

Consecutive homers by Ens and Wright were features. Meadows held the Cubs to one hit until the seventh when he weakened.

TRAP SHOOTERS CLUB FORMED

County-wide Organization to Hold Weekly Meets.

The Columbiana County Trap Shooters association has been formeed with a roster of 20 charter members, and the first shoot will be held on Lisbon grounds Friday afternoon. It is proposed to hold contests weekly on these grounds.

Officers of the association are: President, Dr. F. F. Davis, East Liverpool; secretary-treasurer, J. C. Calhoun, Wellsville; field captain James Gilmore, Lisbon.

The association will be closely identified with the County Fish and Game Protective association.

Plans have been suggested for a rifle contest during the summer to which trap shooters from adjoining countries will be asked to take part.

Cobb Sends Seventeen Players Against Sox

DETROIT, April 16.—Chicago won the second game of the series from Detroit, 9 to 6, seventeen Detroit players making the attempt to stop Tom Collins' youngsters. Six were Detroit pitchers. Whitehill lasting only until the fourth, when the White Sox did most of their scoring.

Sheely again led the visitors' offensive, his three bagger in the second starting Chicago's offensive.

Nats Drive Jones Off Mound and Beat Yanks

NEW YORK, April 16.—Tom Zachary pitched the world's champion Washington club to a 5 to 2 victory over the New York Yankees yesterday in a game which was called on account of darkness at the end of the sixth. A heavy rain storm delayed the start for half an hour.

Sam Jones was driven from the box on the second, when the Nats tallied five runs.

Pipe used in connecting the oil fields of Barrabca Bermeja, Colombia, with Cartagena bay, will weigh nearly 80,000 tons.

GIANTS LAUGH AT INJURIES

McGraw Conceded Most Versatile Team in Baseball.

NEW YORK, April 16.—That John J. McGraw, the well-known manager, has assembled what is probably the strongest Giant team in history, and easily the most versatile of baseball's modern generation, is a fact that is recognized by all baseball men of unprejudiced viewpoint. The present Giants, outside of the usual uncertainty in pitching, seem to be about foolproof.

Some days ago, for example, Frank Frisch, one of the greatest infielders of the age, twisted a careless ankle and was forced out of the lineup. The injury would have stopped the ordinary ball club in its tracks, but McGraw had that gifted young man, Fred Lindstrom, for the emergency and, according to first-hand observers, Frisch wasn't even missed. Lindstrom happens to be just so good that he could substitute for any man without reducing the general effectiveness of a ball club.

Some days later Lindstrom himself was injured and McGraw countered by bringing Ross Young in from right field to play second base, which he can do in a thoroughly acceptable manner, having been an infielder in his salad days. Meusel was played in right field until he kicked himself out of the pastime, whereupon Kelly, who has been playing first base as only Kelly can play it, was moved over to second and Young went back to right field. Terry, a first-class ball player, then came into the lineup at first base and the Giants' defense suffered little, if at all.

What ball club can lose two star infielders and one first-class outfielder and still muster its usual fighting front? None but the New York Giants.

They could even laugh off the loss of an additional first string outfielder, for of those they have a great plenty; so many, in fact, that it wouldn't be surprising if McGraw finally capitulated and let Meusel go to Cincinnati for a pitcher. The Californian, one of the hitting stars of the game two years ago and still as good as ever he was, is in the peculiar position of being a fine ball player, yet is either destined to sit on the bench or be sent elsewhere. That's how good the Giants are.

DEMPSEY PLANS TRIP TO EUROPE

LOS ANGELES, Cal., April 16.—Any prospect that Jack Dempsey will defend his title this summer was thoroughly dissipated today when the heavyweight champion announced he was leaving Friday for Europe. Passports for the trip were received here this morning.

Accompanied by Mrs. Dempsey, formerly Estelle Taylor, the film actress, Dempsey will arrive in New York next week and spend several weeks there making final scenes in his new motion picture before sailing for England and France.

Jack Kearns, Dempsey's manager, admitted he had opposed Dempsey's departure for the continent.

"Dempsey might make a million dollars in a bout this summer, but I don't know if this bird wants to fight any more," Kearns declared.

O'Brien Still In Running.

NEW YORK, April 16.—Tommy O'Brien, Milwaukee boxer, today remained a candidate in good standing for the New York State Athletic commission's lightweight championship, as a result of getting the decision over Pal Moran, of New Orleans, in a 12-round bout last night. Moran is not an entry in the tourney but a victory over O'Brien would have caused the latter's elimination.

The bout was slow, O'Brien being handicapped by a recently mended right hand, which was broken in scoring a knockout over George Carey some time ago. The injured member was examined after last night's bout by Dr. W. G. Fralick, who declared that O'Brien can not fight again for at least two months.

SPORT CHATTER

A bid for the national amateur golf tournament this year has just been made by the Inverness Country club, Toledo, Ohio. The last time the event was staged over that course Ted Ray of England carried off the championship and trophy that went with it.

There's an agitation afoot in England to legalize boxing in that country. The game has continued there for many years merely on a "toleration" basis. Police warn the promoters before the bouts that they will be held liable in every way for mishaps in the ring or audience. The boxers are given to understand that they too are liable for any misfortune that may occur. The bouts are closely supervised from a police standpoint.

The agitation is being carried on with a view not only toward legalizing the sport but putting it under more uniform regulation.

English boxing fans have been hard up for real boxing for many years. Lack of good material has hurt the game. The method in which shows were conducted has not helped it.

Championship affairs have been run off at losses to the promoters. This has been especially true in the last few years, the promoters being urged on in their gambles by the big money offered for bouts and made by promoters in the U. S.

Let us hope that if the game is legalized there drastic measures be taken to keep out the evils and abuses which throttle it here.

Some of these evils are:

Privileges granted unscrupulous promoters and denied less influencial men who know more about the game and would give the public a squarer deal.

Exorbitant prices offered to second-rate boxers with the idea of "boosting" the fight enough to make that figure good.

Lack of cooperation of boxing officials throughout the country in eliminating shady fighters, managers and promoters from the game.

Proneness of many authorities to run the boxing game for personal aggrandizement rather than for the good of the sport.

Suzanne Lenglen, French tennis wizard, is quoted as saying that there is little chance of her and Helen Wills, America's champ, meeting next summer. Mlle. Lenglen points out that she considers a trip to the United States "unnecessary." However, Miss Helen is planning on invading Europe again, so they may meet.

While much has been said regarding alleged terse remarks exchanged between Miss Wills and Mlle. Lenglen at long range there is no reason to believe either holds any bad feeling for the other. It is also logical that constant efforts to stir up ill feeling between them must get on the nerves of both young ladies.

It will be unfortunate if they do not meet.

Promoters are meeting with difficulties in arranging the featherweight championship battle between the veteran Johnny Dundee and Louis Kaplan, official title holder. Kaplin wants a purse a huge outdoor crowd would draw although the fight's inside. And Dundee insists on being allowed to take his cane into the ring.

Pirates' Timely Hits Send Cubs to Defeat

CHICAGO, April 16.—Pittsburgh hit Chicago's pitchers opportunely behind bases on balls, and defeated the locals 8 to 4.

Consecutive homers by Ens and Wright were features. Meadows held the Cubs to one hit until the seventh when he weakened.

TRAP SHOOTERS CLUB FORMED

County-wide Organization to Hold Weekly Meets.

The Columbiana County Trap Shooters association has been formeed with a roster of 20 charter members, and the first shoot will be held on Lisbon grounds Friday afternoon. It is proposed to hold contests weekly on these grounds.

Officers of the association are: President, Dr. F. F. Davis, East Liverpool; secretary-treasurer, J. C. Calhoun, Wellsville; field captain James Gilmore, Lisbon.

The association will be closely identified with the County Fish and Game Protective association.

Plans have been suggested for a rifle contest during the summer to which trap shooters from adjoining countries will be asked to take part.

Cobb Sends Seventeen Players Against Sox

DETROIT, April 16.—Chicago won the second game of the series from Detroit, 9 to 6, seventeen Detroit players making the attempt to stop Tom Collins' youngsters. Six were Detroit pitchers. Whitehill lasting only until the fourth, when the White Sox did most of their scoring.

Sheely again led the visitors' offensive, his three bagger in the second starting Chicago's offensive.

Nats Drive Jones Off Mound and Beat Yanks

NEW YORK, April 16.—Tom Zachary pitched the world's champion Washington club to a 5 to 2 victory over the New York Yankees yesterday in a game which was called on account of darkness at the end of the sixth. A heavy rain storm delayed the start for half an hour.

Sam Jones was driven from the box on the second, when the Nats tallied five runs.

Pipe used in connecting the oil fields of Barrabca Bermeja, Colombia, with Cartagena bay, will weigh nearly 80,000 tons.

GETTING UP NIGHTS
Tells you there is danger ahead. A healthy bladder does not act at night.
J. H. Dorton, W. Graham, Va., says: "I had to get up seven or eight times at night for forty years. I thought it was my age. After taking Lithiated Buchu a short time, I am alright." Lithiated Buchu cleanses the bladder as Epsom Salts do the bowels, thereby relieving irritation, driving out foreign matter and neutralizing excessive acids. These are the causes of unnatural action of the bladder at night. Lithiated Buchu (Keller Formula) is not a cheap medicine. The tablets cost 2 cents each. Sold at all leading drug stores or Keller Laboratory, Mechanicsburg, Ohio. Locally at J. D. Holloway's. adv.

GETTING UP NIGHTS
Tells you there is danger ahead. A healthy bladder does not act at night.
J. H. Dorton, W. Graham, Va., says: "I had to get up seven or eight times at night for forty years. I thought it was my age. After taking Lithiated Buchu a short time, I am alright." Lithiated Buchu cleanses the bladder as Epsom Salts do the bowels, thereby relieving irritation, driving out foreign matter and neutralizing excessive acids. These are the causes of unnatural action of the bladder at night. Lithiated Buchu (Keller Formula) is not a cheap medicine. The tablets cost 2 cents each. Sold at all leading drug stores or Keller Laboratory, Mechanicsburg, Ohio. Locally at J. D. Holloway's. adv.

The Baboon's Brother.
Food Worse Than Drink.
The Maharajah Arrives.
Smallpox—Kills the Pets.

By ARTHUR BRISBANE.

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

A big baboon went wild in the Zoological Gardens, and was shot to death. He may not represent a branch of our early ancestors, but he gave a good imitation of the inferior human races.

As his last official act on earth, he killed his little brother, the ring-tailed monkey. That justified shooting him.

In a similar way the thinking men of Great Britain find it easy to boss hundreds of millions of people in Asia. The natives keep busy fighting and hating each other as the baboon fought his ring-tailed relative. Not much difference.

Chauncey M. Depew, nearly ninety, utters solemn truth as follows: "Eating, not drinking, is the curse of America."

Whisky did harm before prohibition, and is doing under prohibition more harm than before, being 10 times as poisonous.

Nevertheless, Depew is right. Foolish eating has always killed more men that foolish drinking. Unwise eating cuts an average of 25 years from the life of every American. Whisky's record is not as bad as that.

The Maharajah of Jodphur, enormously rich young man, who rules part of India, under the thumb of Great Britain, and gets well paid, reaches London in state. He brings 70 polo ponies and four "invisible wives," so-called, because nobody sees them.

The maharajah's polo team may play against United States army officers now in Britain. And, in that case, soldiers, presumably wearing the United States uniforms, will act as lackeys looking after the ponies while "gentlemen" of the American army play the game.

It is all right for the Maharajah of Jodphur to bring native soldiers from his state to act as servants while he plays popo. But, what does the president think of sending enlisted men from the United States to play a lackey's part in England.

Is that what the farmers pay taxes for?

Is that the work for which American young men are invited to enlist?

In and around the town of Cumberland, R. I., 20 cases of smallpox worry the authorities. Three additional cases were reported yesterday. Investigation will show that some intellectual inhabitants refused vaccination on the ground that they didn't need "poison in their bood to protect them from disease."

They will think it over now.

Meanwhile the health officer of Cumberland orders the killing of all household pets in any way exposed to the disease. This should impress on fathers and mothers the fact that the "cunning pet" is a permanent disease carrier and breeding ground.

The safest pet probably would be a hairless Mexican dog. You might keep him fairly germ free by washing daily in a weak carbolic acid solution.

French newspapers and silly Americans criticize President Coolidge for saying pleasant words about the Socialist prime minister Herriot. This nation used to send friendly greetings to the Russian czars until Lenin finished them. Surely our government is closer to the French republic, even with a Socialist in charge, than it ever was to a Russian autocracy with a Romanoff in charge.

Anyhow, it is the first duty of an American president to recognize facts. And fact, is that socialism holds the balance of power in France, whether our powers like it or not.

Socialism in Europe is not what it is here. In Belgium, for instance, the socialist leader, Vandervelde, a highly educated and intelligent man, formerly minister of justice, has been summoned by King Albert to become prime minister of a new government.

In the latest parliamentary election the socialists gained 10 more seats and 138,000 votes. Even a king must notice that.

Two Salineville Men Injured When Gas Engine Explodes

The engine house of the Kirk mine, at Salineville, was damaged and two men were bruised, when a gas engine exploded last night.

The cause of the explosion is not known. Engineer George Hood and his assistant, who were standing nearby, were thrown for several yards, but received no injuries save bruises. Dr. McCullough dressed their wounds.

REPUBLICAN LEADERS AGREE TO PASS BIBLE BILL, OVERRIDE VETOES

Brown Gasoline Tax and Other Relief Measures on Party Program Will be Repassed by Majority in Legislature.

REACH DECISION AT CONFERENCE

No Legislation Will be Attempted Today, as Time Will be Devoted to Caucuses of Assembly Members.

COLUMBUS, April 16.—Definite decision to pass the Buchanan Bible reading bill and to repass over Governor Donahey's vetoes all important Republican program measures, including the Brown gasoline tax bill and tax relief bills, was reached today at a conference of Republican leaders.

The fate of the governor's four appointments is to be settled at the Republican caucusses which are scheduled to be called as soon as the two houses of the legislature convene at 1:30 o'clock this afternoon after their three weeks' recess.

Speaker Harry D. Silver and Majority Leader Robert A. Taft, of the house and Majority Leader Joseph R. Gardner, of the senate, took part in the conference.

Only a few local bills will be enacted, it was agreed, but the Sweeney resolution, proposing amendment of the state constitution to provide four-year terms for state, county and municipal elective officers will be amended so as to exempt judges and members of the legislature from its provisions

TWO MORE HATS ARE IN RING

City Auditor William McGraw and City Treasurer A. Earl Edwards today announced their candidacy for re-nomination at the August primary election. Both are Republicans.

Edwards, former councilman from the Third ward, is now serving his first term as city treasurer. McGraw is completing his second term as city auditor. He is also clerk of the Liverpool township board of trustees.

Mayor Charles Brown is the only other candidate to announce his candidacy for office at the primary election.

Petitions must be filed with the election board not later than June 12.

DEMPSEY BILL IS VICTIM OF DONAHEY'S AX

Provides Insufficient Revenue, Governor Claims.

WARNS ASSEMBLY

Executive Also Vetoes Lipp Bill, "Ripper" Measure.

COLUMBUS, April 16.—The Dempsey corporation tax bill, proposing a levy of one-tenth of one per cent on assets employed in business in Ohio, was the victim of Governor Donahey's veto ax today because he said it provided insufficient revenue.

The measure, although it contained "many meritorious features," would only raise $3,990,000, according to estimates of the state tax commission, as against $5,312,318 receipts from the corporation tax in 1924, Governor Donahey told the legislature in returning the bill disapproved. The resultant revenue loss would be $1,471,000 a year, he pointed out.

"I cannot, in good conscience," the governor said, "asset to this impairment of the revenues from corporations, particularly in this hour of need. In spite of the warning in my inaugural address, you have made appropriations some $3,000,000 in excess of the estimated receipts of the state for the next biennium. I am at a loss to understand why, in face of these excessive appropriations, you should seek to hand Ohio corporations a tax reduction gift amounting to $3,000,000."

Suggests Revenue Increase.

The governor told the legislature if they would reconsider the measure and increase the rate to provide revenue equal to previous receipts, he would approve the bill.

"I must warn you that if you enact this measure over my veto and we encounter a treasury deficit, you will be responsible," the governor added.

Taxes, if they are to be cut for the wealthy, must also be reduced for the home owner, worker, farmer and

Mutilated Body Of Man Found in Abandoned Auto

GREENVILLE, Pa., April 16—Crawford and Mercer county authorities plunged into a searching man-hunt today for the man reported to have been seen leaving the abandoned automobile in which the horribly mutilated body of W. M. Locke, of Clark, Pa., was found near Hartstown this morning.

Locke carried bank books from a Sharon, Pa., bank and $42 in cash and a timebook that designated he was a time-keeper.

King's Hair Dresser Dies.

LONDON, April 16.—Charles Jaschke, hair dresser to the king, died today. He had served most of Europe's royalty.

HOWARD SHAFER DIES IN NILES

Five Days' Illness of Pneumonia Claims Pottery Foreman.

Howard Shafer, aged about 45, formerly of East Liverpool, died at his home in Park avenue, Niles, at 1:40 o'clock this morning, following five days' illness of pneumonia.

He resided here for many years, where he was foreman of the decorating shop at the Cartwright Brothers' pottery. He removed to Niles about seven years ago, to take charge of the decorating shop of the Niles Pottery, which was recently damaged by fire.

Mr. Shafer was active in the First Methodist Protestant church here, but since locating in Niles had been a member of the Methodist Episcopal church.

He is survived by his wife and one daughter, Mrs. Carl Sheffler, of Niles; also one sister, Miss Addie Shafer, who is engaged in Salvation Army rescue work at Boston, Mass.

The body will be brought to the home of his father-in-law, D. J. Pauley, Chestnut street, where funeral services will be conducted. Burial will be made in Riverview cemetery.

CONDEMNED LAD GETS LIFE LEASE

SPRINGFIELD, Ills., April 16.—Russell Scott, condemned to die on the scaffold in Chicago tomorrow for the murder of Joseph Maurer, Loop drug store clerk, was given a chance for his life today when Governor Len Small ordered a stay of execution until July 17.

ABOUT $18,250 FOR CITY FUND FROM AUTO TAG SALE IN SIGHT

Deputy Registrar Hilbert Issues 3,900 Licenses.

$40,553 TOTAL

More Than $5,169 Collected Since April 1.

Approximately 3,900 sets of automobile license tags have been issued this year by Deputy Registrar James S. Hilbert, of George H. Owen & Co., it was announced today.

Of this number 3,298 were for pleasure cars, 575 for trucks and 19 for motorcycles, six side cars and five trailers. In addition to this, 87 transfers and nine sets of duplicate tags have also been given out.

Since April 1, when the price of license lates was reduced 25 per cent, 667 pleasure cars, 50 trucks, four motorcycles and two side cars have been licensed, or a total of 723.

Collections in license fees since the first of the year totaled $40,553.77. Since April 1, $5,169.56 has been collected.

Inasmuch as automobile registrars are located in Wellsville, Lisbon and other communities, it has been estimated that fully 90 per cent of the automobiles registered here are owned by persons residing within the corporate limits. If this estimate is correct approximately $18,250 will be returned to the municipality for the upkeep and maintenance of the streets.

Prisoner's Skull Found Fractured; Constable Blamed

YOUNGSTOWN, April 15.—A new coal was heaped on the smouldering fire of indignation against courts of justices of the peace which has been raging for several years when Michael Moga, a foreigner, was today pronounced suffering from a fractured skull. Constable Ray Gerthing, of Poland, is alleged to have beat him with a blackjack.

Gerthing and his assistant, William Dunn, say they attempted to arrest Moga and his brother, Andra, on a disturbance charge. Moga battled all the way to jail, they charged, and collapsed after he reached there.

Stephenson Must Stand Trial in Sensational Case

INDIANAPOLIS, Ind., April 16.—D. C. Stephenson, 33, former grand dragon of the K. K. K. in Indiana and a prominent figure in state politics, must stand trial in criminal court on charges of criminally attacking Miss Madge Oberholtzer, 28, who died from self-administered poison.

This was the ruling of Judge James A. Collins today in denying Stephenson's motion to quash all charges contained in the five indictments he faces. Appearing in court with Eph. Inman, chief defense counsel, Stephenson immediately entered a plea of not guilty to each of the charges, when the court's adverse decision on his motion to quash had been recorded.

No date was set for the trial.

Plan Conference At Harrisburg on Midland Road Issue

Beaver county commissioners and representatives of the Steubenville, East Liverpool and Beaver Valley Traction company and the Pennsylvania Railroad company will hold a conference with the state highway department at Harrisburg, Pa., tomorrow in an effort to settle the controversy regarding the proposed improvement of the Midland-East Liverpool road.

County commissioners Art W. Coombs, Enoch W. S. Engle and James P. Leaf of Beaver county will leave Beaver tonight.

The state highway department is anxious to complete the road this year.

The improvement, it is claimed, is being delayed over a question of right of way for the road near the upper end of Smiths Ferry.

'Poisoning' Mother Faces Death Chair Or Insane Hospital Cell

Mrs. Anna Cunningham Sleeps at Crown Point, Ind., After Weird Tale of Administering Arsenic to Children.

CROWN POINT, Ind., April 16.—The legal machinery which will send Mrs. Anna Cunningham, 47, to the electric chair or to an insane hospital for the remainder of her life was set in motion here today as the "poisoning mother" slept quietly following her weird tale of death in which she accounted for the deaths of three of her five children from arsenic poisoning administered by her.

Before the day is over, according to early plans, a sanity commission will have ruled on Mrs. Cunningham's mentality and additional murder warrants, for the deaths of her daughter, Isabelle, and her son, Harry, will have been sworn out against her, although in her epic of death, she denied Harry had been among those to whom she fed the bread spread with arsenic and butter.

She already is under indictment for the death of Walter, her youngest son, in whose exhumed body state chemists reported they found quantities of free arsenic.

Love Prompted Killings.

And it was because she loved them that she killed them, she declared in her strange confession, made last night.

She was "urged by a drawing in her head," which told her to join her husband in heaven and to take her best beloved child with her, Mrs. Cunningham said. In accounting for the mysterious series of illnesses which in six years have claimed five members of the family and left one fighting death in the Columbus hospital in Chicago.

Each time the mother would administer a fatal potion, she would take an equal dose, she said, but failed to die. Three times the brooding mother sought to follow her offspring into eternity and three times she failed in the attempt, she said. The 19-year-old daughter, Mae, was spared because she had "made trouble" for her mother and was not loved well enough to be chosen to ac-

C. ELLIS MOORE KIWANIS GUEST

Ohio Congressman Defends Record of Lower House.

Congress, prohibition, the Mellon tax reduction, the postal pay increase bill, adjusted compensation for World war veterans and the salary increase for members of the legislative body were defended by Congressman C. Ellis Moore, Cambridge attorney, in an adderss on "How Congress Works and Why," delivered at today's meeting of the Kiwanis club in the Larkins annex, Market street.

About 60 members of the club attended the luncheon, presided over by Dr. George E. Lewis. Prof. Hugh Laughlin led the singing. The attendance prize, an electric windshield wiper, furnished by Harry Keyes, was awarded to Kurt Bergner.

Lauds Chief Justice.

A communication from the Youngstown club, asking the local club to take part in a proposed Kiwanis baseball league, this summer, was referred to a committee composed of Harry Fleming and C. C. Cline.

Congressman Moore was accompanied to East Liverpool by J. R. Lloyd, postmaster at Cambridge, and secretary of the Kiwanis club at Cambridge. Mr. Moore came here from Columbus, where he addressed a state law enforcement convention yesterday afternoon.

"We are living in an age of criticism," declared Congressman Moore. "I have no objection to criticism—constructive criticism—so long as it is

"JAY" WALKER TO FACE COURT

CLEVELAND, April 16.—Mrs. James Gamble was to appear in traffic court today to answer a charge of violating the traffic ordinance by "Jay" walking. It was the first application of the traffic code to pedestrians, and presaged, according to police, an earnest attempt to make pedestrians obey the "law of the road."

Cuba's Chief Dons "Hand Me Down" Jacket for Dinner

WASHINGTON, April 16.—President-elect Machado, of Cuba, made his first appearance before Washington diplomatic elite in a "hand me down" dinner jacket taken from the shelves of an F street haberdasher, it became known today.

General Machado arrived in Washington safely, as did his entourage—but a porter made a mistake in routing his baggage, with the result that an hour or so before his social "debut" he was obliged to rush about town in search of evening dress.

The baggage was still missing today.

MAY 15 DEAD LINE FOR WORK ON SIDEWALKS

Warning is Issued by Service Director Ellis.

CITY WILL ACT

Additional 30 Days of Grace for Property Owners.

Rigid enforcement of the sidewalk improvement legislation, enacted by the city council last fall, will be launched on May 15, Service Director A. G. Ellis announced today.

Property owners have been given an additional 30 days' grace in which to comply with the city's edict. The service department will lay sidewalks specified in the improvement ordinance, in the event property owners fail to act, Ellis said. The cost of this improvement, which necessitates an additional expense, will be placed on the tax duplicate for collection.

Thousands of square yards of new sidewalks were built in the city last year following the adoption of the sidewalk improvement legislation. Director Ellis declared that many property holders were unable to have their sidewalks laid last fall, and for this reason 30 days' additional time has been granted for the work this spring.

The service director will check up property listed in the sidewalk improvement program about May 10, in an effort to locate the delinquents.

Council, in its appropriation ordinance this year, set aside a fund for sidewalk construction.

Purchase Tract In Glenmoor for U. P. Church Site

Six lots in Carson's addition to Glenmoor, along the Lincoln Highway, near Stop 55, have been purchased as the site for a new United Presbyterian church.

The lots were purchased from W. W. McCartney, A. J. Dietz and John C. Schneidmiller. The property fronts on the highway, about one quarter of a mile south of the Stop 55 crossing.

A United Presbyterian mission has been conducted for several months in the Glenmoor district, services being held in the old Ross Meadows school. Rev. C. R. Cheeks, of the Calcutta United Presbyterian church, has the mission under his supervision. It is the intention of the congregation to erect a church, probably this summer, on the newly acquired site.

Can of Tar Ignites.

A can of boiling tar, being used in repairing a roof on the Eugene Jester property, Basil avenue, took fire shortly after the noon hour today, necessitating a call for the fire department. The blaze was easily extinguished.

SEVERAL DEAD, BIG DIRIGIBLE LOOSE AS GALE WHIPS BRITAIN

R-33, England's Great Airship Floats to Sea.

BOATS IN CHASE

Heavy Damage is Reported in Yarmouth and Ulster.

PULHAM, Eng., April 16.—In a terrific gale which swept Great Britain today, several men were killed, considerable damage was done and the British army dirigible R-33 with 20 men aboard broke from its moorings and floated to sea.

At a late hour this afternoon, the R-33 was flying 1,000 feet over the English Channel and in the direction of Amsterdam. It has gasoline sufficient to propel it for two days and the British gunboat Godetia was following in its wake.

London Suffers.

Belfast reported great damage in Ulster. Yarmouth, England, reports slate roofs were ripped off and chimneys demolished. At Liverpool small boats were washed ashore and shipping paralyzed, and in London all air traffic was suspended. Two men met death in outlying cities when trees fell.

The air ministry received a wireless from the R-33 at 3:30 o'clock saying is was 60 miles northeast of Lowestoft. It reported the gale was abating, but that the vessel would not try to return until tonight.

Await Subsiding of Winds.

Observers at Lowestoft said that the R-33 was at a great height when last seen. She was apparently under control, but having a desperate fight against the gale.

The air ministry ordered the ship to follow a northerly course, not fight the gales, but await until nightfall, when it was believed the high winds would subside. It was believed the ship could return to Pulham or Cardington with the winds due to follow the gale.

Meteorological experts predicted the gale would work itself out by nightfall.

Broadcast Signals To Ships.

The air ministry stated it had no reason to believe that the R-33 would not be brought safely back to its airdrome.

The British admiralty ordered the fishery patrol boat Dee, which is now in the North Sea, to keep a sharp lookout for the air cruiser. The Godetia put to sea 15 minutes after the

CERAMIC CLASS GIVES DINNER

Faculty Members and W. E. Wells, Sr., Speak.

The second annual dinner of the Newell school in ceramic instruction was given in the banquet room of the Y. M. C. A. last evening.

Twenty-six persons, including students, instructors and guests, were seated about the festive board. Addresses, in which the future of the school was discussed, were delivered by W. J. Hepplewite, Robert V. Miller and V. J. Roehm, of the faculty.

Dr. A. V. Bleininger, chief of the research department of the Homer Laughlin China company, traced the progress of the ceramic industry from the early days to the present. He lauded Josiah Wedgewood, English potter, whom he termed "a man of rare genius and ability." He also discussed the early days of the porcelain manufacturing business in France and Germany. The need of a book, dealing with the ceramic industry for text purposes, was also stressed by the speaker.

W. E. Wells, Sr., head of the Homer Laughlin China company, lauded the services of Dr. Bleininger and the ceramic class. He discussed the development of the pottery industry in the East Liverpool district, "the cradle of the American ceramic industry," and touched upon some of the difficulties which pottery manufacturers encounter.

A. D. Osborn, superintendent of the Newell school, where the class was conducted during the year, presided. A continuation of the school for those interested is planned.

"OLD DOBBIN" IS BEING PUSHED INTO OBLIVION BY AUTOMOBILE, SURVEY BY BOY SCOUTS INDICATES

"Old Dobbin" is being pushed into oblivion more and more each day by motor drawn vehicles, figures gathered by Columbiana county Boy Scouts in a transport survey, conducted between the hours of 10 a. m. and 4 p. m. Monday, indicate, it was announced today.

At 15 stations, maintained in all parts of the county during the day, a total of 3,805 passenger automobiles, 830 trucks and but 185 horse-drawn vehicles passed. This is a ratio of 25 motor-drawn to each horse-drawn vehicle.

Approximately 50 Scouts recruited from East Liverpool, Wellsville, Salem, Lisbon, Columbiana, East Palestine and Hanoverton co-operated in the survey, which was under the direction of the Columbiana County Motor club.

The point where the heaviest traffic occurred was at West Point, where 626 passenger cars, 124 trucks and 12 horse drawn vehicles passed during the six hour perior. On the Unity-East Palestine road 400 passenger cars, 98 trucks and 12 horse drawn vehicles were counted.

Figures from the other 13 stations maintained in the county were as follows:

	Cars.	Trks.	Hrs.
Village Calcutta	217	55	25
E. Liverpool-West Point	321	84	8
E. Liverpool-Wellsville	825	109	23
Wellsville-W. Point	190	17	14
Wellsville - Salineville	100	27	16
Lisbon - Hanoverton	227	89	13
Gavers	94	21	6
Lisbon-Leetonia	230	27	0
Leetonia - Columbiana	94	11	0
Columbiana - Unity	428	70	4
Salem-Hanoverton	44	23	12
Salem-Lisbon	226	55	6
Village Hanoverton	308	70	23

The tabulated figures are to be forwarded to the division of highways, Columbus, which is working in conjunction with the federal bureau of public roads of Washington, D. C.

The purpose of the survey is to assist the state and federal highway departments in ascertaining roads which carry the most traffic in order to determine types of future road construction.

WHEELER TRIAL IS UNDERWAY

Packed Court Room as Senator Faces Federal Charges.

GREAT FALLS, Mont., April 16.—Senator Burton K. Wheeler, Democrat of Montana and Vice-Presidential candidate on the Lafollette ticket, went on trial in federal court here today on charges of misuse of his senatorial office.

In the indictment, read to a packed court room, Wheeler was charged with having accepted, after his election, a fee from Gordon Campbell, Montana oil operator, to appear before the Interior department at Washington to obtain oil and gas permits. Overt acts set forth against Wheeler were that on January 8, 1924, he agreed to intercede for Campbell at the Land office, and on January 10 and February 10, he received from Campbell checks for $2,000 each as a fee to carry out the alleged agreement.

After this trial, Wheeler must answer an indictment at Washington, charging him with conspiracy to obtain government oil and gas lands in Montana.

Included in the Washington indictment were Campbell and Edwin S. Booth, formerly solicitor of the Interior, both here as Wheeler witnesses.

based on fact. The home, the school, the church and all other institutions came in for their share of criticism but usually the fellow who criticises is the man who doesn't know what he is talking about.

"Today everyone seems to be distrusting everybody else. The men who make up our congress will soon be gone, but we want these institutions to live. A few years ago there was bitter criticism against our supreme court. President Taft was defeated for a second term by an overwhelming majority but today, there is not a more popular man in the United States than Chief Justice Taft. We have a right and a duty to make constructive criticism but we should first study to see how far that criticism will help our country.

"We have prohibition. I believe that it is the duty of every good citizen to abide by the 18th amendment so as not to increase a disrespect for law. We should respect the law whether or not we favor that law.

"Through Secretary Mellon's plan of tax reduction we all have been helped. Compare your tax payment this year with that of last year if you want proof.

Defends Expenditures.

"I favored the postal pay legislation and voted for the bills, one of which was vetoed by President Coolidge.

"President Harding, in the campaign of 1920, pledged himself toward enactment of the bonus law. I promised my constituents that I would vote as the president had promised. I could do nothing else but vote for this bill in order to be true to myself.

"I favored the salary increase for members of congress because, having served two terms in the national lawmaking body, I know what it costs to live in Washington and of the sacrifices a man makes in order to get in congress. I am a lawyer, but when I retire from office, as I eventually will, I will have no practice whatever. It will be like beginning all over for me.

"Congress was accused of being a spendthrift, but I want to tell you that the legislative branch of our government spent less during the last term than was recommended by the executive branch."

and then adopted. The resolution has already been adopted by the senate.

"Reform" group members were open in their threats today to block the whole Republican program unless the Bible bill was moved out of the senate calendar committee for a vote on the floor.

As the situation was viewed by leaders, there is every indication that the Bible bill will be quickly passed by the senate and sent to Gov. Donahey. If the measure is passed, Republican members of the "reform" group in both houses are expected to quickly line up back of the leaders' program to pass the bills over the governor's veto and wind up the session.

Challenge Governor.

Little of the tremendous fight which will decide the fate of the big bills will be apparent on the surface. Most of the battling will be in the alignment of support for and against the "reform" group drive to pass the Bible bill, and there will be considerable trading before the final decision is reached, it is believed. This is expected to result in decision to pass some new measures which failed to reach a vote in the hectic wind-up session March 28, most of them local bills.

State Agents Make 35 Arrests in Akron On Liquor Charges

AKRON, April 16.—What is believed part of the Ku Klux Klan's campaign to oust Sheriff Chris Weaver from office in Summit county, is seen today in the unexpected arrest of 35 alleged bootleggers in the North Main and Furnace street district. The arrests were made by state agents in a N. O. T. bus marked "special," and came immediately after announcement here that Clyde W. Osborne of Columbus, grand dragon of the Ohio Klan, was behind the drive against Weaver. Osborne let it be known that the Klan would ask Governor Donahey to remove Weaver for lax enforcement, although the governor has given the sheriff a clean bill of health on the same charge. Federal agents also declined to prosecute Weaver after investigating conditions here.

PARIS CABINET NAMES HELD UP

Socialists Oppose Appointment of Joseph Caillaux.

PARIS, April 16.—The Socialists again held up the formation of a new French cabinet today. The newly appointed premier, Paul Painleve, had planned to submit the cabinet names to the chamber of deputies today, but at noon announced he did not know when the cabinet would be formed.

Joseph Caillaux, called to the finance ministry by Painleve is opposed to the 10 percent levy law of the Socialists, and the Socialists said they would oppose his appointment.

Painleve told President Doumergue at 2:30 o'clock this afternoon that he would have to have more time to assemble a cabinet. Painleve told the president he expected to succeed. Caillaux's friends said Caillaux would not withdraw despite the opposition of the Socialists.

The personality of Caillaux dominated the French situation, eclipsing the appointment of Painleve to succeed Edouard Herriot, who resigned last week, and the financial crisis of the nation.

Briand Opposes Caillaux.

The situation was intensified by the sharp opposition of Aristide Briand, seven-time premier, to the appointment of Caillaux. Painleve's friends declared Briand was attempting to "torpedo" the Painleve-Caillaux cabinet, hoping himself, they said, to become premier and form a cabinet which would emit Socialists.

Painleve was in conference with Herriot and it was arranged that Caillaux and Briand would meet this afternoon and discuss their difference in opinion.

PARIS, April 16.—Wartime feeling against France's financial genius, Joseph Caillaux, who has been called to the cabinet to aid in solving the present money crisis, flamed anew on the doorstep of the premier's palace in Quai d' Orsay today.

Antonin Bamosin 28, disabled war veteran, was arrested as he waited with a loaded revolver to kill Caillaux.

"I'll get that assassin yet," he told police. They claim the former soldier is demented.

Caillaux was exiled in war days for "trafficking with the enemy," and only recently restored to citizenship.

War's changes has increased business at the port of Trieste, Italy, to the point of congestion and car shortage, while that of Fiunie is stagnant.

airship disappeared. The air ministry also broadcast S. O. S. signals for all ships to keep a lookout for the R-33.

The dirigible has been in commission but nine days and last week took a test flight across England and over London. Her fugitive flight today is the first aircraft accident since the R-34 claimed its heavy toll of lives.

Wireless Messages Picked Up.

First wireless messages from the R-33 were picked up by L. G. Hornsted, amateur operator, who heard the R-33 operator making desperate efforts to reach the air ministry.

Later, the signals were received by the ministry and wireless orders returned.

Airplanes also were sent out by the air ministry to locate and watch the course of the R-33 and report the progress of her gale-tossed voyage.

Lieutenant F. N. Booth, first officer of the R-33, is aboard her and has with him two coxswains who are able to direct navigation.

The gale, which is driving the dirigible, has caused widespread damage in coastal towns.

The top of the dirigible's mooring mast was broken when the big ship tore loose and this, dangling from the bow, hindered navigation of the airship. She was moving rapidly eastward at a high attitude when she was lost to sight at 11 a. m.

LAKEHURST, N. J., April 16.—With 58 officers and men aboard the dirigible Los Angeles soared from its hangar today on a scheduled six-hour test flight which is to determine the fitness of the ship for its second flight to Bermuda tomorrow.

"Poisoning" Mother

(Continued from Page One)

company her into death, said Mrs. Cunningham. She denied that she had poisoned her husband or Harry, their eldest son, and maintained her denial even after reporters informed her sufficient poison had been found in Harry's viscera to have caused his demise.

Made Death Sandwiches.

Twenty-five cents' worth of arsenic purchased in Gary, in 1920, after she had brooded two years over her husband's death sufficed for the slaying of Isabelle in 1920, Charles in 1922 and Walter in 1923. Harry died between Isabelle and Charles in 1921, she said.

Her determination to add David Jr., her sole support, to the death list was evidenced in her statement that two boxes of arsenic purchased by Mae at her direction accidentally were destroyed and she herself bought 50 cents' worth to complete the deed. Bread, a layer of arsenic, and a covering of butter was the medium administering the poison between meals as the children would join her in the kitchen and she with a demoniac motherly kindliness would offer them the death sandwich, according to the confession.

Each of the children was insured, Isabelle for $1,000; Harry for $2,500; Charles for $800 and Walter for $230, but the confession denied desire for gold had played a part in actuating her unnatural wish. This amazing story was told in a droning monotone as the woman lay on a jail cot and, with little urging, calmly recited minute details of the crimes.

Ignores Daughter's Advice.

Brought from Gary shortly before where she retained a lawyer to defend her mother, the daughter Mae stood at the foot of the cot and pleaded with her mother "not to talk."

"Don't say anything, mother," pleaded the girl. "These people just want to get a confession out of you."

"No, Mae," calmly replied her mother. "I am going to talk. I am tired of lying here, I don't care what becomes of me. I'll never get out of here, anyway."

REPORTS FROM STOCK MARKET

NEW YORK, April 16.—High priced industrial stocks, motors and a few of the railroad shares furnished the principal sources of speculative interest in the early trading today. Profit taking was in evidence at the start of the session and prices were irregular but good buying demand developed for the market leader, including U. S. Steel, Baldwin and American Can, and prices firmed up.

Cast Iron Pipe was the most notable exception. On the eve of the annual meeting of the company, the stock was unusually weak, dropping about 8 points near the opening and losing 12 points from the high of yesterday's session. Weakness in the stock also due to recent sharp declines in prices of iron pipe.

Motor stocks returned as leaders of the forward movement. Willys-Overland common and preferred reached new high price levels; General Motors, Pierce Arrow, Chandler, Hudson and Jordan continued to advance, as also did the stocks of the accessories companies, U. S. Rubber, Fisk Rubber, Ajax Rubber, etc. Dodge preferred was "pegged" at 100.

The unusually large increase of 62,300 barrels daily in crude oil production last week was reflected in heavy selling of the oil stocks, which again declined to near the low level of the movement.

Radio Corporation and U. S. Realty were the leaders in the forward movement of specialty stocks. Reynolds Spring, Texas Gulf Sulphur, Industrial Alcohol and Postum Cereal were firm.

Grain markets continued reactionary. Cotton steady. Call money renewals 3½ per cent.

small business man, the governor declared.

The governor also vetoed, as a "ripper" measure, the Lipp bill proposing to take from the governor and finance director all control and supervision of employes of the state tax commission. He recalled in his message to the legislature last January his statement that "the people want a rest from political upheavals in government."

Gov. Donahey also vetoed the Abele bill to facilitate development of the Cleveland Lake Erie water front by permitting assessment of abutting or specially benefitted land for waterfront thoroughfares and other public improvements. He opposed the provision which would grant fee to the land to the city, contending it should remain held by the state.

MAN IS KILLED BY AUTO TRUCK

Brother of Mrs. E. E. Ralston Dies in Baltimore Hospital.

Harry R. Coffland, 44 years old, a brother of Mrs. Emmet E. Ralston of 423 Riverside avenue, this city, died yesterday in St. Joseph's hospital, Baltimore, Md., as a result of injuries received Tuesday night when a motor truck ran over his legs.

Both of Coffland's legs were crushed by the truck, it is said.

In a vain effort to save the man's life, hospital physicians at St. Joseph's, amputated his left leg.

Walter W. Wilson, driver of the truck which passed over Coffland's body, was arrested shortly after the accident, by police, but was released on his personal recognizance pending an inquest which is to be held tonight.

The accident, according to reports, occurred at a street intersection in Baltimore. Coffland, it is understood, was attempting to board the truck while it was in motion, and slipping, fell beneath the wheels.

The truck was owned by the Co-Operative Hauling association, of Hartford county, Md.

In addition to Mrs. Ralston, of this city, Coffland is survived by one other sister, and a brother, James L. Coffland, of Bridgeport, O., to whose home the body will be taken for funeral services.

POLICE, FIREMEN GO WITHOUT PAY

Wellsville policemen and firemen will have to depend upon council for their pay.

This was the situation following "payless day" on Wednesday, as outlined by City Auditor Fred Eckfeld.

All city employes save the police and firemen received their checks as usual yesterday. However, Auditor Eckfeld announced, there was only $340 in the safety fund to meet a debt of $1,015, representing monthly wages, in total, of the two departments, and consequently, he announced, he issued no checks.

It will be up to city council to figure a way out, Eckfeld explained.

Play is Postponed.

The play which was to have been given tonight by Westminster Guild girls of the First Presbyterian church, has been postponed until next Tuesday evening, according to announcement by officers of the organization.

EAST LIVERPOOL — AMERICA'S POTTERY CENTER

THURSDAY, APRIL 16, 1925.

Benches For City Parks

With the advent of spring and summer just around the corner, thoughts of municipal officials should be directed to the equipment of shady nooks and breathing spots for the people whose taxes make city parks possible.

East Liverpool possesses three parks, two maintained by the city and another established by private means. They are: Thompson park, Northside; City park., West Fifth street, and Riverside park, between Walnut street and Broadway, which was opened last summer by George C. Thompson,

For many years, most of the supervision of park officials has been devoted to Thompson park, which was deeded to the city by the late W. L. Thompson, and is one of the beauty spots of the community. Little, if any, attention has been given to the allotment near the City hospital.

Thompson park, through funds provided for the purpose, has a few benches. This is also true in reference to the Riverside breathing place, as a result of expenditures by the pottery manufacturer who proposed the plan. But Nature alone has provided resting places in the West Fifth street park.

Let's provide benches in all parks, members of the park commission.

Recipe For Diamonds

Somebody has been advertising in American newspapers for a lost formula for making diamonds. It may be a hoax. It may be a subtle advertisement for "glass diamonds" or for something in no wise related to diamonds. You never can tell about modern publicity methods. In any event, it is interesting. Anything about diamonds is, especially when it is mysterious.

Diamonds can be manufactured. There is no doubt of it. Chemists do it by fusing carbon in an electric furnace and letting it cool and crystallize under enormous pressure. That seems to be the way Nature makes her diamonds. But so far, she beats man at the game. All the stones obtained artificially by this method have been so small as to have no commercial value. Nature has bigger and more powerful furnaces underground, and needs no electric arc. But the very infrequency of natural diamonds, in comparison with other crystals, shows that Nature herself finds such manufacture difficult.

Man may succeed nevertheless, one of these days, in duplicating the natural stones at will. Possibly someone has succeeded already. There have been rumors, more than once, of such a discovery being concealed in order not to upset the diamond market and destroy enormous values.

Wilhelm Contributes

Kaiser Wilhelm is reported to be giving $250,000 for Hindenburg's campaign fund. Hindenburg remains the kaiser's devoted servant, and makes no concealment of the fact, although his managers soft-pedal that sort of business.

Neither Hohenzollern nor Hindenburg is capable of change, any more than the old Bourbons were. They learn nothing and forget nothing.

Fortunately for the world, and perhaps for poor old Hohenzollern, there does not seem to be much chance of Hindenburg's election. Whatever enthusiasm there may be for the iron field marshal, there is little, outside of the military and junker class, for the skulking kaiser. But if the unexpected should happen, it would be a sad, disillusioning stroke of fate for Wilhelm. He had better die in bed at Doorn than sit on an unsteady throne in Berlin, with the powers doing a war dance around him.

The Common Scold

They're trying another woman in New Jersey as a "common scold," under a law dating from colonial times. The law has been almost obsolete in recent generations—the records show only two prosecutions under it in 50 years. Still there are men in New Jersey who think it ought to be kept alive and applied freely.

It's an interesting commentary on human nature—that ancient law. A philosopher might wonder why it was applied only to women. Perhaps the answer would be that men made the laws in olden days—and still do.

Feminism may change that. There are male scolds as well as female, and what they lack in numbers they often make up in vigor. If there are more scolding women than scolding men, possibly it is because women's tempers are more harassed than men's. Many a man learns this for the first time when he tries staying at home, looking after the house and taking care of the children for a few days.

New War Lord

Premier Mussolini, of Italy, not content with being already the head and most of the body of his cabinet, has taken over the war ministry left vacant by resignation. He announces:

"I intend to devote my best energies to the army in order to make it an ever more effective instrument of Italian power."

Is this the beginning of a new chapter in Mussolini's career? He has always aped Napoleon and is said to regard himself as a new incarnation of the great Corsican. But for the most part, so far, he has confined his program to domestic dictatorship, merely showing his teeth occasionally at Greece and some of his other neighbors. It may be that he intends to embark now on an aggressive military program abroad.

If so, it is the beginning of the end of Mussolini's power. Italians may endure another Caesar or Napoleon, but the rest of the world will not.

Aunt Eppie Hogg, The Fattest Woman in 3 Counties— By Fontaine Fox

NEW YORK DAY BY DAY

By O. O. McINTYRE

NEW YORK, April 16.—There is a job in New York where you are paid for being dismissed. Several big department stores have employes who are known as "O. F. M.'s." They are the Official Fired Men, and sometimes they are fired 15 or 20 times a day.

Their discharge is merely a sop to the feelings of ruffled customers. A justifiable complaint is made. The manager is grieved. He sends for a man whom he gives the customer the idea is responsible for the trouble. He comes in wearing a hang-dog look.

The manager thunders his seeming wrath. The O. F. M. tries to build up a justification, but his every excuse is swept away and he stands the picture of despair. They are said to be great actors. In the end he is told the firm can use him no longer.

He is given a slip of paper and told to see the cashier for what salary is coming to him. He slouches out, returns to his desk, lights a cigarette and awaits the next dismissal. Many times the customer feels that the matter has gone too far. He does not want to see a man lose his job.

He pleads for his reinstatement, and if he pleads long enough the O. F. M. will be recalled and told that it is only due to the customer's magnanimity that he will be able to continue his post. He grasps the customer's hand in gratitude, wipes a way the suspicion of a tear and goes back to his desk.

Of course, after the O. F. M. is discharged the department store makes a thorough investigation of the complaint and seeks in every way to correct it, but in a public rebuke and dismissal they have immpressed the customer as they might not in any other way.

One customer is said to have made three complaints and in each instance the same employe was dismissed. He became suspicious and wrote a letter, and that is how the story leaded out.

How to become a New York intellectual: Have a polite contempt for the works of Harold Bell Wright. And hail Dreiser as greatest of them all.

"There goes the dress business!" This was the wail of one of the avenue's best known makers of ladies' clothes following the most recent drive of the officials to Saharaize Gotham. The closing of the prominent night clubs, he said, would cause a 40 per cent falling off in the sale of evening gowns. It was further explained that most of these gowns were worn purely for public display. If entertainment is driven back to the private homes where people meet the same old friends they will not be so anxious for a variety of frocks.

New York ladies, by the way, are going to unusual lengths in their toilette. It started during the recent Palm Beach season. Manicurists were called upon to do the ladies' toenails. They were glossed to the pink of splendor so that they fairly shone through their sandals when they lolled about on the sands. Manicurists were not eager for the work and the price of an ordinary manicure was quadrupled.

Science Discovers New Safe Way to Remove Hair Roots

At last Science has found a safe, easy way to banish superfluous hair—roots and all! No more painful electric treatments. No more bothersome and ineffective "removers."

You just apply a marvelous new Oriental balsam—almost as easy to use as a cold cream. Penetrates towards the hair roots and gently "eases out" every hair—roots and all—and leaves the skin clear, smooth, white. No muss. No odor. No growing back of hair stronger than ever. Absolutely harmless.

Karma, it's called, and it's guaranteed. You can get it at any good store such as:—

Anderson's Drug Store, Bulger's Pharmacy, Herche's Drug Store, Hodson's Drug Store.

My friend Bill Johnston wrote a book called "These Women." Bill is happily married but he had some cynical things to say about womankind. It seems significant that, after saying them and delivering his manuscript to the publisher, he embarked on a journey around the world.

That George Jean Nathan is to leave his co editorship of The American Mercury to write a novel in Europe and leave Mencken at the helm alone is like splitting the Smith Brothers or the Gold Dust Twins. Nathan will continue as a contributor and no doubt pick up a dazzling galaxy of German words to scatter from coast to coast.

HASKIN'S LETTER

BY FREDERIC J. HASKIN

WASHINGTON, D. C., April 16.—Now comes the season of the year when people are making their vacation plans, and parents are inquiring about summer camps for their sons. Accordingly the War Department is beginning its annual campaign for enrollment into the Citizens' Military Training Camps.

Although these camps were not established as such until 1920, under the National Defense Act of that year, they are the outcome of the Plattsburg movement. In 1913, Major General Leonard Wood, who was then Chief of Staff of the Army, established training camps at Gettysburg, Pennsylvania, and at the Presido of Monterey, California. The presidents of some of the leading universities of the country cooperated with General Wood and the first students were college men. The idea spread from year to year until the first business men's camp was held at Plattsburgh in 1915. Graduates of these early camps formed the Military Training Camps association.

These camps, which have had the approval of every President since Theodore Roosevelt, have as their avowed purposes, first, to bring together young men of high type, both native and foreign-born from all sections of the country, on a common basis of equality, and under the most favorable conditions of outdoor life; second, to stimulate and promote citizenship, patriotism and Americanism, and thus develop a closer national and social unity; and third, to develop the young men physically, mentally and morally, implanting such habits and ideas in their minds as will be of the greatest benefit to them, their community, and to the country as a whole.

The camps are open to men and boys between the ages of 17 and 31. There are four courses, the basic, the red, the white and the blue. A boy need not have had any previous military training in order to be accepted for the basic course. Applicants for the red course must have graduated from the basic, or have had military training equivalent thereto. Applicants for the white course must have had a grammar-school education or its equivalent, possess qualities of leadership and be of good moral character.

The blue course is open only to warrant officers or enlisted men who are

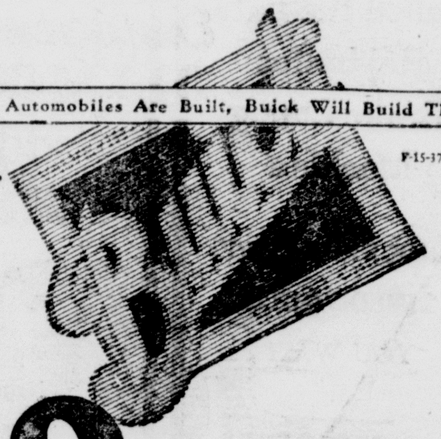
When Better Automobiles Are Built, Buick Will Build Them

No. 1 F-15-17-A



Question: *Why are more women driving Buicks than any other make of six-cylinder car?*

Answer: One reason is the striking appearance of this famous motor car. Then comes Buick dependability. A woman knows when she starts out with her Buick that she will "get there and back." Other reasons are—the comfort in driving a Buick—the velvet clutch action, easy steering; then the power and quietness of Buick's Valve-in-Head engine and the safety of Buick *mechanical* four-wheel brakes.

Splendid Principal Cast for Seniors' Play, "Char-Ming"

A splendid principal cast has been secured for Char-Ming, the musical comedy which will be staged in the high school auditorium Friday and Saturday by the senior class.

Wayne Furrer is the dashing young American, over in China, in search of his kidnaped finance, the lost heiress. The heiress is Gertrude Weaver. While he is waiting for results from the defective detective, Will I. Ketchum (E. K. Bennet Ja., he neearly falls in love with a Chinese maiden called Char-Ming, who is in reality, Jean Sloane. However, Fun-Fun, the villain, Homer Boyd, is also determined to have Char-Ming as is Cholly Young, Paul White, her Chinese lover, whica complicates matters. Esther Irwin adds much to the mystery of the play as Alba Arlington, an investigator. Bruce Perry as Hop Toy, Char-Ming's father, Abraham Sand as Yu Li, a servant, and Ralph George, as English Chester, make the play even more mysterious.

Kenneth Pyles relieves the tenseness of the situation with some very clever comedy.

Fern Fancywork Club Meeting.

Kimberly Competing For Diamond Cutting Center of World

JOHANNESBURG, April.—A serious effort to compete with Amsterdam as the world's diamond cutting center is to be made by Kimberly, the South African diamond center.

Negotiations are nearing completion for the establishment of a diamond cutting industry on a large scale in the town, according to James Moir, chairman of the Kimberley publicity committee.

Meanwhile, the South African Parliament is discussing a bill to further government control of the diamond industry. The bill is an attempt to put a check to the alleged enormous profits made by the diamond companies, who are doing ever-increasing business.

Q. Do turtles shed their shells?—A. E. B.

A. The Smithsonian Institution says that turtles, terrapins and tortoises do not shed their shells. The shell is the rib bones grown together, and grows as they grow.

Q. Why does an ear of corn always have an even number of rows?—H. D. F.

A. This peculiarity is due to a botanical characteristic; that is, the splitting of the cells which form double rows.

Q. Is Washington's picture on anything higher than a five dollar bill?—W. W.

A. The portrait of George Washington is on $20 gold certificates, Series of 1905, 1906 and 1907; on $50 National bank notes issued under Acts of February 25, 1863 and June 3, 1864, Washington is shown crossing the Delaware (left); a Continental soldier (left); Justice, Liberty and Peace, above. This is also on Series of 1882 and 1908. On the interest bearing notes under Act of Congress of July 17, 1861, the portrait of Washington is on the $500 denomination, also on the $100 notes issued under Act of Congress, March 3, 1863.

Q. What is the name of the home of Joel Chandler Harris?—P. O.

A. The home of the late Joel Chandler Harris, the beloved "Uncle Remus" is in Atlanto, Georgia, and is called "The Sign of the Wren's Nest."

Q. Where did Parsees come from originally?—R. W.

A. The Parsees of India are the descendants of ancient Persians who emigrated to India on the conquest of their kingdom by the Arabs in the 8th Century. There are about 85,000 Parsees in India of which practically all but 7,000 reside in the Bombay presidency and the State of Bardoda.

Q. What can be put in cistern water that tastes of the lime and cement?—V. C. H.

A. Nothing should be put into it. The remedy lies in allowing the inside walls to air and cure for a month verts the free line in the cement to use. The carbonic acid of the air converts the fre lime in the cement to carbonate of lime which is only slightly soluable in pure water. The reactions may be accelerated by occasional sprinkling of the walls with water. It is well also to pump out a new cistern two or three times prior to use of the water for drinking.

WOMEN BORN 1873 TO 1881

Now Is the Critical Time. Lydia E. Pinkham's Vegetable Compound will Help You Safely Through

Convoy, Ohio.—"During the Change of Life I was weak and run-down and could hardly do my work. By reading your advertisements I found out about Lydia E. Pinkham's Vegetable Compound and it has straightened me right out and made me feel like a new woman. By the time I had taken eight bottles I was well and could do my housework on the farm without trouble. I recommended it to my daughter-in-law after her second baby was born and it did her a wonderful lot of good. I told her to try it and if it didn't help her I would pay for it, and before she had taken one bottle she said to me, 'You won't have to pay for it! It is helping me wonderfully!' And she took three bottles of it. You can use my testimonial if you wish."—Mrs. ELSIE ACKERMAN, Convoy, Ohio.

Consider carefully Mrs. Ackerman's letter. Her experience ought to help you. She tells of the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

"I made this floor look new for only $1.30"

"I NEVER imagined it would be so easy to make my linoleum floor like new. Ever since the original varnish coating began to wear off I found it harder to keep the floor bright and clean. Then I read how re-varnishing linoleums would restore their original lustre and color and give them the smooth finish that makes linoleum so easy to keep clean. So I bought a quart can of Lawrence Tiger Brand Varnish, enough for my 9 x 12 linoleum, and with a good brush and in less than two hours, I made this floor like new. It's simply wonderful how easy it is to use Lawrence Varnish. And to think, it only cost $1.30! And I have enough left over to varnish my three kitchen chairs."

BUDGET MEASURE IS REPORTED OUT

The budget bill carrying appropriations totalling approximately $7,500,000 for each of the next two fiscal years was reported out to the senate by the judiciary committee yesterday afternoon, without recommendation. The plan of some of the senators is to advance the measure to second reading at once and then have it referred to committee for amendments.

The judiciary committee reported out favorably Senator Johnson's bill providing for a memorial highway to World war saldiers, to cross the state, running in a north and south direction. The bill provides that a special tax of $5 a year may be assessed against automobiles to pay for the memorial which will cost several million dollars.

SPECIAL SESSION IS SUGGESTED

An extra session of the legislature to consider water power legislation after a special commission had investigated the matter, was proposed in the house of delegates yesterday by a resolution introduced by the majority leader, I. It sets up a commission with the governor at its head and the presiding officers, judiciary committee chairmen and minority leaders of each branch of the legislature as the other members. The resolution would instruct this commission to proceed "at the earliest possible time to an investigation of the subject and drafting of a suitable law providing for the development of the water power resources of the state; and that said commission report the results of its investigations, together with its draft of a proposed law on the subject, to a special session of the legislature.

"RAIN," STAGE HIT, IS BOOKED

Broadway Dramatic Sucess at Ceramic on April 23.

For those who live in a cooler climate, there is always romantic interest in anything that deals with the South Sea Islands. From the time of Robert Louis Stevenson, the novelist, —dramatists have found it a fertile field, for their story-makings. It is therefore not much to be wondered at, that "Rain" probably the most dramatic success ever seen on Broadway has its scenes laid at Pago Pago, on the Island of Tutuila, a small one in that great group. Tutuila is under American domination,—but that fact does not seem to have made much difference from any of the others, with the possible exception that the missionary has greater power there than he would have had on an English governed island. This accounts for the fact, that when Sadie Thompson, a girl of easy morals comes to live at Pago Pago, the Rev. Alfred Davidson is able to secure from the governor an edict that she must be deported. A conflict between the missionary and the scarlet woman is the foundation of the plot of "Rain," and is said to be intensely dramatic, with a thrill in nearly every line.

It is to be presented by Sam H. Harris at the Ceramic theatre Thursday evening, April 23, with an exceptionally good cast which includes Hilda Vaughn, Augusta Duregon, Belle Sylvia, Edward F. Nannary, C. Norman Hammond, Hans Roberts, Kenneth Fox, Alex Harford, Mary Angel, Emma Raft, Howard B. Gibson and others.

Few English Youths Can Pass Army Tests; Statistics Cited

LONDON, April—Five out of every eight prospective recruits for the British army last year were rejected because they did not fulfill the physical and mental requirements. Almost 80,000 young Englishmen volunteered, of whom 49,243 were rejected on those grounds.

For that reason and because the unemployed prefer to remain in that state and draw the dole rather than enlist, the strength of the army is more than 3,000 men below the authorized figure of 161,600.

The figures have been made public by the Secretary of State for War, Sir L. Worthington-Evans.

Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. Get about two ounces of calonite powder from your druggist—sprinkle a little on a hot, wet cloth—rub briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone.

Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of calonite powder and water dissolves every particle of them and leaves the skin and pores in their natural condition.

Constipation —the penalty of civilization

RAVENOUS eaters that they were, our primitive ancestors were not bothered much with failure of the digestive or eliminative organs to function properly. Their vigorous, active habits took care of that.

But under modern living conditions we require another means of avoiding and dispelling constipation. And so more people every year are turning to Pluto Water, the safe, quick-action physic that flushes all harmful accumulations out of the bowel tract.

Ward off dangerous appendicitis, pneumonia and influenza. Don't trust to overnight cathartics that interrupt sleep or interfere with business when they work at all. Time counts when you need a physic. Pluto Water acts in 30 minutes to two hours and never gripes.

Keep a bottle of this harmless family physic in your home always. Physicians prescribe it. Druggists everywhere sell it. Bottled at famous French Lick Springs in Indiana.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

CITIZENSHIP DAY IN COURT HERE

Naturalization Class Being Examined; More Than 90 Applicants.

Fourteen different nations are represented by the 92 men and women who presented themselves today, and who are to appear before an examiner in Naturalization court Friday, which will be the close of the spring naturalization court in this country.

The applicants for final citizenship papers are natives of Italy, Rumania, England, France, Bavaria, Yugoslavia, Luthuania, Bulgaria, Czechoslovakia, Greece, Turkey, Poland, Scotland, Austria.

It is disclosed that not an applicant for citizenship hailes from any country on the Western Hemisphere, many being from the war torn countries of Europe.

On account of the large class, which establishes a new record for a single court in this county, 62 applicants were to be heard today, and 35 have been ordered to report in court Friday.

On account of a change in the rules of the court, applicants for citizenship papers are examined as to their knowledge of the United States when they appear for their second papers. This change relieves the court and the examiner of considerable work when the final hearing is held.

A nominal number of divorce cases have been listed for trial Friday, and it may follow that these cases will be heard during the noon hour, or following the morning session of naturalization court.

The only applicant for final papers from France is a resident of East Liverpool, while the majority of Italians applying for citizenship papers are from Wellsville. The majority of those natives of Rumania who have been ordered to present themselves in court are residents of Salem.

There will not be another session of naturalization court in this county after Friday until late next fall. The number of those applying for first papers show that a nominal record is being maintained.

State Health Board To Test Supply of Water From Creek

Representatives of the engineering department of the State Board of Health failed to appear in Salineville Wednesday as had been proposed, with the result that County Health Commissioner Dr. T. T. Church has forwarded a sample of the water from a creek the village formerly obtained its water supply to Columbus for examination.

The compressor in the Salineville water plant is in need of repair. The plant will have to suspend operations for about 15 days, and a request was made to the state board of health for permission to use the water from the creek, a former source of water supply for the village.

"There is no doubt about the water plant being in need of repairs," suggested Dr. Church, "but the condition of the creek water is another thing. We're sending a sample to Columbus for examination, and will have to await a report on its content."

"It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges," says James H. Allen, of 26 Forbes St., Rochester, N. Y. "I know that Allenrhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints."

"I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenrhu made a well, robust, healthy man of me."

"I know because since I cured myself, hundreds have taken Allenrhu and speedily rid themselves of this agonizing disease."

Allenrhu is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body through the natural channels.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says East Liverpool Druggists who have been appointed agents in your city. It is Mr. Allen's own discovery. If you live out of town ask him to send you full particulars.

A WORD FOR BEGINNERS.

The best way to solve a cross-word puzzle is to run quickly over the list of horizontal and vertical synonyms and compare them to the spaces in the puzzle extending crosswise or downward from the number of the synonym. Some word which will just fit in the number of space available will quickly occur to you in some instances, giving you a foundation from which to solve the more difficult words. The words must interlock perfectly.

Dry Fines Collected.

ST. CLAIRSVILLE, April — Records of the court of Mayor Henry M. Davies show that $16,300 were collected from Belmont county dry law violators as fines during March. This, it was stated, is the largest total for any month in the county's leading prohibition enforcement court — Mayor Davis' court. Bellaire booze sellers led in contributing to the state for their disregard of the dry statutes.

DR. LERCY SANTE, WHO REVEALED CANCER CURE, IS C. L. HARTT'S NEPHEW

St. Louis Surgeon, Who is Attracting World-wide Attention, Has Frequently Visited East Liverpool.

Dr. Lercy Sante, St. Louis physician and surgeon, who is attracting world-wide attention through the cures of cancer sufferers by radium treatments at the St. Louis City hospital, is a nephew of Charles L. Hartt, public accountant, of Perry avenue. He has often visited here.

More than 25 sufferers of cancer have been pronounced cured by Dr. Sante, through radium treatments during the past year. The St. Louis board of aldermen voted an appropriation of $85,000 to construct and equip a special department in connection with the hospital for the treatment of cancer under the supervision of Dr. Sante, recently.

According to medical authorities, the work done at the St. Louis hospital radiology department is the most successful done so far in the field of radium for cancer cures. Many cases in advanced stages have been brought under control through Dr. Sante's course of treatment. Twenty-two specially fitted rooms are used in this work, a special prepared plaster being necessary to withdraw the radium gases.

Dr. Sante has also developed a new X-ray treatment to a remarkable degree of proficiency, and, in addition, has invented a special table which permits a physician to watch the bones of a patient while reducing a fracture. As a result of his discoveries in the medical profession he has been admitted to fellowship in the American College of Physicians.

Saves Woman's Life.

BETHESDA, April — Mrs. Anna Alberts owes her life to Stanley Brown who narrowly escaped death in saving her from being struck by a fast B. & O. freight on a grade crossing here. Mrs. Alberts walked onto the crossing without noticing the approaching train. Brown, standing nearby, sprang to her assistance and snatched her from the track just as the locomotive reached the crossing. Spectators said they expected to see both of them ground to pieces under the wheels.

Mr. Eugene F. Diener of Dunnville, Ontario, writes: "I wish to thank you for the benefit I have received from using your tablets for piles. I have suffered from bleeding piles for over 29 years and have tried everything, from the best doctors to all the advertised remedies, but Hamadala is the only thing that ever helped me."

In the Midst of Plenty Thousands of Children are Starving

Not starving for food—mind you—for of that they get plenty—but simply starving for the want of vitamines that their entire being is eagerly craving for.

Let us all be thankful that these vitamines can now be supplied and that right now this vast army of weak, thin, undernourished and underweight boys and girls can with the balmy sunshine days of spring and summer grow strong, robust and happy.

Nature's greatest health builder and strength giver is Cod Liver Oil—it's full vitamines of the first class—everyone knows that.

But pity the poor children—how can they take this nasty, nauseating stuff that invariably upsets their small, delicate stomachs?

Most of them can't and now—think goodness—none of them have to.

For now Cod Liver Oil comes in tasteless sugar coated tablets, that are as easy for the kids to take as candy and they sure do build up the youngsters in double quick time.

So mothers, if any of your loved ones aren't feeling right just ask Anderson, Larkin, Carnahan, Matthews' Medicine Store, or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets—60 tablets—60 cents.

They start to help the poor child in just a few days and they'll help you too; for you won't need to worry any more.

One sickly, thin child aged 9 gained 5 pounds in seven months and now plays daily with other children.

Splendid for any run down, weak, skinny, nervous man or woman—thousands of boxes are sold daily—but be sure and ask for McCoy's Cod Liver Oil Compound Tablets—the original and genuine. Try them for 30 days and if you aren't delighted with the improvement get your money back.

physically fit and who have served at least nine months in the National Guard, Organized Reserves, or the Regular Army.

The fact that a man has attended any of these courses in no way obligates him to enlistment in the Army.

Must Pass Physical Test.

All applicants for enrollment in the Citizens' Military Training Camps are required to have a preliminary physical examination before their applications will be accepted. They must also be inoculated against typhoid and para-typhoid fever and vaccinated against smallpox. While in the camps the greatest care will be given to the health of these young men. In fact health is a paramount consideration.

The government pays the transportation of all accepted applicants both to and from the camps. It is preferred that the men pay their own fares and then be reimbursed, or if it is not convenient for them to do this, they may be given a government transportation request. This should be presented to their local ticket agent, who in turn will issue them railroad tickets.

All uniforms are furnished free but the applicant is required to bring one suitcase or grip containing four suits of thin underwear, two suits of pajamas, six handkerchiefs, four face towels; toilet and shaving outfit.

War department officials do not say that these Citizen's Military Training Camps are vacations, but they do feel that a month of this mixture of work and play is a tremendous help in the building up of a boy, both morally and physically. The course in citizenship, it is believed, will promote a better understanding of the rights and privileges and duties of a citizen and consequently will develop patriotism. The training in the camps also will give the individual a greater respect for proper authority. This one thing in itself would appear almost to justify the camps, since the younger generation is loath to take cognizance of any authority.

Athletics form a large part of the schedule at these camps. Every man will be taught to take some part in them. The coaches are all experts from West Point, Annapolis and large colleges. Medals, cups and pennants will be awarded to winners in such sports as boxing, tennis, handball, volley ball, baseball, track and field events, and the like. Some colleges are offering scholarships to be competed for by students attending the training camps.

No Military Punishments.

While these are military camps, conducted by military officers, there are no military punishments given. That is, there are no courts-martial and no guardhouses. The men are civilians and are so regarded at all times.

The discipline is firm and impartial and the honor system is largely depended upon. For a first offense a boy is warned or reprimanded. If he repeats the offense he may be deprived of personal privileges, such as leaving barracks for a stated length of time. If, however, he shows himself to be incorrigible, he has his uniform taken from him, is given back his own clothes, a ticket home and expelled from the camp.

A boy having this record is barred from attending another of the camps. The officers in charge say that such instances are very rare. For the most part extreme measures are unnecessary.

During the four summers in which these training camps have been held the attendance has been 90,624. It is estimated that this summer at the 43 camps where these courses will be given the attendance will be approximately 35,000. The War department has received thousands of letters from parents voicing their satisfaction with the improvement in their sons which has resulted from their attendance at the camps.

More and more the benefit to be derived from this work is being realized, and a great many commercial organizations are now encouraging their employees to attend the camps. They have been endorsed by practically every Federal and state official who has visited them, and patriotic and civic organizations are actually becoming recruiting agencies.

Secretary of War Weeks in a letter to the commander of a large veterans' organization makes the following statement:

"The great development of the Citizens' Military Training Camps has been their citizenship value. This is more important even than the military, for the self-preparation of a man to defend his country is only part of an even larger and broader citizenship duty which embraces service to country as a normal, not an abnormal state; in peace as well as in war; in the office, in the shop, and on the farm as well as on the battlefield; for the office, in the shop, and on the farm as well as on the battlefield; for life rather than for two or three or four years—critical, vital, an decisive as such emergency years may be."

Advocates of the training camps insist that the camps have as great value for peace vocations as they have in the way of preparedness for war.

Bulgarian National Assembly Votes to Expel Communists

SOFIA, April — The Bulgarian National Assembly has voted to expel the six Communist deputies from that body.

Those expelled pleaded that they had nothing in common with the Moscow Soviet. Opposition leaders argued that the measure was too drastic for the "miserable wretches" who had signed the secret declaration which the Third International exacts from its Balkan members.

The declaration, General Russeff declared, reads as follows:

"I, the undersigned member of the communistic organization, declare my agreement with the program dictated by the Third International and fully believe that the proletarian dictatorship is only possible after a victorious revolution against bourgeois governments. I swear that I am a loyal revolutionary. I am ready to offer my own life as a sacrifice for the realization of the proletarian triumphs."

CLOSE INITIAL COURT SEASON WITH BANQUET

Final Ceremonies to be Held in First Christian Church.

British Open Title Defense Tightens Up

American Contenders Will Face Most Determined Opposition in the History of th eEvent.

By Davis J. Walsh.

NEW YORK, April 16.—Politely pained by the fact that those Bally Americans have won three championships and finished second in another in th last four years, British golfers are preparing to present the most determined defense of their open title in the modern history of the event. A hallowed institution, up to and including 1920 and not to be trifled with by outsiders, the British have been first, Jock Hutchinson and then Walter Hagen violate their sacred traditions, and make merry around the rim of their championship trophy. They accounted for the Hutchinson victory by pointing out that Jock was a reformed Scotchman anyway. Hagen, however, has had them stopped with Palate in mid-air. He is about as British as the postmaster at Council Bluffs, Iowa.

Hagen is going back for another whirl at the cup. So is MacDonald Smith, who was six or seven strokes under par for 72 holes in winning the North and South open some years ago. They will be the big guns of the invasion, but Great Britain, for the first time since the war, is ready.

British golf is coming back to the eminence it knew before the late unpleasantness in Europe disrupted its sports organizations and made a jest of its athletic man power. This was proved at the recent tournament at Roehampton.

On the occasion in question, Abe Mitchell, who has the golf to beat any man in the world, turned in a pair of 67's; Arthur Havers had one 66 and Aubrey Boomer and James Ockenden replied with 68's.

The pace was so fast, in fact, that men like Ted Ray, American open champion in 1920; J. H. Taylor and Sandy Herd failed to qualify at all. They played good golf in the middle seventies, but younger men rose from comparative obscurity to displace the veterans.

There was, for example, A. Compson, of North Manchester, with a pair of 70's. He is a new one to international rating. So are P. Allis R. G. Wilson, M. J. Bingham, C. Johns, W. Robertson, High Roberts, F. Holden and W. L. Ritchie, all of whom were well under 150 for 36 holes.

This meant only one of two things: Either Roe Hampton is not a championship course which there is no reason to believe, or the American that wins the 1925 British title will play the golf of his career.

Zbyszko Regains Mat Championship

Wins Title From Wayne "Big" Munn in Two Straight Falls in Philadelphia Arena.

PHILADELPHIA, April 16.—Stanislaus Zbyszko, at the age of 55, is again heavyweight wrestling champion of the world today.

The Pole won the world's title last night from Wayne "Big" Munn of Nebraska in less than 14 minutes.

The bout took place at the Arena auditorium here before 8,000 persons, one of the greatest crowds that ever witnessed an indoor sporting event in Philadelphia. Zbyszko won the championship in two straight falls.

The Pole apparently was as active as he was five years ago when he won the championship from "Strangler" Lewis who then took it away again later.

The first fall, which came in eight minutes and 11 seconds, was the result of a forearm hold followed by the deadly headlock. The second fall was a foregone conclusion, according to the way the audience cheered for Zbyszko. And he didn't disappoint the onlookers. Beginning with a forearm hold, Zbyszko got Munn into a head lock — and the world's heavyweight championship changed hands. The second bout lasted just four minutes and 53 seconds.

Zbyszko, according to those who saw him last night, had complete mastery over his 265-pound opponent at almost every stage of the match. Munn, wrestling fans said, had nothing but brute strength and his opponent seemed to know every angle of the game.

Munn's representatives, it was reported, declared that the Nebraska giant was ill last night when he entered the ring.

BASEBALL MEET FRIDAY NIGHT

Plans for the organization of an independent baseball club will be discussed at a meeting to be held on Friday evening at 7 o'clock in the Ford Motor company building, West Fifth street.

The squad will be open to baseball players of the city, as well as members of the Ford organization here. Prospective applicants for berths have been asked to attend.

SPORTSMEN TO PLAN OUTING

Meet in Lisbon May 4 to Arrange Field Day Events.

The field day committee of the Columbiana County Fish and Game Protective association will meet in common pleas court No. 2 the evening of May 4th for the purpose of arranging final details for the annual field meet of this organization.

It is proposed to have the field meet at Guilford this year, and for the purpose of celebrating the signing of the Emmons louse measure which provides for the establishing of a state park in Hanover township.

The bill authorizing the state park will not become a law until 90 days after the time it was signed by Gov. Vic Donahey.

Last Night's Fights

At Dayton, Ohio.—Frankie Bob, Dayton, scored technical knockout over Bert Palmer, Toledo, third round of scheduled 12 round bout.

Shifty Dando, Portsmouth, awarded technical knockout over Frank Etellmack, Cleveland, in the tenth of a scheduled 12 round.

Gene Delmont, Cleveland, trimmed Vic Ross, Cincinnati, 8 rounds.

"We find the system of pew rents is dying," says a church assembly committee's report, which adds that of nearly 6,000,000 sittings in Great Britain only 261 633, which is about 4 per cent, have been rented.

TWO CONTESTS FOR LAUGHLIN

Practice Tilts Arranged For Bricelin's Squad.

Plans for two practice tilts during the month, in which Newell Laughlin players will get their first taste of real baseball this season, were announced today by officials of the organization.

On Saturday afternoon employes of Laughlin No. 5 will line up against the No. 6 tossers. Sol McCoy will direct the No. 5 team and Digman will chaperon No. 6. The clash will start at 2 o'clock.

A boosters' day contest for Saturday, April 25, with an opponent not definitely determined upon, is also being arranged for the Laughlins.

Practice sessions for candidates will be resumed tonight, after a short idleness caused by unfavorable weather.

Manager Barney Bricelin asserts he is getting a good idea of the probable personnel of the club and expects to begin real drill work shortly.

Cardinals Bow Again To Cincinnati, 4 to 2

CINCINNATI, April 16.—Cincinnati made it two straight from St. Louis by winning the second game of the season, 4 to 2.

Loque pitched brilliantly except in the fourth, when an error by Breseler and three singles gave the visitors two runs. Sothoron retired after two rounds, Day holding the locals to four hits and no runs for the balance of the game.

Hornsby got his first hit of the season, a line single to right, in the fourth inning, and followed with a triple in the sixth.

Fist Fight Enlivens Dodger-Philly Clash

BROOKLYN, April 16.—A fist fight between Jacques Fournier, the Dodgers' hard hitting first baseman, and Coach Benny Myers of the Phillies marred Brooklyn's 6 to 4 victory over Philadelphia yesterday.

Fournier said after the game that Myers had insulted Pitcher Dazzy Vance in Tuesday's contest and yesterday turned the verbal attack upon him. Several blows were struck before the men could be separated by umpires and players.

Jimmy Johnston, who took Fournier's place after the first baseman and Myers had been banished from the park, contributed a double in the eighth that cleared the bases and settled the issue.

GIANTS LAUGH AT INJURIES

McGraw Conceded Most Versatile Team in Baseball.

NEW YORK, April 16.—That John J. McGraw, the well-known manager, has assembled what is probably the strongest Giant team in history, and easily the most versatile of baseball's modern generation, is a fact that is recognized by all baseball men of unprejudiced viewpoint. The present Giants, outside of the usual uncertainty in pitching, seem to be about foolproof.

Some days ago, for example, Frank Frisch, one of the greatest infielders of the age, twisted a careless ankle and was forced out of the lineup. The injury would have stopped the ordinary ball club in its tracks, but McGraw had that gifted young man, Fred Lindstrom, for the emergency and, according to first-hand observers, Frisch wasn't even missed. Lindstrom happens to be just so good that he could substitute for any man without reducing the general effectiveness of a ball club.

Some days later Lindstrom himself was injured and McGraw countered by bringing Ross Young in from right field to play second base, which he can do in a thoroughly acceptable manner, having been an infielder in his salad days. Meusel was played in right field until he kicked himself out of the pastime, whereupon Kelly, who has been playing first base as only Kelly can play it, was moved over to second and Young went back to right field. Terry, a first-class ball player, then came into the lineup at first base and the Giants' defense suffered little, if at all.

What ball club can lose two star infielders and one first-class outfielder and still muster its usual fighting front? None but the New York Giants.

They could even laugh off the loss of an additional first string outfielder, for of those they have a great plenty; so many, in fact, that it wouldn't be surprising if McGraw finally capitulated and let Meusel go to Cincinnati for a pitcher. The Californian, one of theh itting stars of the game two years ago and still as good as ever he was, is in the peculiar position of being a fine ball player, yet is either destined to sit on the bench or be sent elsewhere. That's how good the Giants are.

DEMPSEY PLANS TRIP TO EUROPE

LOS ANGELES, Cal., April 16.—Any prospect that Jack Dempsey will defend his title this summer was thoroughly dissipated today when the heavyweight champion announced he was leaving Friday for Europe. Passports for the trip were received here this morning.

Accompanied by Mrs. Dempsey, formerly Estelle Taylor, the film actress, Dempsey will arrive in New York next week and spend several weeks there making final scenes in his new motion picture before sailing for England and France.

Jack Kearns, Dempsey's manager, admitted he had opposed Dempsey's departure for the continent.

"Dempsey might make a million dollars in a bout this summer, but I don't know if this bird wants to fight any more," Kearns declared.

O'Brien Still In Running.

NEW YORK, April 16.—Tommy O'Brien, Milwaukee boxer, today remained a candidate in good standing for the New York State Athletic commission's lightweight championship, as a result of getting the decision over Pal Moran, of New Orleans, in a 12-round bout last night. Moran is not an entry in the tourney but a victon over O'Brien would have caused the latter's elimination.

The bout was slow, O'Brien being handicapped by a recently mended right hand, which was broken in scoring a knockout over George Caney some time ago. The injured member was examined after last night's bout by Dr. W. G. Fralick, who declared that O'Brien can not fight again for at least two months.

Hit 'Im, Cowboy, Use Your Right!

Richard Shelton, six feet, five inches tall, weight 211 pounds, and the quintessence of speed and agility when it comes to bull-dogging steers, is now out to grab Jack Dempsey's heavyweight title. He hails from Texas.

A bid for the national amateur golf tournament this year has just been made by the Inverness Country club, Toledo, Ohio. The last time the event was staged over that course Ted Ray of England carried off the championship and trophy that went with it.

There's an agitation afoot in England to legalize boxing in that country. The game has continued there for many years merely on a "toleration" basis. Police warn the promoters before the bouts that they will be held liable in every way for mishaps in the ring or audience. The boxers are given to undestand that they too are liable for any misfortune that may occur. The bouts are closely supervised from a police standpoint.

The agitation is being carried on with a view not only toward legalizing the sport but putting it under more uniform regulation.

English boxing fans have been hard up for real boxing for many years. Lack of good material has hurt the game. The method in which shows were conducted has not helped it.

Championship affairs have been run off at losses to the promoters. This has been especially true in the last few years, the promoters being urged on in their gambles by the big money offered for bouts and made by promoters in the U. S.

Let us hope that if the game is legalized there drastic measures be taken to keep out the evils and abuses which throttle it here.

Some of these evils are:

Privileges granted unscrupulous promoters and denied less influencial men who know more about the game and would give the public a squarer deal.

Exorbitant prices offered to second-rate boxers with the idea of "boosting" the fight enough to make that figure good.

Lack of cooperation of boxing officials throughout the country in eliminating shady fighters, managers and promoters from the game.

Proneness of many authorities to run the boxing game for personal aggrandizement rather than for the good of the sport.

Suzanne Lenglen, French tennis wizard, is quoted as saying that there is little chance of her and Helen Wills, America's champ, meeting next summer. Mlle. Lenglen points out that she considers a trip to the United States "unnecessary." However, Miss Helen is planning on invading Europe again, so they may meet.

While much has been said regarding alleged terse remarks exchanged between Miss Wills and Mlle. Lenglen at long range there is no reason to believe either holds any bad feeling for the other. It is also logical that constant efforts to stir up ill feeling between them must get on the nerves of both young ladies.

It will be unfortunate if they do not meet.

Promoters are meeting with difficulties in arranging the featherweight championship battle between the veteran Johnny Dundee and Louis Kaplan, official title holder. Kaplin wants a purse a huge outdoor crowd would draw although the fight's inside. And Dundee insists on being allowed to take his cane into the ring.

Pirates' Timely Hits Send Cubs to Defeat

CHICAGO, April 16.—Pittsburgh hit Chicago's pitchers opportunely behind bases on balls, and defeated the locals 8 to 4.

Consecutive homers by Ens and Wright were features. Meadows held the Cubs to one hit until the seventh when he weakened.

TRAP SHOOTERS CLUB FORMED

County-wide Organization to Hold Weekly Meets.

The Columbiana County Trap Shooters association has been formeed with a roster of 20 charter members, and the first shoot will be held on Lisbon grounds Friday afternoon. It is proposed to hold contests weekly on these grounds.

Officers of the association are: President, Dr. F. F. Davis, East Liverpool; secretary-treasurer, J. C. Calhoun, Wellsville; field captain James Gilmore, Lisbon.

The association will be closely identified with the County Fish and Game Protective association.

Plans have been suggested for a rifle contest during the summer to which trap shooters from adjoining countries will be asked to take part.

Cobb Sends Seventeen Players Against Sox

DETROIT, April 16.—Chicago won the second game of the series from Detroit, 9 to 6, seventeen Detroit players making the attempt to stop Tom Collins' youngsters. Six were Detroit pitchers. Whitehill lasting only until the fourth, when the White Sox did most of their scoring.

Sheely again led the visitors' offensive, his three bagger in the second starting Chicago's offensive.

Nats Drive Jones Off Mound and Beat Yanks

NEW YORK, April 16.—Tom Zachary pitched the world's champion Washington club to a 5 to 2 victory over the New York Yankees yesterday in a game which was called on account of darkness at the end of the sixth. A heavy rain storm delayed the start for half an hour.

Sam Jones was driven from the box on the second, when the Nats tallied five runs.

Pipe used in connecting the oil fields of Barrabca Bermeja, Colombia, with Cartagena bay, will weigh nearly 80,000 tons.

GETTING UP NIGHTS
Tells you there is danger ahead. A healthy bladder does not act at night.
J. H. Dorton, W. Graham, Va., says: "I had to get up seven or eight times at night for forty years. I thought it was my age. After taking Lithiated Buchu a short time, I am alright." Lithiated Buchu cleanses the bladder as Epsom Salts do the bowels, thereby relieving irritation, driving out foreign matter and neutralizing excessive acids. These are the causes of unnatural action of the bladder at night. Lithiated Buchu (Keller Formula) is not a cheap medicine. The tablets cost 2 cents each. Sold at all leading drug stores or Keller Laboratory, Mechanicsburg, Ohio. Locally at J. D. Holloway's. adv.

Bass Plentiful Here.

ELYRIA, April — Bass are biting south of the railroad bridges at Vermilion, according to Gene Beardsley, who returned with a string of 10 two-pound bass after three hours' fishing. He used minnows. Beardsley said, "Everyone was catching good strings."
